REPRESENTATIVE DOUGHTON TO RETAIN HIS SEAT

The contest of Dr. Ike Campbell to oust Representative Robert L. Doughton and thus become himself remesentative for the 8th Congressional district was practically thrown out of to the Directors' meeting of the Tocourt last week when the election com- bocco Growers' Cooperative Associahad failed signally to substantiate his bers of the executive committee of the claims. With only one exception, both Board from North Carolina at all, and who desired more time to Kentucky has been a complete success study the case.

The committee resolution whe prethat Robert L. Doughton is duly elected to the seat an dis entitled hereto. Former Congressman Clyde Hoey was attorney for Mr. Doughton before the with the proceeds from tobacco. committee, and Dr. Campbell was represented by former Representative North Carolina, of the J. J. Britt.

that there had been many irregularities in voting that there had been inand election laws had been manipulated in favor of the Democratic candidate. Of course, all these charges were successfully refuted.

"Keep the weeds out!"

Weeds absorb the life of the soil FORD ON PRICES They grow fast, and if allowed to get a start are hard to fight with any degree of success.

> Every cottage owner or occupant takes pride in his garden until he sees that it "has been taken by the weeds." Then he loses interest and feels that it is not worth while.

> The best time to get the weeds and to keep them out of the garden is to

Yield and quality decide profit

SOME people only take the extra yield from the use of fertilizer into consideration when figuring profit.

However, thousands of southern farmers know that the big profit they make from better quality crops is due to the use of Swift's Red Steer Fertilizers.

Certainly it is important to consider every factor possible this year. Use fertilizer liberally to grow the greatest possible acre yields—big yields of high grade cotton which bring the top prices.

Yield and quality decide your profit-yield-how much you have to sell; quality the price you get.

Swift's Red Steer Fertilizers give you a better stand, increase the yield, improve the quality and enable you to make the most profit.

Place your order today with the local Swift dealer or write us direct.
