★ III FIFTH AVE. NEW YORK CITY

Fourth Offer for Muscle Shoals.

Chas. L. Parsons, a chemical engineer of Washington, and a former adviser to the government on nitrogen production in time of war, has proposed use of nitrogen plant No. 1 at Muscle Shoals to establish an important and profitable industry for the fixation of nitrogen.

Secretary Weeks transmitted the proposal to Congress without comment and it was referred to the house military committee for examination in connection with three other private offers for various units of the Muscle Shoals properties.

It has been agreed by the military and agriculture committee members that actual development of the Muscle Shoals properties should be started at the earliest possible date.

The house favors a decision on the proposal be made during the present session of Congress, while the senate favors making an appropriation for construction work to begin in July and holding the offers for consideration in December.

SHAD FOR EASTER

In addition to our regular line of meats we will have Shad and other fish for Easter. Place your orders now and we will order accordingly.

Easter Inspiration

Awake new Hope at
Easter tide!
Carol ye birds! Fresh
flowers spring!
Let child-voicings
swell the praise—
Life's "Eventide" its
anthems raise.
Hope's promise looks
to endless days;—
At Easter tide awake
and sing.

GROWING LILIES FROM SEEDS

Federal Department of Agriculture
Tells of Results of Experiments
It Has Been Making.

In growing Easter lilies from seeds the time of planting depends upon how the florist intends to handle his stocks and possibly upon which his seed becomes available, says the Bureau of Plant Industry, United States Department of Agriculture, in discussing the results of experiments with growing the flowers from seed instead of from bulbs. Sowing they say, can be done

Type of Perfect Lily.

at any season if suitable moisture conditions for germination are maintained. In northern climates, if seed is planted out of doors, it should be sown in the autumn for spring germination. Until the trade produces seed of the lily and offers it for sale, it is pointed out, it will be necessary for the grower to raise his own seed. The best way to do this now is to procure imported bulbs either in the early winter, when they are generally offered for sale, or at Easter time, when most of the plants are in blossom, and grow seed for planting the following January.

EASTER MORNING

Just in early investigation. Evidently the Easter rabbit had been "on the job" early, greatly to the satisfaction of this small boy.

Mexico's Holy Week.

Mexico has her holy week, celebrated with pomp and splendor, and devotions and odd customs that still linger in the land of Montezuma. The people go from all points of the compass far and near, on their annual pilgrimage to Guadalupe, the holiest shrine of all Mexico, where they congregate in immense crowds. There the descendants of a nation sunk in paganism for centuries after the Crucifixion meet to celebrate the divine tragedy that was enacted in Syria 1900 years ago.

The most solemn week of all the weeks of the year is Passion week in Mexico City. Images, icons and crucifixes are to be found everywhere. The most remarkable of the ceremonies is the blowing up of Judas. The betrayer is represented as a misshapen monster. Hundreds of his images are sold on Good Friday. They are filled with explosives which blow the doomed figures to atoms when let off on Saturday morning.

Spiritual Influence of Calvary.

Let the world on this Easter, with all its materialism and all its blood-stains, be compared with the world of the first Easter, and it must be recognized that from Calvary radiated spiritual influences whose very incompleteness is the guarantee of their more potent influence of what humankind will

TWO PUNY BOYS SCARED THEIR AUNT

MOTHERS CAN LEARN A USEFUL LESSON FROM MRS. BOWERS' ACTION

Dr. John D. Bear & Bro., Elkton, Va. Gentlemen:—

During the months of September and October, two of my little nephews, John and Ed Burke, were with me and they were so puny and run-down that I decided to give them a treatment of Bear's Emulsion which had been recommended to me by my druggist. As soon as they begin to take it they started to improve both in appetite and flesh, and after taking two bottles they were so much improved you would hardly recognize them as the same children.

Bear's Emulsion is the best thing I have ever seen for puny children and a run down system. I would not think of doing without it where there are children, I think it is the finest medicine in the world.

Very truly yours,
Mrs. E. G. BOWERS.

Shenandoah, Va.

Bear's Emulsion builds up run-down systems in old or young and is an unequalled remedy for coughs and colds. Sold and recommended by leading druggists.

Pleasant Garden News.

The health of this community is much improved.

Mrs. Jim Burgess spent Saturday in Greensboro.

Rev. W. A. Barber, pastor of Grace church, Glenwood, preached a very able sermon at the M. E. church here Sunday afternoon.

Miss Annie Ross, of Greensboro, visited relatives and attended church here Sunday.

We are sorry to note that Mrs. E. R. Tucker is sick.

Mr. and Mrs. J. C. Ross, of Greensboro, visited relatives here Sunday.

Mr. Hern has moved his family into the house vacated by Mr. Hicks.

The school at this place will close May 2.

"I Never Knew You Could Keep Rats Out of a Butcher Shop."

What Ralph Watkins says: "Figured rats around store had enough to feed on; wouldn't touch anything suspicious. Heard about RAT-SNAP, gave it a trial. Results were wonderful. Cleaned all rats out in ten days. Dogs about store night and day never touch RAT-SNAP." Three sizes, 30c, 65c, \$1.25. Sold and guaranteed by Cox-Lewis Hardware Company.

News From Trinity.

Mr. Brooks, of the high school faculty, who has been suffering with the flu, is very much better, and is at school now.

Mrs. Emma Welborn, who has been living on North Main street for several years, has moved to High Point, and will live on Willowbrook street.

Rev. Mr. Lanier, of High Point, filled his regular appointment here Sunday evening.

Harvey Craven, of Ridgecrest, was in town last week the guest of relatives.

Ernest Welborn, of South Trinity, who has been ill for quite awhile, is getting out some now.

We are pleased to learn that Tom English, son of the late Prof. N. C. English, of Trinity, has received two prizes for oratory at Guilford College.

If you suffer from biliousness, constipation, headache, nervousness, slow complexion, loss of appetite, bad taste in mouth, Taniae and Taniae Vegetable Pills will certainly straighten you out. For sale by Standard Drug Company.

RANDOLPH COUNTY BOY WINS HONORS AT GUILFORD

The ninth annual peace oratorical contest which was held at Guilford College last Saturday evening was won by a Randolph county boy, Thomas R. English, of Trinity. Mr. English will represent his college in the intercollegiate peace contest to be held at Burlington in the near future. Mr. English has won many honors this year in the college having won the Websterian literary society oratorical contest in the fall. He is the son of the late Nereus C. English, of Trinity, who was well known throughout this section of the state as a prominent and capable school man and promoter of education.

COTTON BURNED AT MAXTON

The gin plant of the Maxton Gin Company and also nearly a hundred bales of long staple cotton caught fire and burned April 6. It is estimated that the greater portion of the loss is covered by insurance.

RESULTS TELL

There Can Be No Doubt About the Results in Asheboro

Results tell the tale. All doubt is removed. The testimony of an Asheboro citizen.

Can be easily investigated. What better proof can be had? G. T. Macon, Cox Street, Asheboro, says: "My kidneys were all out of fix. They acted too often at times and then again not often enough. I suffered a great deal from backache and couldn't sleep on this account. When I first got up in the morning my back was so lame I could scarcely bend. I had frequent dizzy spells also. I used Dean's Kidney Pills, getting them from the Standard Drug Company and they were just what I needed. I was soon feeling better. The backaches left and my kidneys were regulated."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the name that's on the wrapper. Write for catalog now.

DURHAM WINE IN HIGH SCHOOL DEBATING CONTEST

The most gratifying success has attended the tenth annual contest of the high school debating union. The University has entertained some 700 high school visitors, including students, teachers and parents, and keener interest has been manifested than ever before. This year the number of girls taking part in the debate was larger than ever, a total of 128 winning the right to visit Chapel Hill. There were a total of 280 debaters in all.

Durham contested with Burlington in the final debate, which took place at the University on April 7. The former city was represented by Linwood Hollowell and Freeman Twaddell, and the latter by Miss Catherine Martin and Giles Nicholson. Memorial hall was crowded to capacity to listen to the speakers that won out from the 1,000 originally entered. The subject was the league of nations, the affirmative being defended by Burlington. On both sides the speakers had thoroughly familiarized themselves with the subject, and both in argument and manner of delivery acquitted themselves most creditably, making a profound impression upon the large audience. The decision was given to Durham, but by a narrow margin. This places the Aycock memorial cup in the permanent possession of the Durham school, it having won two years in succession, the first time this has been accomplished.

After the debate had been concluded, President Chase presented to each of the four speakers in the finals a gold medal.

The entire number of high schools that had teams representing them in the beginning of the elimination series at the University were as follows: Albemarle, Ayden, Bessemer, Bessemer City, Burlington, Cary, Chowan, Dover, Durham, East Spencer, Elizabeth City, Franklinton, Friendship, Gibsonville, Glendale, Granite Falls, Hamlet, Kings Mountain, Kinston, Laurinburg, Lewisville, Newton Grove, Norlina, Old Fort, Pleasant Garden Poplar Branch, Randle, Roper, St. Pauls, Sanford, Scotts, Selma, Seven Springs, Stem, Swannanoa, Teachey's, Troy, Vanceboro, Warrenton, Washington, Collegiate Institute, Waynesville, West Buncombe, Williamston, Yancey Collegiate Institute.

Wealthy Widow Would Wed Again

"Now that my stomach trouble has all disappeared since taking a course of Mayr's Wonderful Remedy I would even consider getting married again. I cannot tell you how terribly I suffered before taking this great remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and away the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Standard Drug Company and druggists everywhere.

GEORGE B. CRAVEN TO ENTER BOND BUSINESS

Mr. George Craven has recently associated himself with his brother, Bruce, in the general municipal bond business with headquarters at Trinity. As editor of the Lancaster News, Mr. Craven has lived for the past five years in South Carolina. Previously he was connected with the Greensboro Daily News and other papers in North Carolina and Virginia. He has been also during much of his time representative of an important Chicago company dealing in municipal bonds, especially North Carolina issues. It is reported that his business in the future will be confined to the states of North Carolina, South Carolina, and Virginia. The Courier wishes this Randolph citizen, who is a grandson of probably the greatest man the state has produced, the highest measure of success.

Light Mystery to be Solved.

An expert in the government geological survey has for several nights been making observations to determine the cause of the Brown Mountain lights. Last Wednesday he went to Lovens' hotel on Jonas ridge, where he made observations, and on the following night made observations on Ginger Cake mountain which gave him a different angle on Brown Mountain. Observations were made later from Blowing Rock. The expert, Mr. Mansfield, refused to make any statement for publication, but said he had seen what was called the Brown Mountain light and that the displays were good ones. A full report in explanation of the mystery will be made when the investigations are completed. The result will be awaited with interest by those who have been puzzled by the light.

DOUGHTON RETAINS HIS SEAT AS MEMBER OF HOUSE

The majority report in the Doughton-Campbell election contest was filed in the house last Friday by Chairman Luce. The report upholding Mr. Doughton's title to his seat in the house, is supported by eight members of election committee No. 2, and only Representative Cable, Republican, Ohio, opposed Mr. Doughton. Little doubt exists that the house will vote overwhelmingly in favor of Mr. Doughton and against Mr. Campbell. Charges of fraud or illegality in any way in connection with the election of Doughton were abundantly disproved.

Congressman Brinson in Hospital.

Congressman Brinson is a sufferer in a New Bern hospital from jaundice, having been the victim of a similar attack about a year ago, when he was treated in a hospital in Baltimore. The latest reports indicate that his condition is unchanged.

Because of continued ill health, Brinson's name was dropped from the list of candidates for the next session of Congress.

GOVERNMENT INSURANCE

The district manager of the Fifth District, of which the state of North Carolina forms a part, has issued instructions that for one week commencing April 10 and ending April 17, every effort will be made to acquaint the ex-service man with his rights in regard to re-insuring his War Risk insurance or converting his War Risk insurance into some permanent form of government insurance.

To carry out this order the sub-district manager, Mr. J. P. Watters, of the Charlotte sub district has issued instructions to all employees of the Charlotte office that they are to give their best efforts during the above week to this purpose.

Every welfare organization that is interested in the service man is asked to give their assistance in this good work. The various boards of trade and chambers of commerce are especially asked to give their help. The merchants advertising in this district will be asked to put something into their regular advertisements calling attention to this work of the veterans bureau, which is so much to the advantage of the service man and to the community in which he lives.

Large numbers of the veterans have dropped their insurance principally for the reason that they were not in a financial position to keep it up when they were discharged from the service. They now have the opportunity to renew it; but many of them are ignorant of the fact that it can be renewed, and will doubtless take advantage of the opportunity or taking it up when this is brought to their notice, as it will be during the week set apart for the purpose.

Government insurance is the best and cheapest insurance in the world. The beneficiary gets his money entirely free from taxation of any kind. Any debts that may be owing by the party leaving the insurance cannot be taxed against it. It is absolutely a net cash estate for the service man's beneficiaries. There is no other estate that can be left as absolutely free as this.

It is a matter for the serious consideration of all dependents of the service man. They should advise him to take advantage of this excellent offer of the government for the benefit of those that he will leave behind him when he himself "goes west."

"Twenty Years" of Harding.

(From The Wildwood Sun-Tribune.)

It seems as though I have been President for 20 years.—President Harding in a speech at the National Press Club.

Not only to you, Mr. President, but to others, does your service of one year seem like two decades. To the following citizens it seems all of 20 years—or longer.

The 4,000,000 who are tramping the streets under your administration looking for jobs.

The farmers who are burning their corn and who cannot sell their products at a profit because their foreign markets have been destroyed by your party's policies.

The business men who have been waiting in vain for a revival of business, which you and your party promised, while business conditions have steadily grown worse.

The legitimate capitalists who would invest in industrial enterprises, instead of tax-exempt securities, if industry had been revived as promised by you and your party.

The owners of factories whose plants are closed or running on reduced time by reason of the failure of you and your party to redeem your election pledges.

The average taxpayer to whom you promised a reduction of taxes, which they are still looking for.

The ex-service men who have watched you play hide and seek with the bonus and who have been discriminated against in appointments to post-masterships.

The producers and shippers who have waited in vain for a reduction of freight rates.

The genuine friends of the civil service who have witnessed your mockery and contempt for civil service principles.

The man whose emblem was once the "full dinner pail," but is now the empty pocket.

The man who voted for a change—and got it.

Yes, Mr. President, it seems like 20 years—all of 20 years.

RECOMMENDS SOLICITORS BE PAID ANNUAL SALARY

The committee appointed to investigate the financial affairs of the county government, submitted its report in the Guilford county courthouse at a mass meeting of taxpayers last week. J. W. King, chairman of the board, stated that the amount in fees payable to the district solicitor could easily reach the exorbitant sum of \$10,000 in a little less than four months. In 1921 Guilford county alone paid the solicitor \$5,525 in fees. Under the new act the solicitor's fees were increased, in some instances almost doubled.

The committee recommends that solicitors be placed on an annual salary basis and the present fee system abolished as a measure of economy.

YOUNG MARRIED WOMAN SUICIDE AT CHARLOTTE

Mrs. Louise Greenwall, formerly of Wilmington, but recently of Charlotte, committed suicide one day last week by drinking a bottle containing three ounces of lye.

"She was jealous of her lover," was the remark attending physicians heard on entering the house. Her husband is said to be serving a sentence for white slavery at Winston-Salem. She has two young children and was 23 years old.

Cards of Thanks

We wish to thank the people for their kindness during the sickness of our family and the death of our father.

MRS. N. E. FARLOW
