

A GREAT COMMERCIAL NEED OF RAMSEUR

Some of you may recall a letter I wrote for The Courier some time ago calling attention to the need of better facilities in way of hotels, boarding houses and market. I haven't heard or seen any response to that appeal and probably I should be convinced by that indifference that my suggestions are not noticed and that I should save my time and the paper's valuable space, but I am taking a shot at one more suggestion.

That my first appeal may be realized and other building projects in our town and community be encouraged I believe that one of our greatest present needs in this year of 1922 and henceforth, is a building and loan association.

I don't know much about it but I have had my eyes open part of the time for the past few years and a very noticeable thing about many of the little towns of our state is that where a good strong building and loan association is on the scene the town is growing. Look at our neighboring towns and see how they are outstripping us in growth. A few years ago I thought our county seat should be located here instead of its present site but the past five years have shown our county seat growing beyond any one's expectations, and largely due to a good building and loan association.

Our manufacturers have done well in adding to their housing facilities and this should be appreciated by every citizen but they will agree with me in this one thing: Their employees who are already good citizens will become much better citizens when they own their own homes and are more vitally interested in the growth of their town and the public welfare of the place will be a vital subject in their minds and will find its proper place in their efforts. Now we are all selfish enough to want our own business to increase, and I am frank enough to say that I want to see our town grow from this standpoint, but I am sure this is not the greatest reason I want it to grow. I want to live in a town that believes in growing and doing big things.

We Ramseyer people have this spirit to some extent, but not to the extent we need to have it. We are a restless people but we are satisfied with some conditions that we ought to be restless about.

We should all want to own our own homes and build them to suit our needs. This is possible for more everybody if we had the proper agency to promote it. If we all had homes of our own that we had built according to our own plans and with our own money we would be a better satisfied and a more loyal people. We would be prouder of our town and more ready to defend it from any abuse and be more ready to help to

Praise For Bear's Emulsion

CURED HER COLD, RESTORED HER APPETITE AND BUILT UP HER RUN-DOWN SYSTEM

Dr. John D. Bear, Elkton, Virginia, Dear Sir:

I had been complaining of a cough every winter for four or five years, during which time I lost flesh, had no appetite, felt very weak and run-down. I heard that Mrs. Robert Early praised your Emulsion so for run-down systems and coughs, so I went over to see her one day and after she had explained to me how it had benefited her I bought a bottle and began to improve after the first couple days. On buying the second bottle I decided to weigh before taking it. I found to my great pleasure that I had gained eight pounds while taking the second bottle. I can recommend it to any one wishing something for a cough and a good tonic.

Yours very truly, MRS. J. W. SIMMONS. Bear's Emulsion tones up the stomach, builds up the system, gives appetite, and gives strength to the body. We ask every run-down, nervous, aged, weak or any one suffering with weak lungs, to try a bottle of Bear's Emulsion. Sold by leading druggists.

The Dispatch in one of its issues last week carried notices of the death of three of the oldest women of Davidson county, whose combined ages total 274 years. These were Mrs. Emeline Stokes, 103; Mrs. Elizabeth Lanning, about 90, and Mrs. Frances Beckerdite, more than 81.

build it up in every respect. It is but natural for any one to be more interested in a thing in which he has something invested; so it will be when we own property in Ramseyer. We will then begin to progress along the line of water works, better streets, better lighting system and the many other improvements that go along with a growing town.

As I have said before, we have the best town in the State in many respects but it will be still better and bigger when we get a Building and Loan Association started and build about a hundred and fifty individual homes all over these hills and one of the first to subscribe a little mite to a good strong association is, your humble servant.

LEXINGTON SUSTAINS LOSS BY FIRE OF OVER \$20,000

Lexington was hard hit by fire last week when her school building burned Tuesday night, then on Thursday about three o'clock in the morning, fire was discovered in the business section of the town. The Lexington Tire Repair Company and a brick building belonging to T. J. Grimes on court square was destroyed by fire.

David Anger and Joseph Sink, proprietors of the fire company, barely escaped with their lives by jumping from a second story window of the room in which they were sleeping, when awakened by the flames below, which were breaking through their room. Neither was seriously injured by the jump.

While firemen and other were engaged in pulling down a portion of the brick wall remaining, flying bricks struck several men standing across the street.

The total loss is estimated at about \$20,000; loss on the building is covered by insurance, while the loss to the tire company is said to be about \$4,000 above the amount of insurance carried.

ANTI-TYPHOID CAMPAIGN IN RANDOLPH IN MAY

Dr. Lindoem who is with the State Board of Health, was in Asheboro last week making plans for a campaign against typhoid and diptheria. Dr. Lindoem and Superintendent T. F. Bulla visited the different physicians of the county during the week concerning the work. The campaign will be put on in the latter part of May. Dr. Lindoem was accompanied by his wife.

NATURE TELLS YOU

As Many An Asheboro Reader Knows Too Well

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage. Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys.

Asheboro people testify to their worth. Ask your neighbor.

J. H. Kivett, barber, Cox Street, Asheboro, says: "Last summer my kidneys got out of order and acted irregularly. I had a weakness and dull ache across my back which made it hard for me to keep on my feet. I used Doan's Kidney Pills getting them at the Asheboro Drug Co., and they gave me relief from the backache and put my kidneys in good shape."

MRS. LINDSAY PATTERSON NOMINATED FOR CONGRESS

Mrs. Lindsay Patterson of Winston-Salem, was nominated by the Republican Congressional district convention in Greensboro, April 20, for Congress, to oppose Major C. M. Stedman, Democratic candidate. Mrs. Patterson has the distinction of being the first North Carolina lady to be nominated for Congress.

Mrs. Patterson was not present at the convention, and a committee was appointed to notify her of her nomination. She has announced her willingness to make the race.

82 YEARS OLD AND AS GOOD AS A YOUNGSTER

"Seven or eight years ago I was a very sick man. Doctors said catarrh trouble of stomach and bowels, affecting the liver and heart. For more than a year I wanted to die but could not. Upon the advice of a friend I tried Mayr's Wonderful Remedy, and although 82 years old I now feel as good as a youngster." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Standard Drug Co. and druggists everywhere.

First to establish the \$10.90 price - "Usco"

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30x 3 1/2 'Usco' is \$10.90."

The lowest price ever quoted on a tire of quality reputation and standard performance.

And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the \$10.90 price range.

Perhaps you are wondering just what there can be either "new" or "special" about these tires.

It can't be the \$10.90 price—"Usco" established that five months ago.

Nor quality reputation and standard performance—for it takes more than one full season for any new tire to demonstrate where it stands in quality and value

With so many tires rushing into this \$10.90 price

field (now that the season promises business from the American car-owner), it is worth remembering that "Usco" showed its good faith by announcing this price last fall.

The same intent to serve that has made "Usco" a standard value for years.

The "Usco" Tire was never better than it is today—with its established quality, its time-tested performance, and its price closely figured in tune with the times.
