The Creed of the Bible Classes.

I am a booster, because boosting createth optimism; and optimism causeth a man or a woman to wax joyful with much smiling. Smiling is a tonic and the big brother of happiness. Boosting hath a way of "getting there" with its hands and feet. It goeth forth in the morning with determination and returneth in the evening with much rejoicing—because it hath made good while the sun shone. Boosting is bully. A good boost handeth a strong wallop to a grouch and sendeth pessimism to the bonyard. Resolved, that I will boost most for the things most worth boosting, and the greatest of these just now is the ladies' bible class, and the men's Bible class of the Presbyterian church. Therefore, will I boost for these classes with great pleasure and earnest determination, and my boosting shall know no limit.
