Congress Called to Reconvene

It is understood in Washington that President Harding has informed Representative Mondell, leader of the house, that in view of the troubled industrial situation it was desirable that there be a full attendance of members of congress next Tuesday when the house convenes after a six weeks recess. It is also understood that the president also expects congress to be held in session continuously along with the senate after they reconvene. It is whispered too, that congress may be asked to authorize resumption of federal control over railroads should the president find it impossible to otherwise settle the strike satisfactorily.

WINNINGHAM FAMILY REUNION HELD NEAR ASHEBORO SUNDAY

There were a number of things which distinguished the Winningham family reunion that was held Sunday, August 6, at the old home of the late J. Newton Winningham, two miles from Asheboro last Sunday. Mrs. Wincy Winningham Rollins, of Asheboro, whose 80th birthday has just been celebrated, was the center of attraction. She enjoys the distinction of being the oldest member of the Winningham family living today. Four generations were present, and members of the family were here from Georgia, Oklahoma and many counties in North Carolina outside of Randolph, the original home of the family. It was a beautiful day for this occasion, and probably one hundred and fifty members of the family had assembled. At twelve o'clock noon the exercises were opened with Milton D. Winningham, of Burlington, master of ceremonies. Devotional exercises were participated in by Rev. Lanning, of Randleman. Mr. D. Winningham gave a brief history of the early members of the family and read letters of greetings from Mrs. Martha Winningham Severson, of New Jersey, and John Winningham, of Atlanta. Mrs. James L. Winningham, of Greensboro, read a most interesting letter from her daughter, Miss Allie Winningham, of Washington, D. C., who was unable to attend the reunion. Following this Col. W. P. Wood, of Asheboro, made a brief address, paying tribute to the achievements of the family. It was decided to make this an annual event and A. R. Winningham, of Asheboro, was elected secretary. The time of meeting will be the first Sunday in August of each year. After the wonderful dinner, which was spread in picnic fashion on the lawn, the afternoon was spent in social intercourse. "Aunt Wincy," who sat on the porch and enjoyed a hearty dinner, stated afterward with a smile, "I have enjoyed seeing my relatives and friends again and am feeling fine."

Among the members of the family who were present Sunday were:

TRUSTED POSTAL CLERK CAUGHT ROBBING THE MAILS

Two thives have been discovered in the Charlotte postoffice recently, the last one being discovered Saturday. It was a trusted postal clerk, Harry E. Mulligan, of Charlotte, who has been in the service for about 12 years, who was caught, and it was said admitted the theft of three special delivery letters. Mulligan was not even suspected in the matter, until he was seen tampering with the mail, and fell in the cleverly set trap. There was a hearing before United States Commissioner Cobb and he was placed under a \$1,000 bond for appearance at federal court. His brother appeared as bondsman for the man.

DR. BELL, INVENTOR OF THE TELEPHONE, DEAD

Dr. Alexander Graham Bell, inventor of the telephone, died at his home in New Bedford, Mass., Saturday. Death was unexpected, although for some months he had been in failing health. He was buried on the crest of Beinn Breagh mountain, in a spot chosen by the great inventor himself. The surviving relatives received hundreds of telegrams of condolence from some of the world's greatest figures. Dr. Bell was a Scotchman by birth, but spent practically all his adult life in America.

URGE PREPARATION FOR FALL FAIRS TO BEGIN NOW

Now is the time to prepare something for the fall fairs. It is a rather difficult thing to go out into the fields in the fall, and find something that is worthy of being exhibited in the fair. If attention is directed towards the crops and stock now, however, with that thought in mind, a more worthy showing can be made. It will have a favorable effect upon your crops if you begin to care for them now, as if they were already entered in competition at the fair. And if a fair is worth having at all, it is justified only as it is an inducement to improve agricultural practices. If you did not earn anything from the fair last fall, even though you took a first prize, the fair has not justified itself. The necessity of giving attention now to the fair, however, is especially important for the live stock exhibits. The herds, and especially the calves, should be chosen now as far as possible, and given attention with the exhibit idea in mind. You can not fit an animal for a fair in two or three weeks' time. It is a long process and you should begin early. Any one may subscribe for shares who wishes to do so at \$25.00 per share. By returning the following coupon, you may get desired information. Please put cross mark in blank space in which you are interested.

RANDOLPH COUNTY FAIR PREPARATIONS PROGRESSING

The people of the county are again reminded that the Randolph County Fair will open September 20. People from all over the county as well as from all the surrounding counties are not only invited to attend, but are expected. Plans are being made by the chairmen of the various departments and people are asked to bear the fair in mind when canning their products, harvesting and doing fancy work, and send a sample to the fair. This is a fair for the people of the county, and if there are a multitude of exhibits, as there surely will be, let yours be among them. One important feature of the occasion will be the radio apparatus which the Kivett Electric Company is installing. An especially loud speaking horn and three-step amplifier bulbs will be used. This will enable the crowds to hear the speeches and music at a distance from the radio phone. The Kivett Electric Company will have radios in stock and are able to fit up any home or give any information concerning this, one of the greatest inventions of the age. Congressman Hammer is making an effort to secure an airplane for the occasion at least for one day during the fair.

Interesting Reunion in Iredell County.

A reunion of the Lippard family which was held at Barium Springs, one of the prominent families of Iredell county, was of unusual interest for many reasons. There were five generations represented with Mrs. Margaret E. Lippard, who celebrated her 101st birthday in July present as the oldest living member of the family. Another interesting feature was the presence of Rev. C. K. Lippard, who has for 20 years been a missionary to Japan. There were over 200 members of the family present as well as several intimate friends of the family to enjoy the speeches, reminiscences to say nothing of the splendid "dinner" which means food in abundance on such an occasion.

HORRIBLE CRIME COMMITTED BY NEGROES AT SOUTHERN PINES

A crime which probably aroused more feeling than has been displayed in the sandhill section of the state was committed last Friday morning at an early hour. As Mr. and Mrs. A. C. Ketchen and their small child were en route from Miami, Fla., to their home in New York they stopped to camp for the night near Southern Pines. Very early Friday morning they were attacked by three negroes, who shot Mr. Ketchen through the chest, severely wounding him and, it is alleged, criminally assaulted his wife. Had it not been for the quick action of Sheriff Blue, who rushed the negroes to the state prison at Raleigh, mob violence would have resulted. Mr. Ketchen and his prisoners were pursued by a mob of infuriated citizens for many miles, but they gained the prison ahead of them, and the governor at once provided state troops for guard duty. Every precaution was taken by the prison authorities and it is thought that no further trouble will result, although feeling in that section of the state in which the crime was committed is still high. Mr. and Mrs. Ketchen are in a hospital at Carthage, and while Mr. Ketchen was severely wounded, he has a chance of recovery.

RAMSEUR TRIMS THE GIBSONVILLE NINE

Ramseur, Aug. 8.—The team from Ramseur journey to Gibsonville on Saturday afternoon and succeeded in walloping the Minealeans to the tune of 17 to 6. Bill Woods, who made a famous record with the Ramseur team last year was back on the hillcock for the Ramseur boys and as usual pitched a good game of base ball. Although the Guilford boys secured ten hits off of Woods he kept them well scattered and allowed only one hit for more than one base. The Randolph county boys soon began to pound the offerings of Yow, and after securing two runs in the initial inning and seven additional ones in the second frame Manager Greason sent him to the shed and called on Pettigrew to stop the heavy slugging of the Ramseur team, but Pettigrew did little better. Finally Claude Allen was called upon and he held the visitors down somewhat better than the two pitchers who preceded him. "Doc" Graham, of Ramseur, was the marvel with the willow. In the first inning Doc knocked a home run over the extreme right field fence and secured three singles and a three bagger out of the other five times that he batted. Chief Brady received the offerings of Woods well. Score by innings:

Mr. Byrd was with the Bank of Randolph for several years, later accepting a position in the postoffice. Brooks & Byrd's store is in the new Redding building across the railroad track.
