(By Bertha E. Shavleigh, of Columbia

University.) The war taught us many things, erhaps the one most needed in the

home was not to waste bread. Bread is surely the staff of life and every people on earth has some kind of bread. To the highly civilized man,

"white" bread is a necessity. In cities, comparatively few house-keepers bake their own bread. Much is left over from the bought loaf, and it is the left-over bread which we are

to consider. There is the "soft stale" bread, which later becomes hard and dry.

The first is, of course, used largely for
