

WOMAN'S STATEMENT WILL HELP ASHEBORO

"I hated cooking because all I ate turned sour and formed gas. I drank hot water and olive oil by the gallon. Nothing helped until I used Adierka. Most medicines act only on lower bowel but Adierka acts on BOTH upper and lower bowel and removes all gas and poisons. Excellent for obstinate constipation. Helps any case gas on the stomach in TEN minutes. Standard Drug Company.

Treatot Dome Pipe Line.

The Treatot Dome, the Wyoming oil field leased to the Sinclair oil interests, is connected with Kansas and the refineries around Chicago by a 1,400 mile pipe line, said to be the longest in the world. The new pipe line has just been installed at Elmont, Kansas. The line crosses unwaveringly through the farms, across streams, under highways and across a number of towns. It is laid three feet deep.

NOTICE OF LAND SALE

By virtue of an order of the Superior Court of Randolph County in that certain special proceeding entitled J. A. Burrus and Bettie Mabel Burrus against Kinney Hill, Crissie Hill, Jesse Hill, Crissie P. Burrus and husband Burrus. I will on the 22nd day of March, at 12 o'clock M., 1924, offer for sale to the highest bidder, at the court house door in Asheboro, N. C., the following described tracts of land.

National Tuberculosis Association to Meet in Atlanta.

For the first time in its two decades of service, the National Tuberculosis Association will hold its annual meeting in the south, at Atlanta, May 7th to 10th. Memphis was first chosen as the place of meeting for the annual convention but owing to insufficient hotel accommodations in that city for the large numbers who will attend the meeting, the place was changed to Atlanta.

SERIOUS AUTOMOBILE ACCIDENT NEAR SALISBURY

The little nine months old child of Mr. and Mrs. Fred Shamel of near Salisbury was killed and the other members of an automobile party narrowly escaped death when the car in which they were riding developed trouble as they were attempting to cross a bridge which spans Town creek a short distance from Salisbury. The machine plunged through the side rail of the bridge and fell into the water several feet below, bottom side up. Mrs. Shamel was holding the infant in her lap and the child was pinned beneath her. Her body was pressing the nine months old infant under the icy water, and Mrs. Shamel hardly had strength enough to keep her own head above the water until help could be summoned, and the automobile removed from them and the other members of the party. Mr. and Mrs. Shamel and three children and neighbor's child were returning to their home near Salisbury from a religious service in Salisbury. Perhaps all members of the party would have been drowned had not the children who had occupied the rear seat managed to tear their way out from beneath the car and ran for help. Others of the party escaped with severe bruises and shock. The little child was buried at Union church Sunday afternoon.

Terms of sale cash, upon confirmation of the court.
This the 21st day of February, 1924.
JOHN T. BRITTAIN,
Commissioner.
4t 2-28-24.

This meeting is expected to be one of the best in the history of the organization. It is perhaps pertinent to say that at this first organization meeting among the few others present was Dr. Charles L. Minor of Asheville. Starting with no capital, without organization and with only a few interested friends, this association has become in two decades an organized movement against tuberculosis that has penetrated into the most remote corners of the United States. In points of magnitude, scope, influence, and results, the growth of the association is unequalled in the world's history. To take stock of every phase of tuberculosis work as it is being done today, to provide for continued and additional research work in the field of tuberculosis, and to get a new vision of, and fresh inspiration for, the task of the tuberculosis fight for the next twenty years is the purpose of the Atlanta meeting.

SERIOUS SHOOTING SCRAPE IN DAVIDSON COUNTY

Davidson county had another very serious shooting scrape last Saturday afternoon when one man was killed and two others seriously wounded. The quarrel started over the fact that a whiskey still had been captured on the farm of Albert Myers last Wednesday, and Myers accused William Ward of reporting the still to the Davidson county officials. Saturday afternoon the two men met in front of Sandy Hopkin's store at Thomasville and quarreled over the affair. Deputy Sheriff Green says that Ward ran out of the store and Myers pursued him. Nothing was heard from the two men until shortly after 4 o'clock Saturday afternoon when a message was received at police headquarters at Thomasville, requesting officers be sent at once to the home of Myers. Six miles south of Thomasville the officers found young Myers on the ground, with a bullet wound in his stomach. He was conscious at the time and talked freely to the officers about the affair. William Ward, aged 27, is dead and Butler Myers, aged 27, and his father are very seriously wounded. The wounded have been taken to a High Point hospital and are being guarded by officers. Sheriff Talbert said that a 10 year old son of Ward witnessed the tragedy. He said that Myers fired on his father from ambush. The dead man is survived by his wife and five children. Myers has a wife and two children. The fact that the elder Myers had been wounded until several hours after the two younger men had been found beside the road, one dead and the other apparently in a dying condition. The father of young Myers had proceeded to his home after receiving a bullet wound from Myers' revolver through the right lung. Feeling has been rather high in Thomasville and community, as there are large family connections on both sides.

JESS TOOK LAST CHANCE

"After three years of doctoring for my stomach I became discouraged and swore I wouldn't take anything else. I was bloated with gas all the time. Someone praised Mayr's Wonderful Remedy so highly that I decided to take a last chance. I am now feeling like a new man. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Standard Drug Company and druggists everywhere.

SERIOUS ACCIDENTS AT LIBERTY

Mr. Clyde Pike, of Liberty, had the misfortune of getting the inside of his thumb and the palm of his hand torn off in a jointing machine which he was operating. Mr. Pike is connected with the picker stick manufacturing plant at Liberty. While the wound is very painful it is responding rapidly to medical treatment and it is hoped that Mr. Pike will soon recover.

Another very serious and painful accident occurred to Mr. Jesse Overman, also of Liberty, when a lantern he was using while repairing his automobile set fire to some gasoline he had spilled on his arm. His arm was very painfully burned from his elbow down to his finger tips. The flame also set fire to his automobile and completely destroyed it.

Dollar Continues To Shrink.

(By Wallace Bassford)

Further shrinkage in the purchasing power of the dollar is reported in the latest computations made by Professor Irving Fisher. He says that the value of the dollar in terms of commodities decreased eight-tenths of 1 per cent in the week ended February 8.

Professor Fisher's price index in the same week showed an advance of 2.2 per cent, standing at 155.2, compared with 153 in the previous week.

HOG WINS FIGHT

Mr. Clarence Goodman, a farmer of the Seven Springs section, near Kinston, is suffering from a very painful wound in his leg inflicted by a large hog. Reports indicate that Mr. Goodman would not let a little thing like a four hundred pound porker run him out of his own barn yard, attempted to defend his rights of his farm by accepting a challenge from said porker, which resulted in a very serious injury. Mr. Goodman's leg was ripped open by the beast. A physician was required to take 14 stitches in the abrasion.

NOTICE

Having qualified as administrator of the estate of T. J. Ferguson, deceased, before D. M. Weatherly, Clerk of the Superior Court of Randolph County; All persons having claims against said estate are notified to present them to the undersigned, duly verified, on or before the 28th day of February, 1925, or this notice will be pleaded in bar of their recovery; and, all persons owing said estate will come forward and make immediate settlement.
This 21st day of February, 1924.
GEORGE W. FRAZIER,
Administrator.
