Next Saturday Is the Date and Democrats Are Urged To managed to Attend.

There is a lack of interest in the Precinct and County Conventions since primaries have taken the place of conventions in the selecting candidates. Owing to the fact that the State Convention is called for April 17th, and it is necessary to send delegates to the convention, the primary was called last Saturday and the County Convention is to be held next Saturday at 2:00 o'clock.

While the Primary for the selection of County Candidates, State, and Congressional Candidates is not to be until next June, yet this convention next Saturday is an important one. Democrats everywhere are encouraged and enthusiastic over the prospects of the success of an election of There is a lack of interest in the

pects of the success of an election of a Democratic President next fall. It is to be hoped that a large number of Democrats from every precinct in the County will attend the Convention, meet together and discuss the political problems of the County.

It is greatly desired that delegates

or representatives of the citizens to be sent to the State Convention to represent the county will attend this Convention. Raleigh is only 75 miles from Asheboro and the roads are fine and it takes only one day off to at-tend the Convention, and it is to be hoped that citizens from every County in the state will be in attendance.

Democrats should, not only meet together for the purpose of consult-ing and planning for a victory in the coming election; but everyone should, if possible, attend the State Convention to mingle with Democrats of the state and get information and enthusiasm and encouragement in the battle which is to be fought in the coming election.
