WHAT CAROLINA IS DOING ALONG LINE OF BUILDING ROADS

Secretary of State of North Carolina Reviews the Wonderful Progress and Prosperity of North Carolina - Touches on Educational Work and ership, should wind up the work of Highway Building.

that they have been willing to vote county and city school bonds amounting to \$20,000,000 during the last five years and to borrow from the state treasury another willing?

\$18,000,000 with which to hurry the These visions and policies of comprocess of erection in North Caroina reaches the enormous total of
\$25,000,000. Within another year
the total of our public school property will be right around \$65,000,000.

It is 65 times the amount invested in
public school property in North Carbeing 24 years ago. It is ample evidence that the people of the state.

The state has undertaken dence that the people of the state The state has undertaken great dren. Public school buildings are realizing its dreams of common not built by the state, but by the lopprosperity and common well-being? call units of government. The state it is a new policy.

aids with a \$10,000,000 loan fund, The old idea of government was but the sinking fund and annual interest that the state was merely a big policement where table was almost an expectation.

way every working day of the week service. and larger services call for and manufacturers who are believers at an average cost of \$20,000,000 a greater revenues. at an average cost of \$20,000,000 a greater revenues.

year, in round numbers. When the North Carolina has set the pace ful protest against the ridiculous and the building program of 1924 is com- and is far in the lead in the South oppressive excesses of the Fordney that the protest against the ridiculous and the protest against the ridiculous and the track. They are publishing and miles of the best public roads in the gressive of the richer states of the world. No state or county will have union. Can it maintain its suprementation of the south across the south in civic services to the pace full protest against the ridiculous and the track. They are publishing and distributing pamphlets showing the resold which better public highways than North acy in the south in civic services to Carolina. There is nowhere any obits constituencies; or, has it reached jection to the issue of state highway the limit of its ability; or, has it bonds. The automobile owners alone overstepped the limit? As a matter all toward increasing the price of the are creating the highway sinking of fact, does it stand face to face funds and paying the annual interest with a bankruptcy. These questions are fundamentally important taxas. Considerably more than one-half of our total bonded debt is repused. North Carolina's willingness is behalf of our total bonded debt is repused the limit? As a matter all toward increasing the price of the things the farmers produce. The League shows that the farmer is purchasing in a highly taxed market, but selling his surplus products in a world, or free trade, market. One of resented by state, county and municability to pay for what the tax-pay-the many tricky iniquities contained in the Fordney law is the provision in the Fordney law is the provision not object to paying for roads with Measured by its taxpaying power, as to farming implements; these are license fees and gasoline taxes. But North Carolina is the richest state placed on the free list, but everything they have gone still further: They in the south. In 1922-23, it paid that enters into their manufacture is ipal highway bonds. The people do ers demand? and bridges in direct taxes levied on federal treasury. This was nearly farmer gets stung just the same, but their properties. They have voted exactly twice as much as the total has to suffer the indignity of feeling town and county bonds, for streets, sum paid by Virginia and Texas, its that the tariff makers thought they roads, bridges and other public utilities amounting to \$92,000,000. The nearly \$10,000,000 more than the principal and the interest payments rest of the 12 southern states paid, on these local highway bonds must all put together. The enormous to whether the higher tariff brought any come out of direct taxes on their tal of federal taxes paid by ed in any other state of the union.

liberal policies of health promotion to the state treasury, while at the and disease prevention. The state is same time paying property taxes to spending \$650,000 a year in public the counties and municipalities. health work, and 28 counties are spending \$217,000 more. They want not less, but more, public health work. They want the ratios of physical vigor definitely increased; days of weakness, illness, and loss of weeks ago, my mind ran back to the cents per pair; under the Fordney income definitely decreased. At last, time when I was in school at Shiloh law, with its tariff rate so high as to cur people have come to realize that Academy, and Rev. John R. Holt cut off the importation of cotton

Christian, and North Carolina would for the session was not discovered until most of the session with several separate of the session with several separate of the session with several separate of the session with several until most o declares that he must be a practical printer, skilled in bookbinding. Mr. Carter is neither. The printed copy of the bill did not come back from the printing office until after the session had ended, hence it could not be signed in the presence of the Houses, as the law provides. The bill carried nearly 200 millions for deficiencies and affects the salaries of thousands of employees. The President is now hurriedly consulting Treasury Offi-cials to see of there is any possible way to get by—to pay these salaries and provide for the soldiers' bonus without calling the Consults is extra without calling the Congress in extra session. After the exhibition of Re-publican conduct of the last session, the country will fervently pray that some means may be found to prevent another hideous legislative nightmare, such as has endured here for more than six long months. It is all re-mindful of the words of Uncle Joe
