BETTERMENT SOCIETY HOLDS GOOD MEETING

Other News From Franklinton - Mrs. Molly Self Tippett Dies, aged 73.

Several of our people went to the scene of the mine explosion at Coal Glen last week. A large crowd attended the meeting of the Betterment Society Friday evening. The devotion was conducted by Mr. J. H. Fenstris. The treasurer, E. B. Moss, reported that the society had received \$200 in the past year and that it had bought a teacher's desk, water bucket, floor oil, basket ball for the boys, besides helping buy curtains, books, and a victrola and still had a balance of \$14.63 to its credit. The following committee for baseball grounds was selected: J. W. Clark, J. O. York, J. H. Erwin, J. T. Buie and Mrs. E. B. Moss. Entertainment committee: Miss Ollie Fenstris, Mrs. J. H. Erwin and Mrs. Sula Parks. Selection of the committee on the new school building was continued. Mr. J. W. Clark, chairman of the committee appointed to investigate the condition of the present school building, reported that the committee found the primary rooms in excellent condition, also the yards and playground; but the condition of the old school building not so favorable. Rev. and Mrs. J. W. Scott and Rev. and Mrs. W. A. Elam were elected honorary members of the association. The president expressed her appreciation of the support and co-operation of the people and the members during the past year. The following officers were elected for the ensuing year: Miss Anna Fox, president; Mrs. J. W. Clark, vice president; E. B. Moss, treasurer; Miss Mary Moon, secretary; and Mrs. G. P. Craven, assistant secretary. The people of the Gray's Chapel consolidated school district are to be congratulated in the interest they have taken in a modern new school building by voting a special tax. Mr. Blair, of Raleigh, has selected an ideal location for the new building in a grove about 400 yards north of the Greensboro road, nearly opposite the Marley Routh residence. This building will be of brick construction and will have besides a large auditorium 8 class rooms, a basement for furnace and storage room, with a water system and electric lights. A well will be dug to provide drinking water. Six districts as follows have been consolidated: Bush Creek, Chapel, Melancton, Hardin's, Lineberry, and Millboro. All are one teacher schools except Millboro which has two teachers. Mr. H. F. Allred, an industrious farmer, who lives on the Chapel and Greensboro highway, north of town, has about 800 young peach trees on his place of which 250 are of bearing age. The Mayflower peaches are now ripe and are of excellent quality. They are pronounced of better flavor than those growing further south. Mr. Allred is building a handsome filling station and expects to have it ready for service June 10th. Mrs. Molly Self Tippett, aged 73 years, died Sunday evening. She was born in Chatham county March 15, 1852. When quite young she moved to Ramseur with her mother and later came to Franklinton. About thirty years ago she married J. W. Tippett, who died about three years ago. Funeral services were conducted at her home Monday afternoon by Rev. W. A. Alam, after which the body was laid to rest in the Franklinton M. E. cemetery. Born to Mr. and Mrs. J. F. McCordale, May 25th, a daughter, Mary Helen. Rev. Theodore York, of Greensboro, preached at the Franklinton Holiness church last Sunday afternoon and night. J. C. Kivett, of near Guilford Battleground, visited his daughter, Mrs. H. H. Hodges, Saturday afternoon. L. C. Johnson and Benton Moon have bought a cafe on McAdoo Heights, Greensboro, and are now in charge. Mr. Johnson has moved his family to Greensboro. Mr. and Mrs. Earl Allred, of Randleman, visited the homes of James and Burgess Allred Saturday and Sunday. Several members of the B. Y. P. U. attended the quarterly meeting of the Randolph county B. Y. P. U., at Asheboro, Sunday afternoon. Mr. J. C. Calicut took his daughter, Mrs. Belvie Bean, to Wilkerson's hospital, Randleman, Saturday evening for treatment. W. H. Wrenn has sold his vacant lot east of the Masonic hall on route 75 to Team Brown and son, Earl. They are having lumber placed for the erection of a building which will be used as a cafe. Mrs. Annie Ferree and daughters, Misses Dorothy and Margaret, left Friday for Asheville and while there will visit Mrs. Ferree's daughter, Miss Inez Ferree, at Black Mountain. J. Harper Erwin, Jr., and W. A. Martin went to Raleigh one day last week. T. F. Jordan, Miss Florence Marley, Miss Lillie Trogdon, Chinaré Moffitt and H. C. Curtis were in Greensboro last week. Miss Minnie Tippett, of Lexington, visited friends and relatives here last week. A number of our people are attending memorial services at Pleasanton, N. C., for the death of Dutch origin, who was killed with a crooked stick and a pile of lumber, and in England during the reign of Edward III the same was called "Dutch" ball. The Dutch name of the stick is "Dutch" and the name of the ball is "Dutch" ball.

A. W. Tippett and S. W. Cox, of Greensboro, were visitors here Saturday.

Mrs. A. B. Russell, of Lexington, Mrs. Nannie Leonard, of Greensboro, and Mrs. J. W. Dickens, of Portsmouth, Va., are here on the account of the illness of their mother, Mrs. Caroline Craven. Mrs. J. H. Fenstris attended the commencement exercises at Greensboro College, Greensboro, last week. Mrs. J. H. Erwin, Jr., spent the week-end with homefolks at Durham. Mr. E. L. Hodges, of Greensboro, is spending the week with his brother, H. H. Hodges. Mr. C. C. Brower and family spent Sunday at the old home place of the late S. H. Ferree, near Cedar Falls. Mr. and Mrs. O. R. Pugh were called to Millboro last week on account of the illness of Mrs. Henry Pugh, Mr. Pugh's mother. Hobert Brower and Rufus Reynolds, of Moore county, were visitors here Saturday afternoon. Mrs. G. K. Reaves was called to the bedside of her sister, Miss Ella Dickens, near Sanford, Sunday. Mr. Joel Pressnell and family visited the home of Elkannah Trogdon, near Rockingham, Sunday. J. A. McKinnon and family spent Sunday at William Causey's, near Sanford. Mr. R. K. Craven and family, of Gibsonville, Will Rains and family, of Parks' Cross Roads, and Sam Vuncannon and family, of Reidsville, and Allen Williams, of High Point, were the guests of L. M. Curtis and H. M. Pilkenton Sunday. Mr. and Mrs. Thomas Buie, of High Point, visited W. S. Buie Sunday. Mr. and Mrs. Eli Williamson, of Greensboro, visited at the home of J. C. Williamson last week. Messrs. C. E. Henson, J. O. Smith, A. C. Chandler, Henry C. Cox, Allie Bartley and others have ordered a new complete wheat threshing outfit and expect to be ready to serve the public this season.

WANT COLUMN

A \$2,000,000,000 WORD. NATURE IN NO HURRY. ONLY HUMAN BABIES. "THE LORD HAVE MERCY."

Mr. Woodbridge, new head of the Advertising Club's of the World, says newspapers are the "pre-eminent advertising medium for selling merchandise quickly." To the real business man it is more than that - It is the ONLY advertising force that can BUILD UP A NAME. Reputation is Reputation. And only newspapers can give a REPUTATION the REPETITION that creates value. Dollars put into brick, mortar, steel and glass will tear down. Money invested in advertising, building up a name as whites are in the rush. But, needless to say, when the dust settles the whites will have the gold dust.

South Africa, land that produces gold, returns to the gold standard, imitating old Mother England.

Down there, below the equator, under the hot sun, tens of thousands rush to a new gold field. About ten times as many blacks as whites are in the rush. But, needless to say, when the dust settles the whites will have the gold dust. What would happen to the gold standard and the world's finance if this new gold field should suddenly multiply by two, or ten or twenty the world's gold supply? That, however, will surely not happen. All through the ages, while men have cut each other's throats to get them, gold and silver have maintained their value, based on scarcity, with slight fluctuations. Providence seems to have arranged that for its mysterious reasons. This is the only country that has any supply of helium gas worth while. We get it after it has leaked up through the earth and in pools of natural gas. According to Dr. Elind, chief of the Bureau of Mines, "it takes 20,000,000 years for helium to rise from minerals and rocks and within our reach." Many things happen in science that couldn't happen if this earth were only 6,000 years old, as was once believed. It took millions of years for evolution to change a creature as big as a fox, with seven toes, into the horse of today. It takes 20,000,000 years for helium gas to become available. It will take our sun 800,000,000 more years to cool off. A New York lady ran a baby farm. The babies died rapidly, especially if their board bills were not paid. One poor infant dug up after burial had a fractured skull. The rate of mortality was horrible. If anybody kept such a farm for baby dogs or cats, the "Cruelty to Animals Society" would probably supervise and regulate it. How does it happen that the so-called Society for the Prevention of Cruelty to Children knew nothing about the baby farm or its deaths? Dean Inge, who doesn't like to be called "gloomy" is in London, describing America. He says our "rushing energy is mostly pose" and the language we speak is something like the English language. On the whole the dean is right. In one of his sermons he tells you that when St. Paul thought he was inspired he was really suffering an attack of epilepsy. If St. Paul could stand that, we ought to be able to stand criticism of our Yankee language. In Pennsylvania, William Cavalier, fifteen years old, and a murderer, has been sentenced to die in the electric chair. The sentence wound up with "And may the Lord have mercy on your soul." The reporters thought the boy winced a little at that, and at the words about "Death - electric current - passed through body - until dead." The boy smiled as he left the court, and a few minutes later, in his cell, he was playing a popular song, "Katerina" on his phonograph. Fred Lennig, warden in charge of the young criminal, said, "Listen to that music. He doesn't know what it's all about." You may truly say the same of a system of "justice" that sentences to death a feeble-minded boy of fifteen. Of course, now the states apply their transportation laws to the building industry. There have been four cases in North Carolina about the same in the money.

Allred, W. Hayworth Allred. Liberty: Terrary York, C. C. Kimes. Providence: W. O. Oliver. Randleman: R. Y. Kennedy, L. W. Latham, C. A. Spivey. Tabernacle: S. J. Crotts, Jacob Briles. Trinity: R. E. Coltrane, C. E. Davis, M. V. Andrews, M. Y. Aldridge.

Second Week

- Asheboro: G. H. Ferree, W. M. Burrow. Back Creek: Charles H. Hilton. Columbia: J. J. White. Concord: F. C. Hoover. Coleridge: J. M. Davis, D. A. Cain. Franklinton: S. C. Jennings, A. B. Ellis, G. H. Richardson, Arris Allred. Grant: J. M. Wright. Liberty: E. E. Henderson. New Market: J. M. Stanly. Providence: P. E. White, M. H. Allred. Pleasant Grove: J. B. Moore. Randleman: Cornelison Cagle, W. L. Underwood, J. H. Boling, J. W. Howell. Richland: S. G. Richardson. Trinity: Earl L. Peace, T. R. Davis.

The world has advanced in business, commerce, manufacturing, culture, but we haven't kept pace in morals and respect for good.

Home Building Advice

The Department of Commerce gives some advice as to financing the building or buying of homes. It says not to borrow from your life insurance policy. Pay as much as you can down and pay the rest in regular installments. Look at your neighbor's lot as well as your own before you close the deal for your home. You are also advised not to obligate yourself to pay more than one-sixth of your income in installments on the home. The minimum priced home is one that costs one and two-thirds the amount of your annual income, and the maximum 2 and one-fourth the total amount of the yearly income.

Shows Growth of South

The Southern exposition which closed in New York Saturday after two weeks opened the eyes of Eastern manufacturing centers to the industrial, commercial and agricultural strides of the South. Many families have been received by the exhibitors at the show from countries interested in the products on display at the show.

COST OF ALL HIGHWAYS IS PAID BY AUTOMOBILE TAXES

Government figures now available show that a total of \$550,000,000 was collected in the United States last year from motor transportation taxes. The total cost of federal and state road building program during the year was \$500,000,000. The motor taxes were larger by fifty thousand dollars than the amount expended for roads. Total road building projects for one year, including state, national and county roads, the billion dollar motor tax was half this amount.
