

A number of citizens of Cedar Grove school district in Liberty' township presented a petition asking for a truck to transport children from the the hot weather. district to the Liberty high school. The matter was deferred until a later meeting.

It was decided by the board that the schools in Providence township be conducted as formerly next year, pending the erection of a school building as provided for in a recent election. Children desiring to attend high school will be transported by truck to the most convenient school. The board allowed \$200 toward the

building of an additional room to the Randleman colored school building, the patrons of the school having raised and deposited in the bank \$275 for the purpose.

For the purchase of part of the lot for the site of the Gray's Chapel William Jappings Bruen will also by consolidated school, the board allowed William Jennings Bryan will also be The Concord church has a new Mrs. Cates \$290, Mr. J. M. Underwood having donated the other part of the Scopes.

site.

The location of the site for the new Seagrove building as selected by John J. Blair, of the State department of education, was confirmed by the board. This site is at the old George Parks' place on the old plank road and is about half way between the point near the Lewis Parks' place where the old plank road leads off from Route 70 to the point of intersection with Route 70 just below Seagrove. The site is ideal, being on a knoll and away from the main line of traffic on Route 70.
