Last Meeting Of Class In Poultry

Held At Farmer One Night Last Week—Variety Of Subjects Covered By Class.

Those Who Attended

Farmer, Feb. 28.—The Evening Class in Poultry given by the Department of Vocational Agriculture of Farmer high school had its last meeting Monday night of last week. This was the last of a very successful series of meetings which have been held on Tuesday nights of every week since December 7th.

Every class meeting had a large attendance which showed the interest in the different subjects which were discussed under poultry.

Members of the class expressed themselves by saying that they had obtained some valuable information through the class discussion and thru the points that were brought out by the speaker of each class.

We hope to see the members of the class put into practice some of the approved methods of poultry and at the same time use their good judgment in growing into the poultry business. Experience is one of the greatest teachers when we link it up with the experiments which have been conducted by others.

Those that succeed in any business are those that make a study and know what they are doing.

The subjects that were covered during the series of meetings held by the class were as follows: The Purpose of Poultry on the Farm, Choosing the Breed, Feeding, Housing, Diseases, Parasites, Culling, Incubation and Brooding, etc.

The objective of each meeting was to bring up any questions related to each subject and to discuss the approved ways of doing the jobs correctly.

This is a list of some of those that attended the class: Mrs. M. F. Skeen, Mr. M. Hammond, Miss Ada Hammond, Mrs. J. R. Morris, Mrs. J. R. Wham, Mrs. J. R. Hammond, Mrs. J. H. Kearns, Mr. G. W. Clay, Miss Hope Hubbard, Mr. C. C. Horney, Mr. B. F. Bingham, Mr. R. W. Fuller, Mr. J. O. Kearns, Mr. A. J. Macon, Mrs. M. Hammond, Mr. J. R. Morris, Mr. C. C. Horney, Mr. J. R. Wham, Mr. H. C. Nance, Mr. Alton Kearns, Mr. Percy Morgan, Miss Gertrude Ridge, Mr. Walter Ridge, Mr. T. W. Bingham, Mr. Z. V. Wright, and others.

In the community we have several new poultry houses under construction or finished, and remodeling of old houses. The incubation and brooding problems has the interest of many at present by the amount of talk one hears, and the number of incubators and brooders in operation.

The poultry enterprise and other enterprises in the community are of interest to the agriculture teacher, therefore it will be the aim of the teacher to be of service to the poultry evening class and others in the community.

Peanuts, suckers, and chewing gum were served to the following: Misses Ollie Mae Fentris, Erselle Tippet, Pauline and Colene Cox, Katherine Julian, Evelyn Spoon, Lillie Thomas, Lovie Booth, Gladys McDale, Pauline Curtis, Ada Newsum, Lillie Hughes, Irene Parks, Margaret and Lucy Gray Bue, Mrs. E. B. Moss, Messrs. Hampton and Alton Moffitt, H. Kimrey, Jack Moon, Paige Hurley, Bob Hughes, Woodley Allred, Paul Denson and Vernon Phillips.

High School Girls Defeat Liberty

On February 1, a close and interesting game was played on the Franklinville basket ball court when the Liberty girls played the local girls. Although Liberty played hard our girls played still harder and won the game 4 to 3.

Then, on February 15, our girls visited Liberty. Due to the fact that the girls were not on the home court, we home folks to cheer, we lost by a small margin, the score at that time being 9 to 8.

Our third game was a "knock out" Liberty visited our court again and put up a hard fight, some fell out and they all "knocked out" G. Fox, playing as forward. Laved and scored 21 points. Laved and scored 21 points.

J.C. PENNEY CO. A NATION-WIDE INSTITUTION- "where savings are greatest" 132 So. Main St. High Point, N. C. Holding the Public Good Will Our opinion is that a Value that is good today will also be good tomorrow and every day. If an article, for example, is worth \$4.98, that is a just price to sell it for. To reduce the price would be to admit that it was not properly priced in the beginning. We never have two prices for the same article. However, we do continuously, keep our prices as low as is consistent with current market conditions and re-placement costs. We never name comparative prices. Here you receive the same fair consideration every day which means that your Dollar always buys 100 cents' worth—no less, no more! And that 100 cents' worth is measured in the most liberal way possible. Operating without spasmodic "sales" or other unnecessary price-changing methods, selling for cash only and giving the customer the full benefit of the far-reaching buying power of this countrywide institution, we have found it possible not only to win the good will of the public but to continue to hold it. Servicable! Attractive—and low-priced according to our 773 Store Buying Power. A selection of the season's popular colors. Yard. \$3.98 \$1.49 Mixed Novelty Rayon and Cotton Silk Crepe \$1.49
