Reaves Pharmacy Is Installing New Fountain

The Reaves Pharmacy is installing this week an electrically refrigerated soda fountain, manufactured by the Liquid Carbonic Corporation, of Chicago. Instead of ice and salt to keep the ice cream hard, a small refrigerating machine driven by an electric motor does the job. The principle on which the machine operates is the same as used by manufacturers of artificial ice. It has many advantages over the old salt and ice method. It does away with the mess and labor of packing with salt, and eliminates the periodic interruption of business while the fountain is being packed, and insures absolutely uniform temperature in the ice cream compartments at all times. The local drug store invites the public to come in and have the details of the new fountain demonstrated to them. strated to them.

Nine More Fine Cows Placed On Randolph Farms

Four Were Bought At Guernsey Auction Sale In Lexington Last Wednesday.

Five From Union Co.

Brought To County Tuesday For E. C. Byrd & Sons Dairy Farm Near Ramseur.

Several Randolph county dairy farmers attended the auction sale held in Lexington Wednesday of last week by the North Carolina Guernsey Breeders' Association. Forty-three cattle were put on sale at this auction and brought a total of \$11,300, or an average of \$262.79 a head. Some of the finer bulls sold for more than \$500. None of these high grade bulls came to Randolph, but Menden-hall brothers, of Trinity township, bought half interest in the highest priced bull sold during the day. These same dairymen also purchased one of the high grade dairy cows.

D. F. Allred, of Mechanic, pur-chased one of the purebred cows,

State, and the last two in the two counties, Randolph and Davidson, which are probably outstripping all others in the State in the development of dairying.

Reid Mendenhall Honored Reid Mendenhall, of the Mendenhall brothers dairy farm in Trinity township, was last week elected a member of the board of directors of the North Carolina Guernsey Breeders' Association at its annual meeting held in Lexington. Kiwanians Trim Rotary Team By Score Of 17 To 10

The Kiwanis baseball nine demonstrated its superiority on the diamond last Friday afternoon when it took the local Rotary team in tow by the score of 17 to 10. Although the Rotarians threatened from time to time to even matters up, the result was hardly in doubt from the beginning to the end of the game. The Kiwanians had the adge, perhaps, from the fact that they numbered on their nine several former baseball stars, who were a little more supple in limb and keener of eye than the opposing Rotarians. Story, Fox had G. Cranford formed the Kiwania battery, while A. I. Ferrae, E. D. Cranford and O. L. Fresnell performed for the Rotarians. The hallity of the Kiwanians to smack the hall when hits meant runs was probably one of the main reasons for the downfall of the Rotarians. The local high school athletic fund, however, is a little fatter us the result of the game, wills the drug stores mosped.
