Lewallen, while low score went to Mrs. Gus Hayworth. Mrs. Lovett was also given pillow slips and Mrs. J. W. Wooten, won high score visitor's prize. An elaborate course of refreshments was served.

Prospects Bright For Winning Ball Teams Asheboro Hi School

Practically All Old Men Are Back And New Material Promising, Coach Finds.

Mr. J. T. Fox, the new athletic director of Asheboro high school, was in town Monday looking over his equipment and prospective material for the football season, which is close at hand. Coach Fox is a graduate of the University of N. C., where he also engaged in athletics, making the squads in two of the major sports. Last year he had charge of the athletics in the Chapel Hill high school, where his teams made very creditable records in all of the sports. He comes to us well recommended.

Coach Fox will have a fine supply of material on hand, when practice starts next week. Only one or two men were lost through graduation last spring and all of the other old men from last year's team are planning to return. A list of those who are intending to fight for places on this year's team includes: Clarence Overman, Leo Rich, Raymond Crotts, Odell Cranford, Arthur Miller, Howard Fox, Gordon York, Edward Armfield, Lloyd Keever, Vance Kivett, Walter Presnell, Jack Hasty, Carl Hamlet, Clay McCain, Wayne Kearns, William Coffin, Milton Hanner, Nyal Johnson, Carlisle Page, Hugh Brown, James Holder, Coleman Moore, Millis Brown, Vernon DeMarcus, Alex Fox, Carwell Smith, Robert Brittain, Robert Ferree, Reitzel Smith, Hurdle Lea.

Of this list, the lettermen returning from last year's team include: Odell Cranford, Raymond Crotts, Clarence Overman, Arthur Miller, Gordon York, Vance Kivett, Walter Presnell, Jack Hasty, Carl Hamlet, James Holder, Robert Ferree and Hurdle Lea. Last year's team had an average weight of 155 pounds, and since practically all of this team is back and the prospects bright for more heavy material, the outlook seems to point toward a good, heavy team this year. Most of the boys have been working this summer and are in good condition physically.

By raising the standards last year, and having better material this season, Asheboro high school is pointing toward and will be able to enter the high school football championship series which is conducted by the University of N. C. each fall. This scholarship regulation as stated in the rules of the championship series is: "In order for a student to be considered eligible to represent any particular high school in the general high school football contest of 1929, the student must have made passing grades for the four months or longer spring term of the school year 1928-29 on at least three studies, every one of these studies carrying five recitations of 40 minutes each per week, (or in lieu of this requirement, then passing grades on such an additional number of courses than three which altogether carry a total of at least 600 minutes per week in actual recitation)." Since the student will be able to meet this requirement, it will be the aim of Asheboro high school to go into the championship series this fall with a determination to meet and handle rough any opposition that stands in its way. Clean athletics and good sportsmanship regardless of the score will be one of the ideals of our team this year as it has in years past.

The football team will hold its first meeting Tuesday afternoon, Sept. 10, in the auditorium of the school building. Coach Fox has called the meeting at 8 o'clock and urges all of the old men and any new ones regardless of whether they have ever played or not, to be present for this meeting, as it is very important.

Mrs. Russell Parks Hostess
Mrs. Russell Parks entertained the members of her bridge club and a few visitors at her home on Park street Thursday afternoon. The rooms used for cards were decorated with a wealth of flowers making a charming background for the tables. The club prize, a deck of cards, went to Mrs. Charles McCrary and to Miss Gertrude Price, of Price; and Miss Margaret Robinson, of Alexandria, house guests of Mrs. E. H. Morris, Jr., and Mrs. Charles McCrary, were presented bottles of perfume.

Delightful Party Saturday
One of the many lovely social compliments given Mrs. Clarence Lovett, a bride of the month, and Miss Adelaide Armfield, bride elect of October, was an At Home Saturday afternoon in which Mrs. Wm. C. Hammer and Mrs. Hal W. Walker gave jointly. The At Home hours were from four until six o'clock and during this time around two hundred guests called. The list included several guests from Greensboro, Randleman, Rameur, Seagrave and Farmer, as well as the Asheboro people. Greeting the guests on the front porch and receiving cards was little Jane Page Walker, Miss Betsy Armfield, and Lucy Leigh Lovett. In the hall, and presenting to the receiving line were Mrs. J. D. Ross and Mrs. M. G. Lovett. The line which was formed in the south living room was composed of Mrs. Hammer, Mrs. Lovett and her mother, Mrs. W. J. Moore, Miss Adelaide Armfield, Miss Jane Pratt and guest, Miss Victoria Vodela, of Washington, and Mrs. Walker. Mrs. W. F. Redding, Jr., received at the dining room door where Mrs. Louella Lovett and Mrs. J. V. Hunter cut cream at the table. Here, a color scheme of orange and yellow was employed with flowers, candles and tulle. Throughout the other rooms of the lower floor these colors predominated in decorations. Serving the ices which were also in chosen colors, were Misses Little Lovett, Florra Page Davis, Rita Reid Wood, Evelyn Moore, Madeline C. E. Davis, W. H. Ridge, and L. C. Floyd. Mrs. Ed Hedrick directed the way through the hall where Mrs. W. F. Redding stood as the guests departed. During the at home hours, Mrs. Ralph Hillier, Mrs. Neely Hunter, Mrs. Gerald Pritchard, Miss Louise Swain and Miss Lillian Burkhead furnished music in the library.

Swastika Always Held Emblem of Good Luck

The swastika, which is the cross made by crossing two letter "Z"s has been the symbol of good luck for so long back that no reliable evidence has been preserved to indicate just why this particular ideograph should have its present significance. We do know that from time out of mind it has had this significance, and among peoples in all parts of the world excepting Africa, Polynesia, Australia and the polar regions.

The swastika as the good-luck symbol is found in China, Korea, Japan and India. As far back as in ancient Troy the swastika was used in this sense by the Mycenaens. It is found in relics of such widely separated peoples as those who inhabited Europe during the Bronze age, the Etruscans, the Indians of our own Colorado and Mexico, and among others of North American natives who antedated Columbus by at least ten centuries.

Another curiously significant fact is that in the Indian language the word "swastika" means good luck; while in ancient Sanscrit "swasti" means "hail" or "be well."—Kansas City Times.

Wizard of Electricity on Starvation's Verge

A story is told about Charles P. Steimnetz that, true or not, illustrates his peculiar temperament, writes Jonathan Norton Leonard in World's Work. A friend who had known him at Yonkers came to see him soon after he had gone to Lynn, Mass., with the General Electric. He found him in a sad state. His clothes showed frantic signals of distress, his face looked pinched and thin. It wasn't easy to get at the root of the trouble, but at last the friend induced Steimnetz to talk.

By some clerical mistake Steimnetz's name had not been entered on the pay roll and he had received no money at all in the four weeks he had been at Lynn. His own meager savings had nearly run out and he was too proud to complain. There were men at Lynn who were working for nothing, glad of the experience which the job gave them, and Steimnetz concluded he was in this classification.

"Conversational" Dinner

One night at the White House during the Presidency of Theodore Roosevelt there met at dinner John Hay (then secretary of state), Sir Martin Conway, Walter Wellman, James Ford Rhodes, the historian, and, of course, President Roosevelt. Next day Hay and Rhodes met again and the following conversation ensued:

Rhodes—That was a nice conversational dinner we had at the White House last night.

Hay—Conversational do you call it? How long were we at the table?

Rhodes—About two hours.

Hay—Well, Wellman talked a minute, Sir Martin a minute and a half, you a minute and I not more than that, and Theodore talked all the rest of the time. Do you call that conversation?—Philadelphia Public Ledger.

Not Such a Big Success

The late Walter Kingsley, one of the last of the old time press agents, once released an elephant in the streets of New York while doing publicity for "The Circus Man." He telephoned his "boss" to the police department and a squad of officers went out. They found the elephant all right and had they but known it, the animal would have followed them peacefully with the offer of a few peanuts.

Instead, they frightened the elephant, which dashed into an office building, wedged itself in the doorway and half the building had to be torn down in order to release it.

Words Handed Down

In the word magic we have a reminiscence of the Persian "Magi," mighty prophets and interpreters of dreams, of whom three were said to have found their way to Bethlehem. Words which come to us from the Roman religion are cereal, genius, fete, fortune, fury, grace, June, mini, money, Saturday, vesta, contemplate, sacrifice, temple, angry and auspice. Vampire is an unpleasant Slavonic word brought back from the East by travelers in the Eighteenth century. Taboo, tattoo and kangaroo came to us with Captain Cook from the Pacific—Exchange.

Destructive Locusts

When agriculture began to be established generally in the great plains region of the United States lying west of the Mississippi river and east of the Rocky mountains, during the decade 1870-80, a migratory species of grasshopper, commonly known as the Rocky mountain locust, frequently swooped down from its breeding grounds on the benches of the mountain range in such great swarms as to destroy practically all cultivated crops over vast areas of country, reducing thousands of families almost to starvation.

John Did Not Eat Insects

The locusts eaten by John the Baptist were probably not insects, but the fruit of the carob tree, the dried pods of which are the locust beans sold as food for cattle. The carob tree is sometimes called the honey tree, from the sweet pulp contained in its pods while they are fresh.

Soviet Punishes Wives

Tiflis—Within the last six weeks over two hundred Russian women have been punished for not having contributed toward the maintenance of their unemployed or sick husbands, as provided for by the soviet marriage laws.

Complimenting Mrs. Lovett

Two elaborate social affairs were given Thursday at the home of Mrs. Louella Lovett when Mrs. Lovett and her three daughters, Misses Mittie, Ethel and Lucy Leigh, entertained complimenting Mrs. Clarence Lovett, a bride of this month. The first party was a bridge luncheon beginning at 10:00 o'clock in the morning and terminating with the luncheon at 12:30, to which a number of additional guests besides those playing at the twelve card tables. Prizes this time went to Mrs. Shafter Ferree, Mrs. E. L. Hedrick, and Mrs. M. G. Edwards. To the bride was given a lovely rhinestone necklace.

The second social compliment was a bridge dinner Thursday evening. Twelve tables were also used at this time, and were placed, as for the morning affair, with a background of summer flowers which were used in abundance in jars and baskets. After the course dinner, games were enjoyed for an hour or more resulting in prizes going to Mrs. Edwin Morris, and Mrs. Bingham. To Miss Adelaide Armfield, bride-elect, was given a piece of lingerie, and to the honoree a card table set.

M. P. CHURCH ANNUAL CONFERENCE, NOV. 6TH

The annual conference of the North Carolina Methodist Protestant church will be held at Calvary church, in Greensboro, instead of the Concord church as first announced, the sessions to begin on November, 6th. Rev. C. W. Bates, pastor of Calvary church, who will be host to the conference, has for a number of years been secretary of the conference. Rev. S. W. Taylor, of Greensboro, is conference president. The conference territory embraces North Carolina and portions of Virginia and South Carolina, there being 93 pastoral charges embraced in the area.
