Community Chest Drive Is Set For Wednesday, 27th

When All Citizens Of Town Will Be Asked To Contribute Towards This Fund

Fill Pressing Need Organized Charity Work Considered One Of Greatest Needs Of Community.

Asheboro has long felt the need of some organized charity similar to that carried on in other towns, and while charity work has been done in Asheboro, and been done very effectively, some of the citizens of the town feel that the time has come for a community drive, for a Community Chest. Such a movement is scheduled for Wednesday, November 27th, when every citizen of the town will be asked to give a substantial sum toward this Community Chest. The funds will then be used for charitable purposes and dispensed by a committee which will investigate each case. This will do away with all private charity as well as each denomination of the town carrying on charity in their churches. The object is to unify the charity, thus making it more effective and efficient.

Time was when there was little need for such work in Asheboro, but as the town grows, and expands in a business way, the need of such a drive grows until this has become one of the town's greatest needs.

It is the object of those who are starting the movement to see every citizen of the town on this day, but the citizens of the town are urged to cooperate with the movement, and not wait to be visited personally to respond to this town-wide movement.

Liberty Young Man Is Seriously Hurt By An Automobile

James Alfred, young son of Mr. and Mrs. Dolph Allred who lives about two miles east of Liberty, was badly hurt about 8 o'clock Wednesday night of last week, when struck by a truck on highway near Liberty, driven by Everett Hinson. The lad was brought to hospital and placed in Randolph county jail on charge of reckless driving and assault. Hinson was apprehended near Ramsour after a long chase by Officer J. E. Dixon, of Liberty.

The accident occurred a quarter of a mile from Liberty as Hinson, driving a truck, met an auto at a point where a truck belonging to John Wesley Staley, of Liberty, was parked by the highway. James Allred and an older brother, Wayne, were said to have been standing by the parked truck. Both were struck by Hinson's truck, it was said. Wayne, however, sustained only minor injuries, while James suffered a fractured skull.

ASHEBORO ROTARIANS ARE GUESTS SILER CITY CLUB

Aged Colored Woman Died Recently In The County

The report of the death of one of Randolph county's oldest colored women one day last week is interesting to the many people who know her. Aunt Lucinda Dorsett, 98 years old, was a native of the western part of Randolph, and it was there that she lived, raised her family and served her community, winning fame among white and colored as a fancy cook. Many of the wedding parties since "before the surrender" sampled this woman's handiwork in the form of wedding cakes, and other dainties. "Aunt Lucinda's" motto being "Do what you do well" was carried out not only in her cooking, but in raising her family, the only two survivors being teachers who are respected in their race. Frank, of Randolph county, and Anna, who has been connected with Bennett College.

Synthetic Rubber of Waste Materials

A heavy truck in daily service of the hardest character has been going for 21 months with tires made of a synthetic rubber which is said to be derived from waste materials largely. The tires are in good condition yet and will be in service for some time. The material is the result of burning of a material now regarded as a common one in a novel chemical process. This is a line compound made from 50 per cent of the tire material and 50 per cent of the waste material.

To Present Pageant Local Baptist Church On Sunday Evening

"America's Calls To Service" To Be Rendered—Sunday School Enrollment Grows.

Next Sunday evening at 7:30 a pageant, "America's Calls to Service," will be presented at the Baptist church, instead of the regular preaching service. Miss Alva Lawrence, Young People's Leader of North Carolina Baptists, is spending the week as the guest of Mrs. O. G. Tillman and teaching a Study Course for the Young Women's Auxiliary, as well as a meeting with the other organizations of the Women's Missionary Society. Miss Lawrence is directing the pageant, which is very interesting, and which all will enjoy.

As a result of the recent Enlargement Campaign in the Sunday School, about 80 per cent increase in attendance has been experienced with new pupils being enrolled each Sunday. The new teachers have entered upon their work with enthusiasm, led by the Superintendent, Mr. E. C. Garner. Classes for all ages are taught, and all Baptist inclined people are urged to attend, as well as those who have no denominational preference. Come and see for yourself what this Sunday School is doing.

Commissioners Get \$25,000 For Schools On Short Term Notes

The Randolph county board of commissioners in called meeting Friday borrowed \$25,000 on short term notes for school purposes from W. O. Gay & Company, of New York, for 6 per cent at par. There was only one other bid for the notes, this being from Bray Bros., Greensboro, who offered 6 per cent, but wanted \$244 bonus.

The chairman and secretary of the board were authorized to renew all tax anticipation notes coming due between date and the regular December meeting.

T. C. Frazier was authorized to replace car belonging to Bud Lowe, same having been burned while employed in transporting gas for the road force.

Asheboro Defeats Candor By A Score Of 26 To 6

The Asheboro high school team defeated Candor in a game of football, on the local field, last Friday afternoon, by a score of 26 to 6. Candor's team was composed largely of heavy men, averaging ten pounds to the man more than Asheboro's. The field was muddy, and many fumbles made.

Asheboro scored in the first, third and fourth quarters; while Candor started a drive to score in the second quarter, Lee and Pressnell stood out in defense of Asheboro's line, while Berger and Crawford made fine runs in Asheboro's attack.

Mrs. P. H. Morris Is Called By Death At Her Home Here

End Came Sunday Morning At Home Of Her Daughter After Long And Useful Life.

Born In Davidson But Moved To Montgomery Where She Was Married, And Moved To Randolph.

Mrs. Miranda Harris Morris, one of the town's elderly and most beloved women, died Sunday morning at the home of her daughter, Mrs. J. D. Ross, with whom she has resided, since the death of her husband, Mr. P. H. Morris, around two years ago.

She was born in Davidson county, but in infancy her parents, Mr. and Mrs. Emaley Harris, moved to Montgomery county. She was educated in the public and private schools of the community, and in early life united with the M. E. church, of which she remained a faithful, loyal and consistent member. Upon moving to Asheboro, Mrs. Morris moved her membership to the M. E. church, South, and was one of the charter members of the Woman's Missionary Society. Throughout her entire life, she put into practice the splendid principles of honesty, fidelity and Christianity which were characteristic of her noble ancestry.

In early womanhood she was married to Mr. P. H. Morris, of Montgomery county, also a person of fine mental ability and character. He was for more than fourteen years Register of Deeds of Montgomery county. Following the expiration of his term of office, Mr. Morris moved his family to Central Falls, where he was associated with Messrs. A. M. Diffe and R. W. Frazier in the ownership and management of Central Falls.

Discount Given For Early Payment Taxes

Those who pay their county tax during the month of November may deduct one-half of one per cent from the amount. It was erroneously stated in these columns that this reduction would extend until the first of the year. During December and January taxes are at par. Thereafter a penalty of one per cent will be added until March, two per cent; April, 3 per cent; and May, 4 per cent. The reduction of one-half of one per cent given during November has already caused the payment of several thousands of dollars in taxes that are usually not collected until after the first of the new year.

J. A. Arnold More Versatile Lobbyist Than Joseph Grundy

Washington, Nov. 4.—Testimony of J. A. Arnold of the Southern Tariff Association and American Taxpayers League before the Senate Lobby Committee reveals him as more versatile than Grundy, Eynaison, Shearer or Senator Bingham.

He suggested in writing that a fund be collected to "build a fire" under Senator Harrison to bring him around on the sugar tariff. "My thought is that weakening the opposition would put courage into the President, and he might stand for the House (sugar) rates in conference. . . . My thought is that the President is the target."

He was working for the repeal of estate tax and had another "thought" that he might obtain the influence of Governor Roosevelt, whose influence and effort could bring about the desired repeal, but the Governor does not remember Mr. Arnold.

In seeking a "contact man" in the Senate to take the place of the late Senator Gooding in connection with Senator Watson's tariff work he learned his Southern tariff work had been designated "to contact with us" and that he would be "assisted by Senator Moses of New Hampshire and Senator Reed of Pennsylvania."

He testified that he was trying to educate the country on tax problems, but admitted he had no expert knowledge of tax matters and that his associations did not employ tax experts.

In one letter he "tipped off" the alleged plans of the Democrats and Progressive Republicans to the opposition, because he thought they would be interested in knowing it.

NOTICE

All parents, teachers and those who are interested in the welfare of the children of Asheboro are cordially invited, and strongly urged to attend the Parent-Teacher Association meeting at the school building Thursday of last week.

Education Week Is Observed With Varied Programs

Helpful Address On Health Delivered Friday Evening By State Health Man.

Dr. Lindley Speaks

Delivered Interesting Sermon During Exercises At School Sunday Evening.

The closing days of American Education Week were observed in the Asheboro school with appropriate exercises.

On last Thursday morning a program was put on at the high school chapel period in observation of Vocational Education Day. Dr. E. L. Moffitt, who was to have delivered an address on the subject of the day, was unavoidably prevented from being present; however, most effective reports and demonstrations were given by the vocational departments of the school—commercial and home economics.

Friday being Health and Recreation Day, two programs were given. In the morning, at the chapel hour, exercises and stunts were performed by the grammar grades.

In the evening a large audience gathered to see a program by the physical education department of the high school, and to hear an address by Dr. Ernest Branch, of the State Board of Health. The first number was a health play by first-year students of the home economics department. After this high school girls rendered in a pleasing and effective manner an Indian war dance and a North Carolina folk dance, and a number of boys did some really remarkable gymnastic feats.

Dr. Branch's address. The evening's program closed with an address by Dr. Ernest Branch, of the State Board of Health, who said in part:

"I am going to discuss the healthy boy and girl as an economic asset. The word economic makes us think of money, but I am going to talk on a different line. Yet I will discuss money for a little while."

The speaker then presented very

Vetching Up Corn Yield

Increasing the yield from practically nothing to 35 bushels of corn per acre through a vetch cover crop is a feat related by W. H. Barton, Edgefield county, South Carolina farm agent. Hear his big little story.

"Henry Woodward, a member of the Agricultural class in the Johnston High School, sowed a poor, deep sandy acre of land to vetch last fall, and planted it in corn after turning the vetch in fall bloom.

"He only applied acid and kainit to the corn after vetch, and the yield was 35 bushels per acre regardless of the extremes of wet and dry weather last summer.

"Now listen! He planted corn immediately adjoining this where no vetch had grown, and fertilized it the same and it didn't produce over a bushel per acre in the opinion of Prof. G. W. agricultural teacher. A

Junior Music Club Holds Interesting Meet At Ramsour

And Is Hostess To Music Clubs Elsewhere In County—Musical Program Given.

Ramsour, Nov. 19.—The Junior music club of Ramsour entertained informally Saturday, November 16, honoring Mrs. Herbert Coble, Junior District Chairman of Federated Music Clubs; also Fletcher Moore and June Carol Coble, Burlington Junior. The music clubs of the county were also invited, Liberty having the largest delegation. Twelve of their members, accompanied by Mrs. Troy Smith, Mrs. Clyde Luther and their teacher, Miss Octavia Hatch, were present. Franklinville was also represented by four members of their music department. Mrs. Coble gave a very interesting and inspiring talk on the value of music clubs and music study. Following the talk a short program was rendered, Fletcher Moore playing two piano solos; June Carol Coble, two piano solos; and also several songs and readings with Mrs. Coble as her accompanist. The Ramsour quartette, consisting of Dorothy Dixon, Ruth Covington, Lala Kivett and Louise Thomas, sang one selection, after which the club gave an informal reception, serving cocoa, sandwiches and pickles.

Musical Program Friday Night

Mrs. Benbow, Miss Nell Clapp and Mrs. Oscar White, of Greensboro, gave a most delightful entertainment Friday evening in the school auditorium. The program consisted of readings, songs and piano solos. Mrs. Benbow's singing of old-fashioned songs was especially enjoyed. Miss Clapp accompanying and piano playing deserves the highest praise. Mrs. White's readings and impersonations were enthusiastically received, especially the last number: "It Takes a Heap O' Livin'."

Red Cross Roll Call Drive Is Satisfactory

Mrs. W. A. Underwood, chairman of the Red Cross Roll Call in Randolph county, staged from Nov. 11 to 25, inclusive, a well planned and responsive to this movement, which is an annual event in the county. The money collected during these calls, half of which is spent in the county, was used last year for educational work in the county schools. The other half goes to the national organization. Miss Rose Thomas, a Red Cross nurse, taught a practical course in four of the county schools last year, and the work was continued this fall with a course taught in one of the county schools. It is hoped by Mrs. Underwood that sufficient funds will be available from the roll call this year to further carry on this work. Sale of Red Cross Seals will begin immediately following the close of the roll call and continue until Christmas.

IN MEMORY

Many hearts were made sad on the evening of Nov. 9th when the life of G. H. Richardson went out in death. He had been suffering for four weeks with heart trouble and all was done for him that could be done by loving hands, but nothing gave him relief until the Lord called him home. The deceased was a loving husband, devoted father and an affectionate friend. Some 45 years ago he was married to Miss Minty Kindley and to this union God gave two children, M. W. Richardson and Mrs. C. A. Walker. It seems so hard to think of our dear one closing his eyes in death and leaving his loved ones behind. Regardless of his suffering his whole desire was to meet all his loved ones in heaven: He said he was ready to go.—Contributed.

Great Progress In Education Is Made In North Carolina

North Carolina has made as much if not more progress along the lines of public education within the past 29 years than any other state in the country, considering what the State had to build on in 1900. While the school population in the State has increased 50 per cent in this 29-year period, the school enrollment has increased more than 90 per cent. Attendance has increased 170 per cent and the average number of days in the school term has increased 370 per cent. The cost of maintaining these schools has increased but 11 times more than in 1900.

For while the state expended only 1,000,000 on its public schools in 1900 and spent approximately \$26,000,000 for schools in 1927-28, it must be remembered that it takes \$2.32 now to equal the purchasing power of \$1 in 1900. Thus the expenditure now is really only about 11 times more than in 1900.

Another indication of the advancement that has been made is in the increased number of high schools and of high school pupils in the state. This is further emphasized by the fact that it costs two-and-a-half as much to give instruction to high school pupils as to an elementary school pupil. In 1900 there were practically no high schools in the state.

Following is honor roll second month Ramsour school: First Grade: Sibyl Brown, Elizabeth Cavness, Georgia Cavness, Doris Paulina, Betty Joyce Jones, Mary Anne Parks, Mary Jane Smith. Second Grade: Frances Eubank, Esther Burgess, Mary Lee Brown, Louise Duggan.

Voters To Decide On Hospital Bonds Tuesday, Dec. 21st

Call Issued For Election To Decide If City Will Issue \$25,000 In Bonds.

Community Hospital

Is Project In Mind, With County And Duke Foundation Furnishing Balance.

Notice has been given that a special election will be held in Asheboro on December 31st for the purpose of determining whether the qualified voters will authorize the issuing of \$25,000 in bonds toward the expense of erecting a community hospital. This is in accordance with a plan previously outlined whereby the city and county may secure the financial assistance of the Duke Foundation in the erection and maintenance of a hospital. The bonds, if authorized and issued, would have to be supported by a tax levy sufficient to pay the interest and retire the principal in a given time.

This election was previously set for Tuesday, November 26, but due to a technicality arising over the city's valuation, it was necessary to start all over again with the legal procedure and therefore defer the date of election.

The city board has designated A. H. Crowell to act as registrar for the election and Dr. M. G. Edwards and J. H. Kivett as judges of election. A new registration for this election has been ordered, and those who desire to take part must register. Beginning on Monday, Dec. 2, and ending Dec. 21, the second Saturday before the election, the registrar will keep the books open for registration of voters from 9 a. m. to 6 p. m., and on each Saturday during the registration period, the book will be kept open at the court house, polling place designated for the election.

Notice of the passing of the resolution authorizing the submission of this hospital matter to the voters of the city and notice of the special election was first given last week. Several weeks ago both the board of city commissioners and county commissioners adopted resolutions approving such a plan for the financing of the hospital. Prior to that time Dr. W. S. Rankin, of the Duke Foundation, explained the project to a representative gathering of citizens of the county at a meeting held in the social rooms of the First M. E. church, in Asheboro.

There has been little said pro and con with reference to the hospital until the past few days, but with the notice of special election it may be expected that the proposal will be the subject of considerable discussion during the coming weeks.

Prize Is Offered Student Who Makes The Best Average

Ramsour Parent-Teacher Association Would Stimulate Good Grades In School.

Ramsour, Nov. 19.—The Parent-Teacher Association has offered a prize this year to the student in Ramsour high school who has the highest average for the year. The competition for this coveted honor seems to be getting keener all the time, and the announcement of the ten leaders is awaited each month with great interest. The holder of tenth place for the first month had an average of 90, but so fierce is the fight that it took an average of 92.3 to capture the last place in the select circle this past month.

First Month 1, Charles Dorsett; 2, Eugenia Lane; 3, Vernon Pell; 4, Geneva Cox; 5, Louise Thomas; 6, Alice Wright; 7, Marie Cox; 8, Beale Cox; 9, Ollie Mae Beane; 10, Mike York.

Second Month 1, Tie between Charles Dorsett and Vernon Pell; 3, Eugenia Lane; 4, Louise Thomas; 5, Dorothy Dixon; 6, Geneva Cox; 7, Alice Wright; 8, Ollie Mae Beane; 9, Thomas Green; 10, Cleo Needham.

Another interesting fact is the improvement in the work of the second month of school this year over that of the same period one year ago. Last year 31 per cent of the grades given the second month were falling grades, while this year we are glad to say that the per cent of failing grades has been reduced to 18 per cent.

Honor Roll For Second Month

Following is honor roll second month Ramsour school: First Grade: Sibyl Brown, Elizabeth Cavness, Georgia Cavness, Doris Paulina, Betty Joyce Jones, Mary Anne Parks, Mary Jane Smith. Second Grade: Frances Eubank, Esther Burgess, Mary Lee Brown, Louise Duggan.

Third Grade: Mary Duggan, Charles Samuel Dixon, Lela Cavness, Los Cavness, Willie Dixon, Edna Dixon, J. W. Smith. Fourth Grade: Willie Dixon, Edna Dixon, J. W. Smith.
