## Asheboro Schools Show Increase in Primal Enrollment

First Day's Records Show 1247 On Roll Against 1201 Last Fall Opening Day.

### Adds New Subject

Superintendent Hilker Will Instruct Two Classes In Economics; Wide Interest.

School has started off for both the white and colored children of Asheboro in quite a satisfactory manner, according to the superintendents of both schools.

Enrollment in the white schools has reached 1247. During the first week last year the total number was 1201. The number of first grade children this year is 128 while the enrollment last September was 160. Enrollment in the freshman class this fall is 147, as compared with 128 last fall. There are 84 students taking commercial work this year and 100 taking home economics; last year the numbers in these departments were 75 and 98 respectively. Total enrollment in the elementary school is now 872; the first week of school last year it was 844. There are 375 students in high school now; the first week of school last year there were 357.

A new subject has been added to the high school curriculum this session. This is economics, which is being taught to a class of tenth and eleventh grade students by Superintendent R. J. Hilker. The new course is creating much interest for itself. The latest figures from the superintendent's office show the enrollment by rooms as follows:

- Miss Lovett's first grade, 43.
- Miss Cockerell's first grade, 43.
- Miss Moffitt's first grade, 42.

- Mrs. Prevette's eighth grade, 35.
- Miss Robertson's eighth grade, 24.
- Mr. Sanderson's eighth grade, 44.
- Mr. Johnson's ninth grade, 49.
- Miss Taylor's ninth grade, 55.
- Miss Ayers' tenth grade, 40.
- Mr. Campbell's tenth grade, 39.
- Miss Lambert's eleventh grade, 45.

## Randolph County's Building and Loan Offers New Series

Popular Demand From Those Who Would Build Homes Makes This Necessary

The Randolph County Building and Loan Association will open a new series on October 1st, for those who wish to take advantage of taking new shares. It is not the custom of the Association to open the business for shares except in the spring, but this is done at this time in order to accommodate many people who are building new homes and who have not already secured shares.

According to Lee M. Kearns, secretary and treasurer of the Association, the past year has been a most successful one and it has been possible to make loans all during the year. The mortgage loans now in force amount to \$329,954.00 with stock loans amounting to \$7,634.00.

This is the twenty-third series of the Randolph County Building and Loan and it looks as if it will be well subscribed for. Not since 1929 has it been deemed necessary to open the second series during any one year, the annual open season being considered sufficient to take care of the customers. The last series of this company's business open for the public was in February 1934 and was considered a most satisfactory series by Mr. Kearns, who feels that the opening of a series of shares at this time will enable many to build homes of their own could not otherwise do so and it will, therefore, be a source of accommodation to many people.

### New Shop In Randleman

A new shop opened in Randleman this week and called the Marion Shoppe with Mrs. J. C. Wall in charge, is designed to solve the sewing problems of the Randleman ladies. ## Everything Points To An Excellent Fair Oct. 2 - 6

A somewhat general survey and check over the county concerning the possibilities for a good Fair for Randolph this year, reveals the fact that there is a very deep and general interest in practically every section. Especially are the county folks interested in the agricultural livestock and textile exhibits, according to ex-sheriff Ben Millikan, who is vice-president of the Fair Association. Other officers of the Fair, W. A. Bunch, and C. M. Hayworth, president and secretary of the organization, have similar reports that are county-wide.

People are already assembling their exhibits in connection with the interest and talk about the Fair. The prospects for the agricultural exhibits are the best for many years. Climatic conditions have been favorable this year and farm products are abundant and of excellent quality. Rumors from the eastern section of the county indicate that the farmers of that section plan to "show the farmers of western Randolph what real farming is" by their exhibits at the Fair. None thinks, however, that the farmers along the Uwharrie ex-

## Undergoing Renovation

The above is the Bank of Randolph, the oldest banking institution in the county, established in 1897. This photograph was made some years ago during the days of the horse and buggy and shows the drinking fountain in front of the building. The home of this bank is undergoing further changes and is now being thoroughly renovated inside. The plans call for enlarging the building and the erection of an outside steel stairway which will further change the outward appearance of the building. During the period of work, the banking business is being transacted in the former location of the Asheboro Bank and Trust Company on Depot street. It is hoped that the work now in progress will be completed within sixty days.

## Pearly Freeman Will Open New Place On Highway 70 Soon

Among the many new buildings in and around Asheboro that are a part of the recent building program, is the filling station and modern cafe built by Pearly Freeman on highway 70, two miles north of Asheboro. The building, which is nearing completion, is a filling station and dining room. The main dining room is attractive in design and style as are the smaller private dining rooms.

Mr. Freeman plans to serve good food in this new place that will add further to the attractiveness of the dining department. An interesting contest of skill is in progress concerning the name of this new place as Mr. Freeman is asking for suggestions from the public.

## Seagrave Grange Hears Echoes From County Meeting

School Opened Thursday In New Building; Large Enrollment Recorded; More Prospects.

Seagrave, Sept. 18.—Seagrave Grange No. 816 held the regular meeting on Tuesday. Some matters of business were disposed of and several talks on timely topics were heard from the members of the organization. Echoes were heard from the county Grange meeting held at Trinity last week. Later a chicken stew and fish fry was enjoyed by the members of the Grange and several friends.

The Seagrave school opened Thursday, September 13th, with an enrollment of 378; several more are expected to enroll later. The new building was ready for the opening although there is considerable equipment lacking. The first and second grades have tables and chairs but the other rooms are furnished with new desks. J. M. Green is entering upon his fourth year as principal. He is assisted in the high school by J. H. Lineberry, G. A. York and Miss Lena Russell. In the grades by Misses Hazel Auman, May Wrenn, Jessie Wood, Maple Lawrence, Mary Auman, Alberta Auman and Strawda Hare.

Wednesday evening, September 12, Mrs. R. R. Auman, assisted by Mrs. C. L. Scott, of Asheboro, entertained a number of young people at the home of Mrs. Auman at Steeds, honoring Mrs. Auman's daughter, Miss Mildred's birthday. Toasts and games were enjoyed during the evening. The guests were invited into the dining room for refreshments. The dining table was attractively decorated in the color scheme of yellow and green. The centerpiece was a large birthday cake with lighted candles. Ices were served. As the guests departed punch was served on the front porch by Mrs. Scott. Miss Auman was the recipient of a number of attractive gifts. Those attending were Misses Hazel Graham, Catherine Pressnell, Lucy Brooks, of Asheboro; Maple Lawrence, O'Brien Leach, Alice Hunt, Mary Lilly, Jew-

## National Re-Employment Office To Re-Open Here

The re-opening of a national re-employment office for Asheboro was announced this week.

Wade Renfrow, manager of the district reemployment office at High Point in the city Tuesday, making arrangements with Mrs. Worth to reopen the reemployment office here for the convenience of Randolph county people. While here he said that his office would mail out immediately cards to every Randolph county person registered with the National Reemployment Service, and on this card the question will be asked if the person registered to whom the card is directed is yet unemployed and wishes to remain in the active files of the national reemployment office. He urges that Randolph county people fill out the card as quickly as received and return same to his office immediately so persons who have employment now and people who are yet unemployed may be given consideration accordingly.

A few people have already been given employment on the new post office work.

Mrs. Hal Worth, who was employed in the National Reemployment office here, during last winter, will be in

## Canning Work In County Has Proven Satisfactory

Sheriff King Must Sell Land For Tax On October First

As has been previously announced several times the Board of County Commissioners has ordered that land on which the 1933 tax has not been paid, be advertised and sold the first Monday in October. The object of this notice is to urge all who have not yet done so to come forward at once and pay up, and thus save additional advertising and sale costs.

Yours truly,  
C. E. KING, Sheriff.

Miss Margaret Hammond, Emergency Demonstrator, Makes Splendid Report.

### Work With Pellagra

Canning Will Continue On Saturday In Asheboro Throughout Garden Season.

During the summer months a very valuable part of the local welfare program has been the home demonstration work under which department canning has been going on. Miss Margaret Hammond, of Asheboro, has been serving as emergency director of this phase of the work and reports a total number of 31,534 quarts of fruits and vegetables canned under her supervision. The financial value of this canned goods is estimated at \$4,731.10.

Miss Hammond has visited 942 homes of the 402 white and 79 colored people enrolled on the relief records in Randolph county. It is estimated that 752 of these families have summer gardens. There is no record on this report of winter gardens. Thirty five demonstrations in canning have been given, two food preparation demonstrations, ten sanitation demonstrations and twelve home improvement plans are included in Miss Hammond's report of her activities. Thirty-five homes have been used for canning in the eighteen communities where the canning has been in progress. The community cannery at the welfare office in Asheboro has been the scene of the principal work in canning, however. Miss Hammond and her committee have worked with 513 of the 526 white families and 241 of the 279 colored families on the relief rolls.

### Other Work

In addition to the canning, 82 pounds of vegetables have been dried, and 76 pounds of fruit dried. There have been ten volunteers who have aided in the canning and drying of vegetables and twelve paid assistants. Miss Hammond has held ten training schools for her leaders during the summer with full attendance.

It was found by this group of workers that pellagra exists in forty-five homes in which these workers have been and that they have offered plans and literature for the prevention and cure of this disease. Especially commendable and of a constructive nature is the work of this department among the colored people. A colored woman, Effie Caddell has been invaluable among the work of her own class and several others have also joined forces to put over their part of the program with most satisfying results.

### Work To Continue

People in Randolph who realize what Miss Hammond has actually accomplished are delighted with her achievements and feel that this is a very definitely constructive piece of work for the county. Miss Hammond has already begun teaching in one of the county schools, but because the supply of vegetables and fruits is still abundant in this section, Miss Hammond is directing canning and drying each Saturday at the local welfare office. It will be impossible to get out into any of the homes of the county for this work, but it will be a great help for it to continue on Saturdays. Miss Hammond estimates that there will be at least 1,000 more cans filled during the season.

Pain is essential. It teaches men to take care of themselves.

## REVIVAL MEETING BEGINNING AT MARLBORO, SUNDAY, 23RD
