People remember, and in remembering they recall the things that made them happy as well as the things that made them unhappy. And when they think of any business, be it this year or years hence... what they think makes that business' reputation. Our reputation is many years old and we guard it carefully. It is our foundation stone. What people say of us has been and is, our chief concern. If they speak well of us we know we have done a good job of service. That's it... service!
