### Several Resolutions Offered And Adopted

### Adjourned Session Will Be Held With Board Of Education On Thursday, Dec. 19

The December meeting of the board of commissioners of Randolph county was unusually busy with a multitude of details of the county's business. All members of the board were present and an effort was made to clear all matters of business before the new year brings the next regular meeting of the board.

The usual matter of relief from poll tax, refunding of small amounts from other taxes and such, were cleared from the records of the group. In response to a call from Caswell training school at Kinston, for Christmas gifts for the six Randolph county children who are being cared for in that institution, the commissioners allotted \$5.00.

Relating to the matter of tax foreclosures, in charge of L. T. Hammond, local attorney, it was the sentiment of the group that monthly reports from the attorney would be received.

The sheriff's report of taxes for the county proved an interesting item of the meeting. The total balance of uncollected taxes was reported as \$165,156.53. Cash remitted since last report was given as \$20,000.00.

The group adopted the resolution to sponsor the sewing room project formerly operated by the F. E. R. A. but now under the W. P. A. The resolution was adopted to continue to sponsor the sewing room and the women's work projects for this county.

All evangelical ministers of the county are eligible for membership and are invited to enroll.

Thursday morning at nine o'clock a congregation representing all the churches of Asheboro met in the Friends church to observe the Thanksgiving season with appropriate community worship. The sermon delivered by Rev. H. P. Howell, pastor of the Methodist church had to do with the gospel story of the ten lepers who were cleansed by Jesus, only one of whom returned to give thanks. The moral of the story, clearly applied by the preacher was to show how easy it is to pray for relief from trouble and how natural it is to forget to return thanksgiving for God's mercies. An offering was taken for the Orphans' Homes.

## Two Communities Find Themselves Still Incorporated

### After Many Years Election Stands With Officers Fully Clothed With Authority

### Trinity & Archdale

### Disbanded Incorporation For Free Paving Of Streets But Now Desire Sewer System

Trinity and Archdale citizens who thought they were living in communities that were not incorporated found that this was not the case. The matter came up in connection with the recently formed sanitary district and they requested the government for an appropriation to find that their communities were already incorporated with separate governing bodies.

It happens under the laws of North Carolina a town cannot automatically disband itself, rather a special act of the legislature is necessary to break up an incorporated town, the same as is necessary for creating a town. The law of this state further provides that if an election is not held at the regular time, those chosen at the election will continue to serve until otherwise displaced. It was recalled that back in 1920 such an election was held. Horace Ragan, therefore, acting as mayor of Archdale, called the following members of the city council together and adopted a resolution placing the town of Archdale in the proposed sewer district. H. A. Tomlinson, L. C. Andrews, O. E. Wilson, Ely Mendenhall and the late J. W. Blair.

N. C. McDowell is mayor of Trinity. Bruce Craven, H. M. Cranford and J. C. Pepper were the other councilmen present. W. C. Massey and T. E. Storey were originally elected to the council, but since that time they have moved to other communities.

Trinity's mayor and council were chosen about 10 years ago at an election. Several years ago at the state legislature a measure was passed, making that body permanent until further action is taken by citizens.

Successors to those who have died or moved away in either council may be appointed by the present members and the governing bodies continue permanent. However, since there have been no council sessions, the governing groups have practically been lost in the haste of Father Time.

These small towns require little governing and no taxes have been levied, but the councils disbanded

### Civil Court Will Follow Criminal Court, Beginning On Monday, December 9th

Randolph county superior court for the trial of criminal cases opened the regular session of December court on Monday, 2nd, with Judge John Clement on the bench. Judge Clement opened court with a forceful charge to the jury of which J. W. Hill is foreman with L. J. Allen, foreman of the grand jury. Judge Clement very carefully pointed out the duties of the jurors and the importance of law enforcement.

Solicitor Charles Coggin is prosecuting the docket which is a rather heavy one with a large number of somewhat minor cases, chiefly violation of the prohibition laws. The only manslaughter cases on the docket was that of W. A. Grimes, who was charged with killing Mrs. George Simmons and small son on highway 70 south of Asheboro. The grand jury did not find a true bill in the case, however, and it was dismissed. This case came up on Wednesday.

The case of Dougal Calrk, charged with resisting an officer, was tried on Wednesday. Clark was given four months.

In the case of John Gray, charged with temporary larceny, a thirty day road sentence was imposed. Robert Burris and Henry Robertson were given three months for breaking and entering. Bill Inman was sentenced to sixty days on the state roads for carrying concealed weapons and in a reckless driving charge, a thirty-day sentence was imposed.

The Liberty Bulldogs closed their season Friday, Nov. 22nd, with a score of Liberty 6—Asheboro 0. Total score for the season being Liberty 254, Opponents, 7.

The fact that, with the exception of Willard at left end, not one lineman came under six feet in height nor weighed less than 170 pounds accounts for the defensive strength of the team. Its nice blocking on offense also accounted for in a large way the
