

# News And Views Of Interest To Randolph Farmers

## Timely Farm Questions Answered At N. C. State

Question: When should I make the first culling of my breeding birds?

Answer: The cockerels and pullets to be used as breeders should be selected when the birds are from eight to twelve weeks old. Select only those birds that show good health and high vitality. A broad, deep, well-balanced head, prominent, bright eyes, full breast, and strong straight legs set squarely beneath the body indicate health and vigor. Watch the birds selected all through the growing season and those that lack vigor or are slow in developing should be discarded.

Question: If a farm is located in two counties should the owner make application and submit a work sheet in both counties?

Answer: No. The work sheet and application is submitted in the county in which is located the headquarters of the farm. Where the owner or operator lives is supposed to be the headquarters and this will establish the county in which the application is made. However, where the owner or operator does not live on the farm and maintains no headquarters then application is made in the county in which the largest part of the land is located.

Question: How close should sweet potato plants be set to secure best results?

Answer: Plants should be spaced 12 inches apart in rows from three to three and one-half feet apart. This planting reduces the number of "Jumbos" and also reduces the losses from stem rot. Where the crop is to be harvested for the early market the plantings should be made at least 18 inches apart in three foot rows. Plantings should be made on high ridges, if possible, as better stands are secured than when planted in low places.

### FARM WOMEN TO HAVE REDUCED TRAIN RATES

College Station, Raleigh, April 30.—Reduced rates will be given North Carolina farm women who travel by train to the world-wide conference of the Associated Country Women of the World, to be held in Washington, May 21 through June 6.

When buying their tickets to Washington, said Dr. Jane S. McKimmon, state home demonstration agent at State College, the women will be given certificates by the ticket agents. In Washington, the certificates may

be used to buy the return ticket for one-third the cost of the trip to the nation's capital.

### Recruiting Office Open

C. L. Bixler, chief water tender, U. S. Navy, in charge of the Navy recruiting station located in the federal building, Greensboro, announces that the Navy enlistment quota for the two Carolinas, in the month of May, has been set at 70 men. 62 of this number will be enlisted as apprentice seamen and 8 as mess attendants. Mr. Bixler stated that only men of the Negro race are enlisted as mess attendants.

## Payment Plans Are Given For Various Erosion Practices

Soil Improvement Program Has Many Phases Under New Plans Announced

### Grower Has 1 Payment

Soil Building Program Payment Cannot Exceed Number Of Dollars In Crops

College Station, Raleigh, May 4.—Rates of payment for various soil-building practices in North Carolina this year under the soil-improvement program were announced today by Dean I. O. Schaub, of State College.

For seeding any of the following crops between January 1 and October 31, 1936, with or without a nurse crop, either alone or in connection with perennial grasses, provided that such seeding is at a normal rate per acre for the locality, payment per acre shall be thus:

- (1)—Alfalfa, sericea or Kudzu, \$2.
- (2)—Red or mammoth clover, \$1.50.
- (3)—Alsike, sweet, white, bur or crimson clover; Austrian winter peas, vetch, annual lespedeza or crotalaria, \$1.
- (4)—Legume mixtures containing by weight more than 50 per cent of the legumes in (1) or (2), \$1.50.
- (5)—Legume mixtures containing by weight more than 50 per cent of legumes in (3), \$1.

For plowing or disking under as green manure any of the following crops, between the dates specified, and provided that the crops will have attained at least two months' growth, payments per acre will be as listed:

However, a grower will not be entitled to two payments, one for seeding the crops listed above and one for plowing them under. If he plows them under, the plow-under payment will be the one he will receive.

Soybeans, velvet beans, cowpeas, sweet clover, lespedeza, or crotalaria plowed under between July 1 and October 31, 1936, \$1.50. Crimson clover, Austrian winter peas, or vetch plowed under between March 1 and June 1, 1936, \$1.50. Rye, barley, wheat, Italian rye grass, winter oats, or mixtures of these, between March 1 and June 1, \$1. Sudan grass, millet, sorghum, between July 1 and October 1, \$1.

For planting forest trees on crop land or non-crop pasture land between January 1 and October 31, 1936, the rate of payment is \$5 per acre.

For applying between January 1 and October 31, 1936, ground limestone or its equivalent on land used this year for any soil-conserving crop; or land on which any of the soil-building practices listed above, except planting forest trees, are carried out; or land on which small grain is seeded between September 1 and October 31, 1936, in preparation for carrying out after October 31 one of the soil-building practices listed above, the rates of payment will be as follows:

Applications of not less than 1,000 pounds to the acre, \$1; of not less than 2,000 pounds, \$2; of not less than 3,000 pounds, \$3; and of not less than 4,000 pounds, \$4.

One hundred pounds of ground oyster shell, 70 pounds of hydrated lime, or 50 pounds of burned lime will be considered the equivalent of 100 pounds of ground limestone.

For applying 16 per cent superphosphate under the same conditions laid down as for ground limestone, the payment per acre will be 50 cents when not less than 100 pounds is applied to the acre, \$1 for not less than 200 pounds, \$1.50 for not less than 300 pounds, \$2 for not less than 400 pounds, and \$2.50 for not less than 500 pounds per acre.

Slightly higher payments will be made for adding 50 per cent muriate of potash to the superphosphate.

For controlling erosion upon crop land which county committees find in need of terracing or sub-soiling, payments will be thus:

Terracing with a sufficient amount of properly constructed terraces to give adequate protection against erosion, 40 cents per 100 feet of such terraces, but not to exceed \$2 an acre.

Sub-soiling to a depth of at least 18 inches with furrows sufficiently close together to completely break the sub-soil, \$2 an acre.

Dean Schaub also pointed out that the total amount of soil-building payments on any farm cannot exceed a number of dollars greater than the number of acres in soil-conserving crops, except that no farm will be limited to less than \$10.

### CHATHAM COUNTY TO INVEST IN DAIRY CATTLE

Pittsboro, May 4.—Dairymen of Chatham county will invest \$1,320.00 in new dairy animals as soon as suitable cows can be located, reports county agent H. M. Singletary. Arrangements were completed last week whereby this amount of money was made available to the farmers. Twenty-one dairymen will cooperate in the purchase of from one to four cows each. A herd of grade cattle on the farm of A. E. Craft of Pittsboro, route 2, was inspected last week and the use of a good herd sire was reflected in the increased production records, Singletary says.

### Birth Control Information

Colorado Springs.—Authorized medical direction of birth control information was approved Monday by resolution at the Young Woman's Christian Association convention here, after a warm discussion of several days had been held.

## Mr. Hoey Presents The Official Figures Of State Finance

Shows That Corporations Pay Almost \$13,000,000 Yearly To State

### Adds Two And Two

Reviews Progress Of Schools And Educational System In North Carolina

Raleigh, May 4.—Carrying his campaign for the Democratic nomination for governor into Western North Carolina, where for more than 30 years he has waged his party's battles against the Republicans, Clyde R. Hoey warned Democrats against "the enemy within our ranks."

"We have a strange situation today," said Mr. Hoey. "We have a man who is seeking the Democratic nomination for the high office of Governor on a platform of attacking the record of the party."

"Ralph McDonald charges that the Democratic party is machine controlled and is dominated by corporations and wealth. He says that Democratic administrations have crippled the schools and betrayed the people."

"I submit that if these charges are true, then the Democratic party is not fit to govern North Carolina and should be thrown out of power. But if these charges are not true, then I submit that the man who makes them it not fit to receive the Democratic nomination for governor."

Answering the charges one by one, Mr. Hoey presented official figures showing that corporations pay almost \$13,000,000 a year into the state treasury in franchise and corporation income taxes. The North Carolina corporation franchise tax is exceeded

by the rate in only four states in the union, he said, while the North Carolina corporation straight 6 per cent income tax is the second largest in the country. When the two are added together, he said, the corporations in North Carolina pay more taxes to the state than do corporations in any other state.

"And in addition to that," said Mr. Hoey, "they pay every cent of property tax that is paid by any individuals."

"Maybe we should tax some corporations more," said Mr. Hoey. "That will be a matter for the next legislature to decide. And also, it may be that we can find new sources of taxation. But the man who says that the Democratic party of North Carolina has taxed corporations less than they would be taxed in other states is not telling the truth."

Mr. Hoey reviewed the progress of education in this state, pointing out that North Carolina is the only state in the union which operates its schools and maintains its roads without resorting to a tax on land.

"I agree that we should pay our teachers more, that we should provide more money for the schools," he said, "but I want to remind you that if the state had not taken over the schools when it did, in many counties the school doors would have been closed and teachers would not have been paid anything at all."

"Now that conditions have improved, we should put more money into education and provide free text books for the school children. This I am in favor of doing at once."

### Collided With Truck

George Robbins of Asheboro figured in a wreck Saturday night when the roadster he was driving collided with a cabbage truck driven by a man from Winston-Salem. The accident occurred two miles out from Seagrave. Both vehicles were damaged, but no one was hurt.

The British film "King of the Damned," has been banned by France.

## Deaths

**Robert F. Swaney**  
Funeral service for Robert Farrell Swaney, 24, who died Monday in the Guilford county sanatorium, will be held Wednesday afternoon at 2:30 o'clock at St. Paul's church in Randleman.

Mr. Swaney is survived by his parents, Mr. and Mrs. W. R. Swaney; two sisters, Mrs. Leslie Starns, Miss Frances Swaney; one brother, Wade Smith, all of High Point.

**Mrs. S. D. Garvin**  
Mrs. S. D. Garvin, of Siler City, formerly a resident of Asheboro, died at her home Monday after a lingering illness. Burial will take place at Bedford, Va., the old home of the deceased. Among the survivors are: Mr. Garvin; one daughter, Mrs. Katie Clark of Siler City; two sons, W. A. Garvin, Hopewell and S. Clay Garvin of Siler City.

**W. D. Curtis**  
William Dennis Curtis, 84, was found dead in his bed Monday morning at his home near Randleman. Funeral service was Tuesday at Bethany Methodist Protestant church near Worthville.

Mr. Curtis was married 59 years ago to Roxanna E. York who preceded him to the grave a year ago. If he had lived until Wednesday, he would have been 84 years old.

He is survived by the following children: R. C. Curtis of Franklinville, route one; C. L. Curtis of Greensboro; W. B. Curtis of Randleman; Mrs. Floyd T. Yow of Greensboro; Mrs. R. F. Lynch, Lula and Mary of the home place.

### ROWAN COUNTY RUNS 244 ACRES OF TERRACE

Salisbury, May 4.—Terraces have been completed on 244 acres in Rowan county and additional terraces are being run on land that will not be cropped this year or where the plantings are late, reports assistant county agent R. R. Bennett. The largest acreage was on the farm of C. L. Beaver of the Bear Poplar community who had terraces run on 150 acres. The next largest was on the farm of C. O. Doty who had 45 acres terraced. This was followed by F. D. Patterson with 37 acres and R. B. Patterson with 12 acres, Bennett states.

Two thousand black locust seedlings were set last week of four Transylvania farms.

### Memorial Service

"The annual memorial service honoring the memory of the ones who have been buried in the Cedar Falls M. P. cemetery, will be held at the Cedar Falls M. P. church Sunday, May 10th.

## LEGALS

**NOTICE**  
Having qualified as Executor on the estate of Reece Cox Stout, deceased, before R. F. Routh, Clerk of Superior Court of Randolph county, all persons having claims against said estate are notified to present them to the undersigned, duly verified, on or before the 2nd day of May, 1937, or this notice will be pleaded in bar of their recovery; and all persons owing said estate will come forward and make immediate settlement.

This 29th day of April, 1936.  
R. W. STOUT, Exr.  
Rt. 1, Randleman, N. C.  
6t m 1 8 1g 22 29 j, 36

### NOTICE OF DISSOLUTION

The partnership of George W. Wrightsell and H. Boyd Reitzel, trading as the Liberty Milling Company, of Liberty, North Carolina, has this day been dissolved, and said H. Boyd Reitzel will not be responsible for any future obligations made by said Company.

This the 21st day of April, 1936.  
H. BOYD REITZEL.  
4t pd a 24 m 1 8 15 36

### NOTICE

State of North Carolina, County of Randolph. In the Superior Court.

Annie Hughes Gordon, Plaintiff, vs. Purn Gordon, Defendant.

The defendant, Purn Gordon, will take notice that an action entitled as above has been commenced in the Superior Court of Randolph County, North Carolina, for Alimony without Divorce; and the said defendant will further take notice that he is required to appear at the office of the Clerk of the Superior Court of said County, at his office in Asheboro, N. C., within thirty (30) days after the service of this notice, and answer or demur to the complaint in said action, or the plaintiff will apply to the Court for the relief demanded in said complaint. This the 7th day of May, 1936.

EVERETT BOLING, Asst. Clerk of the Superior Court  
4t 5 8 36

### Fewer Aches and Pains, More Health and Pleasure

PAIN drags you down—physically, mentally, morally.

Why continue to endure it? Try Dr. Miles Anti-Pain Pills for Headache, Neuralgia, Muscular, Rheumatic, Sciatic, and Periodic Pains. They seldom fail.

Dr. Miles Anti-Pain Pills are pleasant to take and prompt to act. They do not upset the stomach, cause constipation or leave you with a dull, depressed feeling.

Ask your druggist or any of the hundreds of thousands enthusiastic users. Probably you too can find relief.

I think all Dr. Miles medicines are wonderful, but Anti-Pain Pills are my favorite.

Mrs. Doc Blankenship, Stamford, Texas. I have used your Anti-Pain Pills only a short time, but they have given me prompt relief. They did for me in a week more than any other medicine I had taken for a year. Phil Goller, Milwaukee, Wisconsin.

I am never without Anti-Pain Pills. I think they are much better than anything else I have ever used. Sometimes when I am tired and nervous, and feel like I would go under, I take two Anti-Pain Pills and in a short time I feel like a different person. Mrs. S. Tidbach, Stroudsburg, Pennsylvania.

Your Anti-Pain Pills have been used in my home with wonderful results. I recommend them.

Maggie Belle Dudley, Vanceboro, N. C. Your Anti-Pain Pills helped me a great deal. I have used them for years. I carry them everywhere in my purse and always keep them in the house. They have saved me a great many sick headaches. Mrs. Jennie Neill, Coronado, Calif.

## Repairs ON YOUR HOME SHOULD NOT BE DELAYED.....

Let us explain

### The BIRD FINANCE PLAN

IN COOPERATION WITH THE NATIONAL HOUSING ACT

PROPERTY does get "run down." Most home-owners would like to fix it up and protect their investment, but few are able to pay immediate cash.

The BIRD FINANCE PLAN (formulated in cooperation with the National Housing Act) now offers a convenient natural solution. It permits you to repair, modernize, improve your property and pay out of income each month. There is no investigation charge, no down payment, no red tape, no delay.

Just two simple forms to fill out. Then place your order for BIRD roofing, siding, wallboard, building products.

We will handle all details for you.

## BIRD BUILDING PRODUCTS

### The Home Building, Inc.

Phone 191 ——— Asheboro, N. C.

DELAYS ARE EXPENSIVE

## Franklinville Community House

### Friday and Saturday MAY 8th. & 9th.

# "MELODY LINGERS ON"

Starring Josephine Hutchinson and George Houston

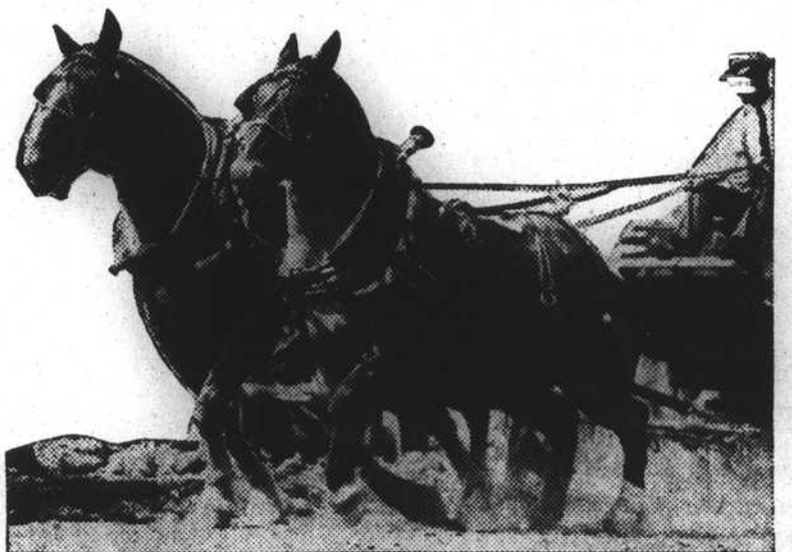

Also 2-reel Comedy and News Reel

Friday: 7:30 only; Saturday: 2:30, 7:30

## CHAMPIONS

who have

### NEVER KNOWN DEFEAT

Rock and Tom, owned by the Stutler Farms Co., Piqua, Ohio. Driver, Russell Sando. Their present record—3000 lbs. tractive pull, which is equivalent to pulling 9 plows cutting furrows 14 inches wide and 6 inches deep.

WHAT A RECORD! Never have these mighty champions been beaten. They've out-pulled every team they've ever met.

These magnificent Belgians are Nature at her best. They are animals to which Nature has given the vital spark—that necessary, natural balance of all the elements of which champions are made.

Natural balance is everything! It's the difference between this team of powerful champions and common, ordinary plugs. It's the difference between the best and the rest in almost everything.

And here's another example of Nature at her best—Natural Chilean Nitrate. This nitrogen fertilizer is favored by Nature with the champion's vital spark—the natural balance of the elements that make a champion. Into Chilean Nitrate Nature blended the vital impurities—the combination of many major and minor elements over and beyond nitrogen. Through countless centuries, Nature has aged and matured this nitrogen fertilizer in the ground, that you may return it to your ground as the safe, sure, balanced food for your crops.

Natural Chilean contains almost two score of major and minor elements such as boron, magnesium, manganese, iodine, calcium, potassium, etc.—each a vital element in growth and healthy development of plants.

## Natural CHILEAN NITRATE

OF SODA

WITH VITAL ESSENTIALS IN NATURE'S OWN BALANCE AND MEASURE
