Wife Clinches Argument With Scissors Arkansas City, Kan. (P)—Add tips on how to keep your husband in evenings:

An Arkansas City man brought three pairs of trousers into a tailor shop and sadly asked if they could be repaired. He said he and his wife had had an argument over whether he should go out one evening.

She won by taking the scissors and snipping off the legs of all of his dress trousers.

Green pepper cases make a novel container for crab or other kinds of fish, meat or fowl salads. Cut large, well-shaped peppers in halves lengthwise. Discard the seeds and pulp. Chill the cases until serving time and then roughly fill them with the salad.

BARBS

AFTER the President's Roanoke speech, a lot of people are still wondering whether Lord Macaulay was the first white child born in America or is president of the Liberty League.

Real tolerance is tolerating intolerance.

There are new twists every day on this make friends and influence people business—like shooting foreign ambassadors and tossing champagne on mayors.

Senator Pittman believes it would be "cowardly" to leave United States interests in China unprotected. They can't intimidate us, eh, senator?

There's a suspicion Roosevelt would like to leave a few senators off his invitation list for that autumn special session. (Copyright, 1937, NEA Service, Inc.)

STORIES IN STAMPS

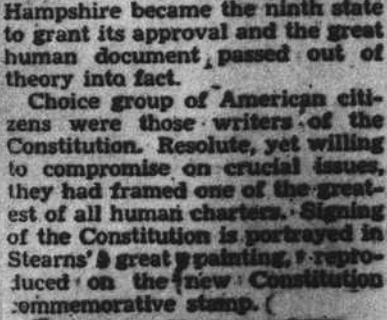

MARKING THE CONSTITUTION'S 150th FRUITFUL YEAR

THEY came by stage and horseback, that rainy spring of 1787—the 55 men delegated to meet in Philadelphia for the drafting of an American form of government.

After great delays, they assembled May 25 in constitutional convention, calling George Washington to the chair.

One hundred and sixteen days later—grilling days behind closed doors—the convention adjourned, Sept. 17, having adopted the Constitution. The next step was ratification by the 13 states. Before the end of the year, Delaware, Pennsylvania and New Jersey had ratified it. The next spring New Hampshire became the ninth state to grant its approval and the great human document passed out of theory into fact.

Choice group of American citizens were those writers of the Constitution. Resolute, yet willing to compromise on crucial issues, they had framed one of the greatest of all human charters. Signing of the Constitution is portrayed in Stearns' great painting, reproduced on the new Constitution commemorative stamp.

Lincoln Unveiled on Rushmore

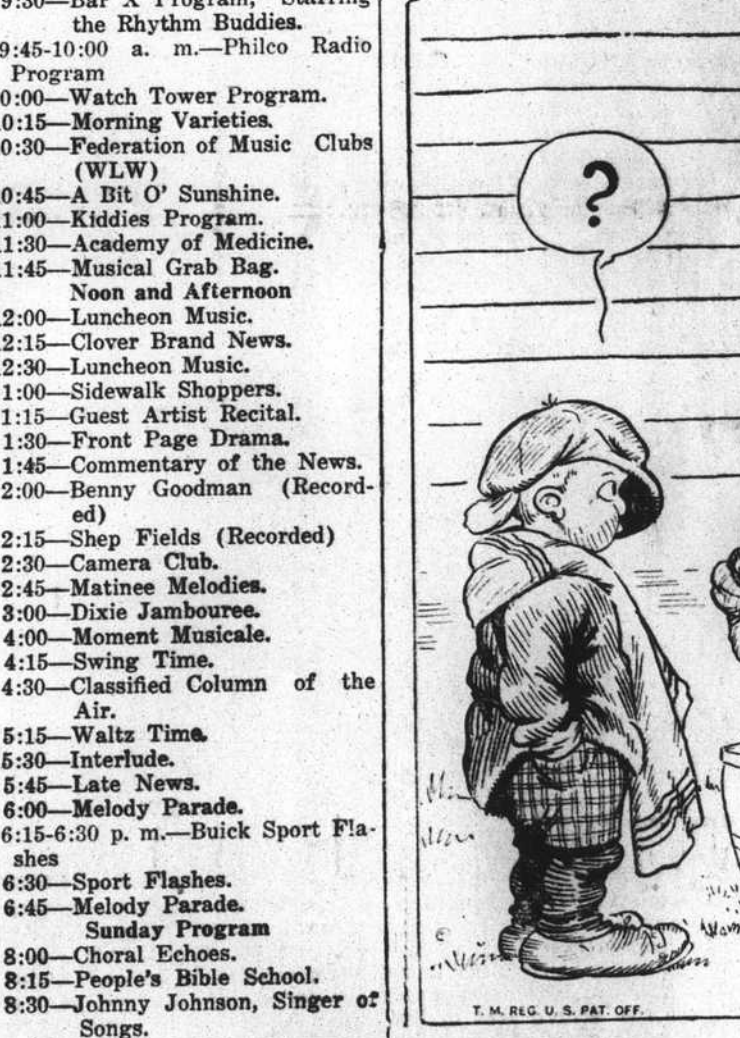

High above towering fir trees, the head of Abraham Lincoln, right, was carved on the sharp granite face of Mount Rushmore, near Rapid City, S. D., by Gutzon Borglum, famous sculptor. The figure is 57 ft above as it was unveiled, measuring 66 feet from chin to crown, and alongside the faces of George Washington and Thomas Jefferson, which already are well formed. When completed, it will show a bearded Lincoln. Within three years Borglum expects to carve a head of Theodore Roosevelt between Jefferson and Lincoln.

THIS CURIOUS WORLD

The DUCKBILL, OF NEW ZEALAND AND AUSTRALIA, IS THE ONLY POISONOUS MAMMAL KNOWN TO MAN.

The BULL'S HORN THORN, AN ACACIA TREE OF SOUTH AMERICA, PROTECTS AN ARMY OF ACACIA ANTS IN ITS BRANCHES, FOR ITS OWN PROTECTION! THE ANTS FEED ON THE TREE'S HONEY, AND LIVE INSIDE ITS HOLLOW THORNS; THEY GUARD THE TREE FAITHFULLY, AND DRIVE OFF ALL OTHER INSECTS.

FOOTBALL PLAYERS HAVE BEEN KNOWN TO LOSE THIRTY POUNDS IN A SINGLE GAME.

THE curious duckbill is made up of characters inherited from its reptilian ancestors of millions of years ago. It is unique in being one of the only two egg-laying mammals. The poisonous part of the animal is a concealed spur on the hind foot.
