Hancock Endorses Plan To Revamp Profits Tax To Aid Business Stride

Tar Heel Plans To Aid Program Aimed At Business Relief

North Carolinian Points To Necessity of Help For Reducing Tax.

Senatorial Candidate

Representative Visited Asheboro; Leaves For Washington Today.

Frank Hancock, member of Congress from North Carolina, yesterday during a short stay in Asheboro announced he would support the ever-growing movement in Washington to revamp tax revenue laws to provide business conditions.

Representative Hancock referred especially to the excess profits tax revision, which at present he states is "hindering the proper and necessary development of the nation's business."

"From all indications," Mr. Hancock said, "this excess profits tax as now is one of the major items of the special session."

It is apparent that business men throughout the country must have opportunity of looking ahead to later days if they are to continue employment and expansion of business.

"I sincerely believe this excess profits tax, as now enforceable is retarding the expansion of business, revamping or a revision, therefore, will be one of the major accomplishments of the special session."

Mr. Hancock was enroute to the North Carolina gridiron classic in Asheboro for a short time where he greeted many of his friends.

Mr. Hancock plans to leave for Washington, for the special session to open Monday, late today.

He is a candidate for United States senator, a post now held by Senator Robert R. Reynolds.

Washington, Nov. 13.—(AP)—Congressional leaders indicated today there was little likelihood of special session action on the revision of the aid of business.

Senate majority leader Barkley Kentucky, said he did not believe there would be time for this session. He said after return from his office from a conference with President Roosevelt.

"I feel certain we will want to do with that subject at the earliest possible date but it would take all Christmas to get it enacted."

With the farm bill still in limbo, Senator Bankhead said legislation to create an independent reorganization commission headed by the executive committee for the house at the outset of the special session.

C. State Bows Before Jaspers

Manhattan Downs Fighting Wolfpack on Muddy Field, 15-0.

New York, Nov. 13.—(AP)—A crowd of crack mud horses, Ed Krinkle Jake Kopicki, conspired on a soaked gridiron today to lead Manhattan's green clad Jaspers to victory 15 to 0 in an intercollegiate victory over North Carolina State's pack.

Despite the gloominess of the day the fact that the field was a mire, Lady Luck smiled on heavier Manhattan eleven and the game was seven minutes the Jaspers led by a field goal. Manhattan punt bounded against State's 19 yard line and Daly was on it for the Jaspers on the seventh. Three plays elsewhere and Kringle, with C. holding the ball, dropped back to 13 and kicked the ball between the uprights for three points. Before the period was over Daly through State's defense to a punt and the Jaspers fell on the 15. Kopicki bobbed high center a little later for yards and a touchdown. Kringle attempted placement was Manhattan uncorked a 56 yard late in the third to push over second touchdown that ended scoring for the day.

Wind and Rain Play Big Part In Defeat For The Wildcats.

Cambridge, Mass., Nov. 13.—(AP)—Wind and rain were the deciding factors today as a Harvard attack punched out two touchdowns, a point after a safety to beat Davidson 15 to 0 in an intercollegiate game.

A crowd of 4,000 shivering spectators cheered the gallant defense of the North Carolinians who held high powered Harvard scoreless for the first period, then yielded two touchdowns by Frank Foley, left half.

The first came in the second period after a long, slow, march and the other in the third on a brilliant 63 yard run. Davidson's running attack never got under way.

Shanghai, Nov. 13.—(AP)—Some 200,000 Chinese civilians were trapped by disrupted transportation in Sochow tonight unable to head a Japanese ultimatum to evacuate the city in the path of their advance towards Nanking.

A Japanese spokesman announced yesterday Sochow and a neighboring city would be bombed because of their "industrial sections in which Chinese military supplies are manufactured." Leaflets from Japanese planes warned the populace to flee by midnight.

The Japanese advance swept 30 miles west of Shanghai, pursuing the Chinese legions, retreating to their "Hindenberg Line" 50 miles west of the city.

A Japanese spokesman announced that the vanguard of the center column was approaching the outskirts of Kunshan, its immediate objective, two miles east of Sochow.

The Japanese front which yesterday was a great arc quickly changed tonight into a snake line 18 miles north west of Shanghai, thru Kunshan to Kashaan 40 miles south west of Shanghai.

United States Consul General Clarence E. Gauss, in Shanghai, was negotiating with Japanese officials to establish a safety zone at Sochow, known to the Chinese for 2,000 years as "Paradise Under Heaven."

Gauss was acting at request of Ambassador Nelson Johnson, to whom American missionaries had appealed for help.

Brussels Parley Refused New Bid To Tokyo Rulers

Prepare Draft Condemning Japan's Military Acts In Chinese Territory.

Italy Files Protest

Sweden Joins U. S. Delegation; Seeks Government's Advice.

Brussels, Belgium, Nov. 13.—(AP)—The Brussels conference on the China-Japanese conflict tonight approved a modified draft of a declaration criticising Japan's policy in China.

This action was taken, however, with the understanding that those delegates who possessed no instructions from their government could make alterations at a meeting Monday.

Italy and Sweden particularly insisted upon time to submit the declaration to their home government.

The original draft was prepared by the United States, Great Britain and France after Japan's second refusal to work with the conference, which was called under the war treaty.

The conference earlier today, convinced its dignity would not permit it to address a new peace appeal to Japan, rejected an Italian proposal to send another message to Tokyo.

Brussels, Belgium, Nov. 13.—(AP)—China's demand for what would amount to sanctions against Japan was dramatically opposed by Italy today in the Brussels conference seeking to end the Chinese-Japanese warfare.

The Chinese delegate, Dr. Z. K. Wellington Koo, urged a conference decision to withhold war materials and credits for Japan and supply them to China.

This invoked immediate objections from the delegation from Italy, against which the League of Nations decreed sanctions because of her invasion of Ethiopia, and, who has been Japan's friend at Brussels.

"That is entirely ruled out," said the Italians. "We are not here for that. It is entirely outside the scope of the conference."

Nevertheless the United States, British and French delegates presented the conference with a draft of a joint declaration stressing the illegality of the Japanese military action in China and asserting it amounted to defiance of the whole world.

Previously, the conference had heard Norman H. Davis, head of the American delegation, declare there were "compelling reasons" why Japan should cooperate in the search for peace.

Dr. Koo, referring to the Japanese rejection of the second invitation to discuss peace possibilities, urged delegates to "act now that the door to conciliation and mediation has been slammed in your face."

Speedy Enactment of Farm Laws Dimming at Capitol

Washington, Nov. 13.—(AP)—Controversy over methods of crop control and its financing, dimmed today the prospect of speedy enactment of farm legislation at the special session of Congress.

The house agriculture committee agreed, informally, yesterday to discard the plans for arbitrary marketing quotas for wheat, cotton and rice which farmers could approve or reject.

Senator Bankhead, (D-Ala.) said however, he would try to write a compulsory acreage control provision for cotton into the farm bill when it reaches the senate.

In the race of presidential demands that Congress provide for additional tax revenues to finance the new program, the house committee shunted to the ways and means committee the responsibility of finding about \$200,000,000 which most experts say will be required.

Other Items Include Wage And Hour Bill, Plan For Reorganization.

Washington, Nov. 13.—(AP)—Administration leaders today made government reorganization the first order of business for the congressional session opening Monday.

Monday's session will be devoted solely to the reading of President Roosevelt's message and routine formality of opening with Congress getting down to work Tuesday.

The message was expected to mention at least four proposals for action during the special session on a new farm program, wage and hour regulation, regional planning and government reorganization.

Farm legislation had been set as the first order of business in both houses when Congress adjourned last August.

Senator Barkley (D-Mo.) said it would probably require a week or so for the senate committee to prepare a farm bill.

Washington, Nov. 13.—(AP)—Strong demands for a sharp change in business today gained a promise from congressional leaders that it would be considered but action would probably be delayed until the regular session.

Democrats said they would introduce a message at the special session to lighten the surplus profits tax.

Aboard the Swiftsure, off Cape Hatteras, Nov. 13.—(AP)—Six members of the crew of the Greek freighter Tzenychandris, which went to the bottom with its captain and seven men, were taken aboard this tanker shortly after 9:30 a. m. today.

The survivors were sighted about 30 miles off the Diamond Shoals lightship, drifting in a battered, waterlogged lifeboat. They were brought aboard while a rough sea was running and during heavy rains and wind squalls.

The rescued men said several members of the crew went down with the captain. The survivors managed to haul themselves into a lifeboat after the steamer sank. They saw eight others, in life belts, struggling through the sea towards the boat but they never reached it.
