Index to New Advertisements.

T. A. PRICE.—Alhambra. G. L. GRUBBS.—Upholstering. J. A. KISER.—Blacksmithing.

The Asheville Grays are having a pleasant time at the Warm Springs this week.

In a week or two several of our merchants will start North for Fall and winter goods.

There is still much building going on in the city despite the stringency of money matters.

Work on the new tobacco warehouses of Cols. Ray and Williamson is progressing and will be ready for the coming season.

Maj. Chas. M. Stedman and W. T. Faircloth, candidates for Lieut. Governor, will speak at Brevard, Transylvania county, to-morrow, and at Hendersonville Saturday.

We wager that no other military company present at the coming State Exposition will be composed of a finer looking set of young men than the Asheville Light Infantry.

There will be a large collection of fancy, useful and ornamental work, displayed for sale at the Bazaar, to be held by the ladies at the Farmers' Warehouse on Thursday.

Captain T. A. Price now has charge of the Alhambra, and is giving his guests square meals, fixed up in elegant style. His friends are invited to call on him as will be seen from advertisement in to-day's paper.

to the seashore to-morrow promises to be a pleasant affair. We learn that a good many of the mountain people will avail themselves of the opportunity offered to see Morehead and the ocean.

We regret to hear of the death of Mrs. Ogden Edwards, which occurred at Stockbridge, Mass., last week. Mrs. Edwards was a resident of this city and was on a visit to her Northern friends.

Adjutant-Gen. Johnston Jones has completed arrangements for assembling the State Guards at Raleigh Oct. 1st and 2nd. 24 companies the entire force will be in attendance.

The shock of an earthquake was felt in the Northern and New England States last Sunday morning. It caused much excitement among the people and in many places much damage was done.

There is to be a grand costume ball at the Swannanoa hotel next Friday night. The Asheville Cornet Band will be in attendance, and a pleasant time is promised to all who may be present.

There will be a large and enthusiastic meeting of the Young Men's Democratic Club at the court house next Saturday night. Let every member and every man who wishes to be a member be present. At this time our entire ticket, with the exception of Senatorial, will have been completed.

We are informed that a large amount of the stock to the new city cemetery has been subscribed and that as soon as a little more progress in this direction is made the company will be organized. There is no prettier spot in the county for a cemetery than Newton Academy, the place selected for the cemetery.

An effort is being made among the young men of the city to organize a base ball club. We are requested to ask that all young men wishing to join the club call on Mr. F. A. Fanning at J. D. Brevard & Co's store. There is good material here, and we confidently expect some fine playing when the boys get well organized.

THE DAILY ADVANCE.

THE DAILY ADVANCE.

Table with subscription rates: DAILY, one year - \$6.00; six months - \$3.00; one month - \$1.00; WEEKLY, one year - \$1.00.

A meeting of the Asheville Light Infantry was held Monday night, and arrangements made for the Company to go to Raleigh October 1st. General Johnstone Jones made a stirring speech for the boys, and assured them that a pleasant time was ahead of them. We are pleased to know that Capt. W. T. Weaver has concluded to remain at the head of the Company, and will continue to show his great interest in the organization.

The work at the Western North Fair Grounds is progressing. The race track has been completed and fencing has nearly all been erected. The grand stand and floral hall will be completed in about two weeks more, and everything will be in readiness by the 29th inst., if no unforeseen accident happens.

There are a few cases of baseball fever in the city, and from present appearances it is likely to spread until a large majority of our young men and boys are stricken down with it. It is a dangerous disease when it once gets a fair hold on the young man, as is the case with many of the young men of some of the eastern towns. The disease has been so fearful down there that a large number of the young men have not been able to do but little work since it first made its appearance this summer.

EDITOR ADVANCE—I do not wish to intrude on your valuable space, but would like to endorse through your columns, the suggestion of the name of Richmond Pearson, (as so many have done), for one of our next members to the Legislature. My reasons are that he is a true Democrat, and is always found working for the success of the party, and he is one whose interest is with every farmer in the county—being one himself. He is one of the strongest advocates of the railroad between Asheville & Hendersonville, and has the courage and ability to defend it.

The Railroad Question an Issue of the Canvass.

Now that the delegates have been named to nominate candidates for the Legislature and county officers, the responsibility rests with them, whether or not we will have our best men for the several positions sought, or whether these delegates will cover themselves with glory or odium by the nominations they make. As regards the election of county officers, this is a friendly fight, and the most popular and efficient men in the Democratic family will doubtless receive the nominations and be elected.

The nominations for members of the Legislature will be the prime and absorbing interest of the Convention to meet on the 16th; and it should be the determination and purpose of this Convention to select men whose nominees for the Legislature who are faithful, true and honest. For the country in which they live, against all foreign corporations or monopolies. We want men for the Legislature who feel the degradation imposed on us by the faithless and perfidious promises of the Spartanburg and Asheville Railroad Syndicate—promises given to deceive—not one of which have been kept.

We want men to go to the Legislature who will tell the people of the Eastern portion of the State who come to us in their hour of need and ask us to help them to uphold the present plan of County Government, rather than a plan which will be adopted if the Republican party comes into power—that we of the West are in slavery, and wear the yoke of Railroad oppression with as much odium as can possibly come to them even in the event of Negro Supremacy and domination in their section of the State. Say to the East that as North Carolinians, we hear them and will help them, and ask them to help us as North Carolinians—asking nothing as a section—but as citizens of a common country, with a common heritage and destiny awaiting us.

The Township meeting for Asheville, held 9th inst., appointed among the 38 delegates, to the Convention to be held at Raleigh, Oct. 1st and 2nd, 1884, the following: J. G. Martin, J. M. Ledford, C. B. Way, J. P. Sawyer, T. I. Van Gilder, T. T. Patton, D. C. Wadell, D. F. Reynolds, W. G. Copening, T. W. Patton, R. M. Freeman, J. H. Carter, E. S. Clayton, W. T. Reynolds, J. H. Merriman, J. E. Rankin, W. H. Penland, T. G. Westall.

Now taking the names of the 19 pledged delegates, it is reasonable to suppose that all or a greater portion of the 19 unpledged delegates are in full sympathy and support of the resolution adopted June 14, 1884. If this is the case, Asheville, at least, can comfort itself with the hope and expectation that the nominees of the Convention will be men sound on the Railroad question, and for us in this fight; this can be expected, as far as Asheville Township delegates are concerned. And it cannot be doubted for a moment that the other Townships in the county are not in as perfect accord with us, and in fealty as true, as their interests and ours are identical; they to sell us their products, (especially tobacco) and Asheville's obligation to have a Southern outlet for her manufactured tobacco and other products.

Although this Canvass on the Democratic side is on higher grounds than expediency and policy. The Convention might as well recognize the fact, that unless they put in the field men pledged and true on the Railroad question, that their nominees will be defeated,—supposing

always, the Republican run men who will meet the expectations of the people as regards their Railroad policy at the Convention. We hope and expect from the Convention good and acceptable candidates, but it may not be amiss to suggest that the party alone who is worthy of our suffrages, is that party who is with us, for us, and of us, and who will give us whatever tends to the advancement of this whole section, irrespective of factions, or of a few men who want office for their own office bestows, or for their own promotion.

Platform of the Democratic Party of North Carolina.

We again congratulate the people of North Carolina on the career of peace, respect and honor which she has entered after the inauguration of a Democratic Administration, and which has been unbroken for so many years since upon the just and impartial enforcement of the laws; upon the efficiency of our common school system, and the great progress made in popular education; and upon the general improvement and enterprise manifested in every part of the State. And we again challenge a comparison between this state of things and the crimes, outrages and scandals which attended Republican ascendancy in our borders; and we pledge ourselves to exert, in the future, as we have done in the past, our best efforts to promote the material interests of all sections of the State.

Resolved, That we regard a free and fair expression of the public will at the ballot-box as the only sure means of preserving our free American institutions, and that the corrupt and corrupting use of federal patronage, in influencing and controlling elections is dangerous to the liberties of the State and the Union.

Resolved, That we are in favor of the unconditional and immediate abolition of the whole income tax, and the repeal of all laws which impose any tax upon the sale of property.

Resolved, That the government has a right to burden its people with taxes beyond the amount required to pay its necessary expenses and gradually extinguish its public debt. And that whenever the revenues, however derived, exceed this amount, they should be reduced so as to avoid a surplus in the Treasury. We therefore urge upon our Senators and Representatives in Congress to exert themselves in favor of such legislation as will secure this end.

Resolved, That with respect to the tariff we reaffirm the fundamental principles of the party declared in the National Democratic platform, and that the details of the method by which the constitutional revenue tariff shall be gradually reached are subjects which the party's representatives at the Federal Capitol must be trusted to adjust; but in our opinion the duties on foreign importation should be levied for the production of public revenue, and the discriminations in its adjustment should be such as would place the highest rates on the lowest on the necessities of life, distribute as equally as possible the burdens of taxation, and confer the greatest good to the greatest number of the American people.

Resolved, That the course of the Democratic party in furtherance of popular education by efficient public schools in all sections, and the establishment of graded and normal schools in the larger towns and centers, is a sufficient guarantee that we favor the education of our people and we promote and improve the present education advantages so far as it can be done without burdening the people by excessive taxation.

And whereas, there is now more than a hundred millions of dollars in the Treasury of the United States, which are hoarded by unjust taxation on the part of the Republican party, therefore, Resolved, That we will accept such distribution of said surplus

revenues of the government for educational purposes as may be made by the Congress of the United States; provided always, that the same shall be disbursed by State agents, and not accompanied by objectionable features and embarrassing conditions. Resolved, That it is due to the white people of our eastern counties, who have so cheerfully borne their share of our common burdens, that the present, or some other equally effective system of county government, shall be maintained.

Resolved, That in view of the existing and increasing harmony and kindly feeling between the two races in this State and a similar condition of things which we believe to exist generally in other Southern States, we deprecate the attempt of the Republican party in its recent platform at Chicago to force civil rights as a living issue, and we denounce it as a fire-brand and a hypocritical expression of interest in the black race, a wanton insult to the whites of the South, and tending to stir up strife between the now friendly races.

Ladies Bazar and Ice Cream Festival at the Farmers' Warehouse on Thursday August 14th, from 12 m. to 11 p. m.

Board of Trade—Important Meeting. The members of the Board of Trade of Asheville are requested to meet at the Club Room on Thursday evening, at 8 o'clock, to consider a proposition for the establishment of Gas Works in this city. It is hoped that every member will be present.
