

THE SUGAR BOUNTY.

Indications That it Will Fall Considerably Below the Estimates First Made.

[Special to The Republic.]

NEW ORLEANS, La., Oct. 9.—The first Louisiana sugar produced under the new bounty law reached here to-day from Westover plantation in West Baton Rouge Parish, and application was made for the bounty on it.

Nearly all the planters have notified the internal revenue office that they will begin the manufacture of sugar this month. Twelve have already begun, and the latest date fixed on by any of them is October 26.

A MOUNTAIN BURST.

Explosion of a Hill in Mexico and Eruption of Hot Water From the Crater.

[Special to The Republic.]

CITY OF MEXICO, via Galveston, Oct. 15.—Vicente Loiza, an agent of a sewing machine company, whose headquarters are in Toluca, came to this city to-day and tells a most remarkable story.

The Indians fled to the hills and the church bells in the surrounding villages were rung violently. A general panic ensued.

The water soon found its level and poured through a gorge 150 feet deep and continued so to flow until the next day, when Mr. Loiza left. The inhabitants were so frightened that they would not approach the stream.

Loiza did not take the temperature of the water, but supposes it was hot, as he saw vapor rising from it on a warm day.

Loiza is not a scientific man, but is intelligent and is one of the most successful salesmen of the company, by which he is regarded as a thoroughly reliable man.

OUTLAWS FOUND IN A CAVE.

Some Miners Accidentally Discover Their Rendezvous.

SPRINGFIELD, Mo., Oct. 8.—Deputy United States Marshal Thomas, of this city, has just returned from Stone county, Mo., and confirms the sensational rumor of the adventure of the Colorado miners who discovered, a few days ago a band of outlaws concealed in a cave at White River Hills, near the Arkansas border.

They entered one of the numerous caves in the southern part of Stone county in search of the traditional Spanish silver mines of southwest Missouri, which so many silver miners have sought in vain since the acquisition of this territory by the United States.

In an instant four well dressed men sprang from a place of concealment, and, seizing the guns, levelled their gleaming barrels at the advancing party and commanded the miners to halt.

A brief conference was held, in which the denizens of the cave informed the miners that the latter must retire.

The treasure hunters obeyed promptly, but on reaching the mouth of the cave one of the party was left to stand guard while the other men went into the country to summon reinforcements for the contemplated seizure.

A deputy marshal is there with between thirty and forty well-armed men, resolved to keep up the siege till the subterranean outlaws are forced by hunger to capitulate.

Loud-Talking Women.

Persons desirous to be thought ladies some times converse screamingly in public vehicles, apparently for the purpose of attracting attention. They succeed, but the attention they elicit is not of a complimentary nature.

"Her voice was ever soft, Gentle and low, an excellent thing in woman."

The Ocala Demands.

A number of our readers have requested that we publish the Ocala (Alliance) demands in full. Here they are:

1. We demand the abolition of national banks. 2. We demand that the government shall establish treasuries or depositories in the several States, which shall loan money direct to the people at a low rate of interest, not to exceed two per cent. per annum, on non-perishable farm products, and also upon real estate, with proper limitations upon the quantity of land and amount of money.

3. We demand that the amount of the circulating medium be speedily increased to not less than \$50 per capita.

4. That we demand that congress shall pass such laws as will effectually prevent the dealing in futures of all agricultural and mechanical productions; providing a stringent system of

procedure in trials that will secure the prompt conviction, and imposing such penalties as shall secure the most perfect compliance with the law.

3. We condemn the silver bill recently passed by congress, and demand in lieu thereof the free and unlimited coinage of silver.

4. We demand the passage of laws prohibiting alien ownership of land, and that congress take prompt action to devise some plan to obtain all lands now owned by aliens and foreign syndicates; and that all lands now held by railroads and other corporations in excess of such as is actually used and needed by them be reclaimed by the government, and held for actual settlers only.

5. Believing in the doctrine of equal rights to all and special privileges to none, we demand—

a. That our national legislation shall be so framed in the future as not to build up one industry at the expense of another.

b. We further demand a removal of the existing heavy tariff tax from the necessities of life, that the poor of our land must have.

c. We further demand a just and equitable system of graduated tax on incomes.

d. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all national and State revenues shall be limited to the necessary expenses of the government economically and honestly administered.

6. We demand the most rigid, honest and just state and national governmental control and supervision of the means of public communication and transportation, and if this control and supervision does not remove the abuse now existing, we demand the government ownership of such means of communication and transportation.

7. We demand that the congress of the United States submit an amendment to the constitution providing for the election of United States Senators by direct vote of the people of each State.

"German Syrup"

J. C. Davis, Rector of St. James' Episcopal Church, Eufaula, Ala.: "My son has been badly afflicted with a fearful and threatening cough for several months, and after trying several prescriptions from physicians which failed to relieve him, he has been perfectly restored by the use of two bottles of Boschee's German Syrup."

An Episcopal Rector. Chronic severe, deep-seated coughs like this are as severe tests as a remedy can be subjected to. It is for these long-standing cases that Boschee's German Syrup is made a specialty.

J. F. Arnold, Montevideo, Minn., writes: "I always use German Syrup for a Cold on the Lungs. I have never found an equal to it—far less a superior."

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be consumption and incurable. He was persuaded to try Dr. King's New Discovery for consumption, coughs and colds, and at that time was not able to walk across the street without resting.

J. G. MARTIN, Asheville, N. C.

WILMINGTON, N. C., June 12th, 1891.

This is to certify that we have visited Ohio, Pennsylvania, and other States, and have examined many miles of Hedge fence built under the system of the above company, and after thorough investigation, made by request in behalf of farmers and others of our section, we frankly and conscientiously state that it is the most perfect fence we have ever seen. It is in all respects exactly true to representations, proof against stock, dogs and men, and universally popular, as we learned from those to whom we talked; and we saw hundreds of miles of it. We examined them in all styles and conditions, from the last spring planting to those completed twelve or fourteen years ago, and found every detail just as described.

D. S. COWAN, of Columbus county, N. C. LEWIS BELDEN, New Hanover county, N. C.

Over twenty-five miles of this fence have been ordered by citizens of Asheville. It has only to be seen to be appreciated as the BEST AND CHEAPEST FENCE IN EXISTENCE. Call at the Company's office in the Street Railway Building, South Main St., Asheville, for particulars, or see properly accredited agents.
