It was suggested yesterday by one that the best way to settle the question of the location of the Asheville public building would be to have the government erect the building on wheels so that it could be pulled around to different sections of the town each day.

The "bandana," which is now becoming very popular, is thus defined by Webster: "A species of silk or cotton handkerchief having a uniformly dyed ground, usually of red or blue, with white figures of a circular or lozenge form." A. G. Thurman, the "old Roman," always sported a red bandana, and thus the popularity of that kind just now.

Geo. T. Jones & Co., proprietors of the "Racket Store," have an interesting advertisement in this morning's Sun to which we invite the attention of the people of Asheville. "The Racket Store" has become one of the established institutions of Asheville and is one of its most popular mercantile houses. Mr. Jones is receiving and opening new goods every day and his place is frequently crowded with customers from morning till night, and the low prices asked for goods at the "Racket" will continue to draw large crowds of customers.

## Cutting Affray.

Last night about half past ten o'clock King Shipman, Tom Wilson and a man by the name of Bradley got into a dispute on the street near the Weber buildings, in the eastern portion of the city, when Wilson drew his knife and cut Shipman very severely on the head and arm. The gash on the head extends about six inches from the forehead back and is cut to the skull. The wound in the arm is also a very serious one, the knife entering near the point of the shoulder, going through to the flesh part of the arm. Shipman bled very much from both of these wounds and was considerably weakened. Dr. J. A. Watson was summoned as soon as possible and he went to the relief of the suffering man. Dr. Watson considers Shipman in a very bad condition and had him removed at once to the hospital, where he could have proper attention. Shipman is from the country and was, like the other parties, pretty full of whisky.

## PREPARING FOR WAR.

### A Democratic Club Organized Last Night.

A meeting of the Democrats of Asheville was held at the court house last night for the purpose of taking some action looking to the organization of a Democratic Club.

Capt. C. M. McLoud, Chairman of the County Executive Committee, called the meeting to order; and on motion, Theo. Hobgood, of the Sun and Fed. E. Rolfe, of the Citizen, were appointed Secretaries.

Hon. Theo. F. Davidson being present, was called on. He said that we were just beginning an important campaign, and that it was of the greatest importance that we begin right—that we should act prudently. He urged organization and work—he did not think that speech-making would accomplish much—he thought that votes were made by work and not by so much speaking. He had great confidence in township organization and the work of the young democrats, and said we should work together in harmony—shoulder to shoulder. The most perfect organization was the most important of all things. He said he was approached some months ago by one of the leaders in State politics and asked as to how he thought Buncombe would go in the fall elections. He told them that he thought for the next two or three years Buncombe could not be counted upon by the democrats; but recently he had had the opportunity of meeting with the people of all sections of the county, and to get their views and opinions, and if asked now where Buncombe will be found, he would tell them, in the democratic column. He said this feeling was gaining and it should be encouraged—that whatever differences of the past, who was right or who was wrong, they should be forgotten. He said, "let us all get on one side of the fence—on the inside—the democratic side." He referred to the State ticket, headed by Daniel G. Fowle. He did not think a stronger ticket had ever been put up by the democracy of North Carolina. He said that whenever the services of Daniel G. Fowle had been called for, he had always answered the call—that his voice had never been silent when there was work to be done. In reference to Hon. Thos. M. Holt, the nominee for Lieutenant Governor, he said that he was one of the largest farmers and manufacturers in the State; that he had hundreds of people in his employ and they all loved him; that as a legislator, he had always shown himself a friend to Western North Carolina.

Capt. Davidson moved that a committee of five be appointed by the chair to draft a constitution and by-laws, &c. On motion of Thomas A. Jones, all parties wishing to become members of the club were requested to give their names to the secretaries, which was done in the following order:

- |                  |                    |

| F A Sumner,      | C W Israel,        |
| W A Patton,      | J P Malloy,        |
| G N Williams,    | C C McCarty,       |
| E D Carter,      | J G Aston,         |
| J P Kerr,        | H B Weaver,        |
| J N Holcomb,     | J D Barnard,       |
| D L Reynolds,    | J M Whitson,       |
| E H Fulenwider,  | W F Tomlinson,     |
| C T Rawls,       | J A Irvine,        |
| J M Campbell,    | T J Hargan,        |
| N T Chambers,    | C J McCape,        |

| E W Woods,       | C M Young,         |
| W J Fitzgerald,  | J O Johnson,       |

Capt. C. M. McLoud was then called on to give an account of his St. Louis trip to the National Convention. He said that he had never attended such a great meeting of democrats—and referred to the great unanimity of the party in placing Cleveland at the head of the ticket, and he also referred to the wonderful amount of enthusiasm displayed in the convention. Capt. McLoud urged organization and thought that the young men should be active in the coming campaign. He said that Buncombe belonged to the democracy—that it was a democratic county and if we would stand together, there would be no question about its democracy. That there was no middle ground this year—it was either democrat or republican.

E. D. Carter, Esq., was called, but he said that as it was late, he declined to make a speech, but moved to appoint a committee on constitution and by-laws. He suggested that said committee consist of five members.

Mr. C. C. McCarty asked if it was intended to call it Young Men's Democratic Club.

Mr. Slagle suggested that it be known as the Democratic Club.

Mr. N. P. Chedister thought it should be called the Cleveland and Fowle club.

Thos. A. Jones, Esq., said that this matter was not under discussion—that the question of name would come up when the committee on constitution and by-laws reported at the next meeting.

On motion of Col. R. J. Page, the chairman was instructed to appoint a committee of five from each ward to solicit names of members to the club.

E. D. Carter, Esq., moved that the chair appoint these committees and have the names published in Tuesday's papers. Carried.  
 On motion the meeting adjourned until next Friday night, at which time the permanent organization will be perfected.

## A STRANGE VISITOR

We had just sold a lady a pair of tan-colored silk mitts for 24c, and was showing her our black lisle jersey gloves at 10c, of which we sold her two pairs, but still have a large lot left, when we heard a noise about the door and the jingle of glass.— Looking up we saw a horse inside the store, wearing in addition to his harness quite an astonished look. He was mistaken—we keep nothing in his line but curry-combs, brushes and whips; and by the way if Mr. Graham had had a \$2.25 whip, which we sell for \$1.52, he could have kept him in "the middle of the road" or made it extremely warm for him. The horse had sense though, like the balance of his kind, he wanted to follow the crowd, and they usually (as he had no doubt observed) tend towards the "Racket Store," where bargains in all lines, except horse feed, are to be had, a few of which it might be well to enumerate.

We have some beautiful Dress Goods, in lawns, muslins and mulls, and our stock of laces is full up, at prices sure to please. We have sold a number of ice cream freezers at unheard-of prices in this city—we warrant every one of them to be as good as the best OR WE REFUND MONEY and take them back; none have been returned as yet. Our croquet sets and hammocks are becoming seasonable and are beginning to move off, we shall keep a supply however and it will pay you to price ours before you buy. We have just received a new lot of rugs—some beauties—and prices will suit, as well as quality. The ladies are especially requested to call and see our new supply of ribbons and flowers—some extra nice tips also. We have the largest stock in town, we believe—some beautiful goods—finer than we have kept heretofore. The same may be said in regard to ruchings, also, of which we have a new line. We sell goods at a small profit, for cash only, and as they are bought lower than others buy, (owing to our facilities,) we undersell our neighbors; and as we guarantee everything sold to be as represented OR MONEY REFUNDED, there is no risk in buying of us, hence people do buy. Contrary to our expectations, we are not yet in our new store, No. 15 South Main street, but we shall get there we hope on or about the 25th of June. Come and see us, don't wait until we move; we can supply you with anything you need, either to wear or to use, and we guarantee to save you money on every purchase made of us.

Very respectfully,  
 GEO. T. JONES & CO.

## ASHEVILLE STATE NORMAL SCHOOL, 1888.

From July 3d to 20th.

FACULTY.  
 HENRY B. SHEPHERD, L. L. D., President of the College of Charleston, S. C., will be Superintendent and Lecturer on Pedagogics, History and English.  
 PROF. BEN E. ATKINS, of the Asheville Female College, will be instructor in the Mathematics and Physic Physiology.  
 PROF. P. P. CLAXTON, Superintendent of the Asheville City Schools, will instruct in Geography, English Grammar and Reading.  
 MISS KATIE MILLARD, of Goldsboro Graded School, will have charge of the Primary Department.  
 MRS. HANNAH M. DAVIDSON, of Asheville, will be Teacher of Music.

The session will be held in the Graded School Building on Academy street, in the western part of the city, about five minutes walk from the court house. All the rooms of this building have been fitted up and are in good condition. A splendid view is to be had of Pisgah and numerous other mountains and the country round about. The grounds are large and shaded, elevated and easy of access. A pleasant home for the Normal. It is desired and truly hoped by the managers that the school shall this summer surpass in excellence any previous term. It has gradually increased in proficiency and genuine value to the teachers. A good attendance since its establishment in 1885. The managers have been vigilant of its interests and have selected for the faculty the best and most experienced talent within their reach; and they trust that they have engaged for this term the services of a corps of teachers unexcelled in the profession. So a good attendance of appreciative students will make the institution a complete success. Every teacher, and all who desire to teach, should make ready for the time and be present every day. Let every one consider well the opportunity and make the most of it. Public lectures are expected from time to time which will be of considerable interest and profit to all.  
 BOARD can be had in the city for from \$12.00 to \$20.00 per month. Arrangements can be made, we think, for a less amount with families near the city. Any parties wishing such accommodations are requested to inform the secretary at once. We suggest to the teachers to begin now making preparations to attend and make the most possible out of this rare opportunity.  
 Work will begin actively the first day. Every student should bring some good History, Grammar, arithmetic, Geography and Reader. (Swinton's 4th preferred) and be present in time the first morning and stay till the last evening.  
 Communications should be addressed to JNO. W. STARNES, Sec.
