NEW YORK, June 15 .- The stock market was dull to-day and its movements were somewhat irregular, though resulting in a substantial gain for most of the active stocks. The temper of the room this morning was not bullish but there was a better feeling than has been noticed for some time; while London became buyer in early trading, which sent prices up, and a disposition to cover shorts was manifested. London bought St. Paul, Louisvilie & Nashville, and Union Pacifiic, and the London market for Americans was reported strong and higher. The general list presented little feature, and the market throughout most of the day was intensely dull and uninteresting.

The opening was at an advance of 3% per cent, and after a slight hesitation prices began to rise, though New England was ror's death produced profound impression the only stock showing any decided throughout the province. Business was strength. A decline followed, before 11 o'clock, with St. Paul stock the only one making any marked progress. The market then became very dull and almost no movement was to be seen in the list until the last hour, when the entire list moved up quickly and New England again came to the front. The close was quiet but strong, at best prices reached in most of the list. Total business was 168,000 shares. BERLIN, June 15.-The death of the Emperor caused intense excitement in this city. All members of the royal family and Ministers were present in the death chamber at Friederichskson palace, at Pottsdam. A Ministered council was held just before the Emperor died. Prince Bismarck, who presided at the council was much agitated. Bells in Berlin began to ring at

12 o'clock this afternoon. Mourning is displayed on many houses and in a number of shop windows.

LONDON, June 15 .- Much sorrow is expressed at the death of the Emperor of Germany, who was very popular in this city. Flags are flying at half mast and blinds in many houses are lowered. Numerous messages of condolence have been sent by the Prussian royal family. Immediately upon receipt of the intelligence of the Emperor's death, Queen Victoria telegraphed a message of sympathy and sorrow to Empress Victoria. The Prince of Wales has returned from Ascot heath, where he was attending the races, and will probably start for Berlin to-night.

BERLIN, June 15 .- The Reichsanzeiger the official paper, publishes the following announcement, signed by the Ministry of State: "The royal sufferer has ended his earthy career. By Telegraph to the SUN. NEW YORK, June 15 .- Hubbard, Price & Co's circular to-day says: Light move ments, mostly local, has again characterized the market for contracts and there did not appear to be any special feature to trading during a greater portion of to-day. Liverpool opened lower for arrivals and our market responded, with a decline of 2 to 3 points, with no great buying power. The report of the German Emperor's death, which was known before opening did not seem to

have any great effect. The official close of the Liverpool market with tone very steady and arrivals 1 point higher, led to some covering by local shorts, with the result of forcing prices up some four points. Sbipments from plantations are estimated at 8,000 bales, against none for the same time last year.

Colored Lynchers Foiled. By Telegraph to the SUN.

UNION BRIDGE, MD., June 15 .- John Bowman, (colored,) was, taken from jail here a little after one o'clock this morning by a band of 12 or 15 colored men, all masked, and carried to the outskirts of the town where he was strung up by the neck to a limb of a large oak tree. He motioned to be let down and the rope was slackened so that he could speak. He made good use of the opportunity, and slipping through the rope jumped away like a shot. The lynchers gave chase and fired several shots after him, but without effect. He has not yet been captured. Bowman was arrested yesterday for assaulting a blind colored man and a colored girl. The motive was jealousy.

About Eighty Republican Repre sentatives Gone to Chicago. By Telegraph to the SUN.

WASHINGTON, D. C., June 15 .- There were many vacant seats on the republican side of the House to-day. It was estimated that about eighty representatives had gone to Chicago, or were absent making arrangements to go. Attendance on the democratic side was much better and practically, business could only be done by unanimous consent, any member having it in his power to suspend proceedings by making the point of no quorum. Such an incident happened at CHICAGO, June 15 .- Cash quotations the very outset, when Mr. Townshend, smarting under the defeat of his motion to take up the army appropriation bill, made that point. For half an hour he resisted the appeals of nearly all of the members to withdraw his point, but finally vielded to the speaker's plain inti-

pathy of the death of the Emperor. He was a distinguished soldier, having been made field marshal for his conspicuons services in Austria and Franco-Prussian wars. He was a firm advocate of friendly and liberal policy in Germany, and we express our respectful sympathy to the German nation in the loss of their great and renowned ruler.

How a Kansas Town is Made to Boom.

Chicago News.

"We have an electric street railway in operation out in Wichita." said a Kansas man yesterday. "It doesn't haul many passengers, yet it is a paying instution. Two hundred and fifty citizens have agreed to contribute 50 cents each day to keep the road running, whether they ride or not. So the cars go spinning up and down the streets, giving a stranger the impression that business is everlastingly booming. Just about half the time the cars are empty, but the company loses no money, for the voluntary public contribution of \$875 a week is a good guaranty. It is by such means as this that Wichita has been made to boom. We have a hotel out there that is big and will be sold at the prices. Call early enough for St. Louis; it doesn't pay, and and secure bargains. it never will pay-it can't. We have forced a boom and we are After it has collapsed we s ing-stock."
