

THE SUN.

ASHEVILLE, N. C., JUNE 20

THE DAILY SUN is the only paper in Western North Carolina taking the Associated Press dispatches.

Weather Indications.

By Telegraph to the Sun.
WASHINGTON, D. C., June 19.—For North Carolina—Light to fresh easterly winds, warmer fair weather.

Clean up your premises.
Rain is much needed in this vicinity.
Use plenty of lime on your premises.
Joe Sluder has gone on an extended trip North.
Nothing done in Court yesterday except a few motions were argued.

Mr. John W. Wadsworth, a prominent citizen of Charlotte, is in the city.

We regret to learn that Capt. Alexander, on the French Broad, is quite sick.

W. W. Flemming, Esq., of Washington, D. C., is in attendance upon court.

Yesterday was another hot and dry day. People were hunting for cool places.

F. H. Cameron, Inspector General of North Carolina State Guards, is in the city.

Mr. D. S. Watson, of this city, is spending a few days at the Asheville Sulphur Springs.

Miss Mary Woodcock has returned home, after a visit of several months to Charlotte.

W. G. B. Morris, of Hendersonville, is in the city and reports his town as still on the boom.

Farmers have had a splendid season in which to save their hay, during the past ten days, and much has been saved.

The SUN bulletin attracted much attention yesterday as the news from the Chicago convention was being displayed.

Dan Summy has just returned from an extended trip through Ohio. While in that State, he heard Thurman make a big speech.

Mr. A. R. Cooley yesterday purchased one hundred nice spring lambs and fifty sheep, for his market. See advertisement elsewhere.

Our sister town of Weaverville is catching the spirit of enterprise. There are many improvements going on in and around the place.

Mr. E. G. Carrier, of the Asheville Sulphur Springs recently sold one of his thoroughbred registered Jersey cows to Mr. Wm. Robertson for \$200.

We were pleased to meet in the city yesterday Dr. J. A. Reagan, of Weaverville. He informs us that the crops in his section are looking well.

The State Dental Association, which met in Raleigh last week, selected Asheville as its next place of meeting, and the 4th Tuesday in July, 1889, as the time.

The city authorities should lose no time in securing a duplicate pump for the waterworks. Suppose the pump they have was to give way now, we would be in a bad fix.

Mr. John Delvaux, who lives three miles North of the city, will move here in the fall and establish a brewery. This is another enterprise for Asheville, and one which will, no doubt, pay handsomely.

There will be good breaks at the Farmers' and the Banner warehouses this morning. The greater part of this tobacco is from the counties of Haywood and Yancey. And some of it is very fine.

We are glad to welcome Dr. J. M. Roseberry back to Asheville, after an absence of about twelve months at his former home in the North. We hope that he has returned to make this his permanent home.

J. F. Woodbury is a born livery stable man. He has one of the best equipped livery stables in the State. His turnouts are handsome, his horses fast and gentle. If you should wish a nice team, Woodbury will do his best to please you.

Mr. Frank Reynolds, of Ayer, Rutherford county, who has been in the city two or three days, left for his home yesterday. He has been prospecting with a view of establishing a business in Asheville. We hope that he may decide to locate with us.

A stout healthy young woman with her three year old daughter, went to several places in the city yesterday and proposed to give her child away. At one place she went to, we learn, she was very severely and justly abused for offering to give away her child.

A bill was passed in the House of Representatives yesterday, providing for the erection of a public building at Statesville, N. C., at a cost of \$75,000. In the event that the bill goes through and becomes a law we hope our Statesville friends will not have the same trouble in selecting a site for the building, that has been experienced here.

Crockery and Glassware.

At wholesale and retail, at lowest figures for cash. We duplicate all bills from large cities, saving you the freight. Our line of silverware and table cutlery is one of the best in the State. We make a specialty of supplying hotels and boarding houses, to whom we allow wholesale prices. Call or write. J. H. LAW, 57 & 59 South Main St.

Col. Thos. B. Long, on Swannanoa, was in the city yesterday and was in one of his greatest talking humors. He is evidently not well pleased with the State ticket which the republicans have put up. He said he would not vote for any "brindle-tailed" independent—that he wants only the tried and true. There are only about two men—he said—on the republican State ticket that amount to anything.

If you wish to see a wonderful invention, go to the court house to-day and see Gibbs' Automatic Churn Dasher. Mr. Gibbs had it on exhibition yesterday for two and a half hours, and sold even twenty-five. It is the greatest success in the way of a churn dasher we have ever known. Some of the best people of Asheville endorse it. We were told by Mr. J. E. Gibbs, the inventor, that he would remain here all next week to exhibit his invention.

Masonic Celebration.

One of the pleasant events that are to take place at our sister town of Waynesville during the summer, is the Masonic celebration which comes off in that place on July the 4th. We tender our thanks to the committee for an invitation to be present. The committee of invitation is composed of Maj. W. W. Stringfield, Dr. R. C. Eller and J. M. Davis.

An Important Matter.

A wealthy lady of New York city, who spent several months in this city last winter and spring, was perfectly delighted with Asheville in every respect, save one—that was that it did not have a system of sewerage. She said if Asheville had the proper sewerage, she would invest here and make this her home. A day or two ago, she wrote a gentleman in this city, saying that if the bonds for the sewerage system were voted that she wished him to purchase for her a certain piece of property in Asheville, that she would at once make her arrangements to come to Asheville and commence the erection of a handsome residence on the same. This is but another reminder that we should have the sewerage system, and to have it we must vote the bonds, and to vote the bonds, it is of the greatest importance that every man should go to the polls on the 10th of July and cast his vote for bonds, and thereby give our city another great step on the road to progress and prosperity. Asheville not only needs a complete system of sewerage to help to build up a great and prosperous city, but she needs it for the health of her people. While we are enjoying good health in all sections of the city now, the time might come when we would be stricken down with disease, resulting from the lack of sewerage in our city. Let us be up and doing and let us have the cleanest city in the South. We can do it if we will.

Telephone.

Our neighbor, the Citizen need not be uneasy. Asheville will have a telephone exchange. In our opinion, the city has fully made up its mind that an exchange will be established here without interruption. The council has shown this disposition. This body feels that by giving Major Martin and his company an exclusive franchise on certain streets would be about the same as to give the exclusive right to the entire city. There is only one reliable telephone now in use, and that is the Bell, and this company is now ready to put in an exchange here. Suppose the exclusive right was given to Major Martin and his company, his company could not use the Bell telephones, because this telephone is not leased, except to private individuals. And suppose another patent of some inferior telephone was put in here, we might have the same inefficient service we had from the Long telephone, and finally, we might have to abandon that. What Asheville wants is the very best, and that, no one doubts, is the Bell Telephone. Of course, we would not like to see our local company lose anything on its investment in the Long Telephone Exchange, but we cannot expect the city council to do anything that would in any way delay the establishment of an exchange.

Mr. M. F. Burke, who is looking after the interest of the Southern Bell in this city, already has some forty or fifty subscribers for his company. In other words he has received a sufficient number to open the exchange at once, which will be done as soon as the committee from the Board of Aldermen reports Friday night.

We have no doubt the Bell Telephone Company will pay Major Martin and his company a fair price for the old Long telephone plant. The Bell will either buy the old plant or will put in a new one. We do not see after all, how the local company can lose much money. Of course, it cannot get much for the old telephones, because they are useless to the Bell. The local company cannot expect to get much for these telephones. They were purchased at a time when the suit between the Bell and Long was pending, and if the local company has gotten left on the trade, we take it that the city of Asheville, while she may regret it, cannot help it.

A full line of Toilet articles, Rubber goods, combs, hair and tooth brushes, bottled mineral waters, Lubin's, Wright's, Atkinson's and Lundborg's extracts and Toilets water. Prescriptions carefully prepared and delivered promptly to any part of the city.

A STRANGE VISITOR

We had just sold a lady a pair of tan-colored silk mitts for 24c, and was showing her our black lisle jersey gloves at 10c, of which we sold her two pairs, but still have a large lot left, when we heard a noise about the door and the jingle of glass.—Looking up we saw a horse inside the store, wearing in addition to his harness quite an astonished look. He was mistaken—we keep nothing in his line but curry-combs, brushes and whips; and by the way if Mr. Graham had had a \$2.25 whip, which we sell for \$1.52, he could have kept him in "the middle of the road" or made it extremely warm for him. The horse had sense though, like the balance of his kind, he wanted to follow the crowd, and they usually (as he had no doubt observed) tend towards the "Racket Store," where bargains in all lines, except horse feed, are to be had, a few of which it might be well to enumerate.

We have some beautiful Dress Goods, in lawns, muslins and mulls, and our stock of laces is full up, at prices sure to please. We have sold a number of ice cream freezers at unheard-of prices in this city—we warrant every one of them to be as good as the best OR WE REFUND MONEY and take them back; none have been returned as yet. Our croquet sets and hammocks are becoming seasonable and are beginning to move off, we shall keep a supply however and it will pay you to price ours before you buy. We have just received a new lot of rugs—some beauties—and prices will suit, as well as quality. The ladies are especially requested to call and see our new supply of ribbons and flowers—some extra nice tips also. We have the largest stock in town, we believe—some beautiful goods—finer than we have kept heretofore. The same may be said in regard to ruchings, also, of which we have a new line. We sell goods at a small profit, for cash only, and as they are bought lower than others buy, (owing to our facilities,) we undersell our neighbors; and as we guarantee everything sold to be as represented OR MONEY REFUNDED, there is no risk in buying of us, hence people do BUY. Contrary to our expectations, we are not yet in our new store, No. 15 South Main street, but we shall get there we hope on or about the 25th of June. Come and see us, don't wait until we move; we can supply you with anything you need, either to wear or to use, and we guarantee to save you money on every purchase made of us.

Very respectfully,
GEO. T. JONES & CO.

WITHIN OUR GATES.

During the next three months, we estimate that there will be fifteen thousand people. This is estimating our present population at ten thousand, to which we have added five thousand visitors, that we expect to be here and at near by hotels and boarding houses. The question is

HOW ARE WE TO FEED THIS MULTITUDE?

That is a very easy question to answer provided you have the proper hands. But suppose we should have this summer by a blizzard, such as we had in New York last winter, could we pull through?

Well, we hardly ever have enough here at this season severe enough to stop the wheels of commerce, but not surprised to see our prices great deal lower than the lower registered by the thermometer later, in the north and west.

Having foreseen the rush of Western North Carolina this year we have prepared ourselves accordingly and are now busy distributing the largest stock of staple and groceries ever offered in the State.

THE EMANCIPATION OF TWENTY MILLION SLAVES

in South America, has caused a unsettled state of affairs among the planters, and has had the effect of advancing the price of coffee which is likely to reach still higher figures.

Before the advance we were fortunate as to secure a large lot of Mocha, O. G. Java, Fancy Guava Maracaibo and Fancy Rio Coffee green and parched, all of which are at New York prices.

Choice Rio Coffee are now in New York at 18 cts. We sell 50c \$1.00, and Arbuckles at 24c per lb.

SUGARS are firm, with prices at about the same as in our last quote best Standard Granulated and Brown Sugars at 6 1/2c. Best Cut Loaf moulds, Powdered, Confectioners'.

We have a large stock of Molasses, and quote:—
White Drip, 40c
Porto Rico, 50c
Common syrup, 25c

We have the largest and finest stock of Teas ever offered in Western Carolina, which have been selected special regard to their drawing quality.

Young Hyson, 40c
Gunpowder, 50c to \$1.00
Oolong, 50c to \$1.00
English Breakfast, 50c to \$1.00

We offer low grade teas at from 30 cts. per pound.

Try our PURE SPICES and you will use no others.

Our "OBELISK" Flour, at 50c the best ever offered in this market. "Favorite," at \$2.75, is a large pure straight flour.

"Waterloo" is a good family flour. \$2.25. Try it.
