NOTIFIED OF HIS NOMINA TION FOR RE-ELECTION.

He Accepts the Nomination in Short but Concise and Welltimed Speech.

By Telegraph to the SUN.

WASHINGTON, D. C., June 26 .- The Nationalal Democratic Committee and the notification committee appointed by the late Democratic Convention to notity the President and Vice President of their nomination for President and Vice President, met at the Arlington Hotel to-day. The notification committee met at 10 o'clock with Hon. P. A. Collins, or Mass., in the chair and Thos. S. Petit, of Ky., as secretary. The proceedings were conducted in secret session. The committee adjourned at 12 o'clock and it was announced that it had decided to notify the President at 2 o'clock to-day and also to leave Washington to-morrow evening for Columbus, Ohio, to notify Thurman. A letter of notification was submitted to the committee by Jacobs, of Ky., and was accepted. The letter was signed by all those present. The committee also accepted an invitation from Secretary Whitney to visit his country home at Grasslands, to-mor row afternoon.

The notification committee, accompanied by members of the National Democratic Committee and Columbia democratic club, of the District of Columbia met at the Arlington Hotel at 1:30 this afternoon, and, forming into pairs marched to the White House. They were ushered into the East room and ranged themselves in a circle in the south end of the room. Palms filled all the windows and alloves in that portion of the room, and potted plants decorated the

The President was notified of their ar rival and descended to the East room accompanied by the following named persons: Mrs. Cleveland, Rev. Wm. N Cleveland, the President's brother, and wife, of Forest Portney; Mrs. W. E Hoyt, the President's sister, of Fayetteville, N. Y; Mr. and Mrs. Lamont, and Mr. W. S. Bissell, of Buffalo, (all of whom were present at the notification of his first nomination,) Mr. Bayard Mr. and Mrs. Fairchild, Mr. and Mrs. Whitney, Mrs Endicott, Mr. Vilas, Mr. and Mrs. Dickinson, Mr. Benj. Folsom and Speaker Carlisle. Their approach was a signal for general clasping of hands on part of the visitors, and as soon as the party had taken their places Gen Collins stepped forward and addressed the President as follows:

"Mr. Cleveland, we come as a committee authorized and instructed by the National Democratic Convention, recently held at St. Louis, to convey formal notice of its action in naming you for the office of President of the United States during the next four years. It would become this occasion of your presence to express at length the full meaning and significance of that great assembly, but its expression will be found and heard elsewhere and otherwise from now till that day in November when this free and intelligent people will record their approval of your great services as Chief Magistrate. We beg to congratulate you upon this hearty and unanimous endorsement of your course as President by that great, historic party, to which, in all the days of your manhood, you have belonged, and to congratulate the country upon the assured continuance of your wise, just and patriotic administration." Upon conclusion, Collins introduced Chas. D. Jacobs, of Ky., who read the following letter of notification:

"Washington, D. C., June 26. Honorable Grover Cleveland, of New

York, Sir: Vice President of the United States, it were by acclamation chosen as the for the Chief Executor of this country at the election to be held in November next. profound when it is remembered that you have been selected as your own successor to an office, the duties of which, delicate nature; because of the change of years of uninterrupted domination. An engrossed copy of that platform, adopted without a dissenting voice, is herewith tendered to you. In conveying sir, to your responsible trust, that which has been confided to them; this committee begs, individually and collectively, to express the great pleasure which they have felt at the results attending the national convention of the democratic party, and to offer to you their best wishes for official and personal success and happiness. We have the honor sir to be your obedient servants."

Thos. S. Pettit, secretary, then presented Cleveland with a handsomely engrossed copy of the platform adopted at the National Democratic Convention.

The Presibent then said: "I canuot

The message which you bring awakens within me the liveliest sense of personal gratitude and satisfaction, and the honor which you tender me is in itself so great that there might well be no room for any other sentiment, and yet I can't rid myself of the grave and serious thought when I remember that party supremancy is not alone involved in this conflict which presses upon us, but that we struggle to secure and save the cherished

NEW YORK, N. Y., June 26.-The slight flury in the stock market occasioned by the nomination of the republican candidates at Chicago, came to an end to-day and the market resumed its wonted stagnant, featurelous appearance by the end of the first hour. A little further progress was made in the downward movement but this was soon mentrolized and prices were maintained at the same dead level almost throughout the day. Fluctuations generally were confined within a range of less than 14 per cent. The only stock that showed any weakness was Rock Island, but dealings in it were extremely limited. Lackswanna, Union Pacific, and Lake shore displayed the most strength, and all show slight advances at close. The market closed very dull but steady to firm. Sales rggregated 103,000 shares.

Wheeler, of Alabama, made several efforts to secure the adoption of an amendment opening the mineral lands in Alabama to agricultural entry, and in these he was seconded by Herbert, Oates and Cobb; but the House refused to accept the amendment.

Oates offered an amendment to extend the operations of the alien land act to States as well as territories, but it was ruled out on a point of order.

Hallman offered an amendment declaring that the United States 'expressly reserve from sale all coal deposits, but permitting entrymen to mine such coal as may be contained in this land, subject to future actions of Congress to protect the interest of the country from monopolies, and requests all patents to public lands to contain this reservation. This secured a majority, but the point of no quorum was made, and the House, at 5:30 adjourned.

SENATE.

Mr. Plumb gave notice of an amendment to the sundry civil appropriation bill, providing that there shall not be purchased for the use of the National Soldier's Home any material or supplies the result of convict labor. On motion of Allison, the Senate proceeded to consideration of legislation, executive and judicial appropriation bill,

The bill was passed with sundry amendments, none of them important.

A message from the President, returning without his approval, the bill giving a pension to the widow of John A Tusly, was presented. The circomstances of the soldier's death was that he had interfered in altercation between two other soldiers, on a steamboat and was pushed and struck by one of the parties, knock ing his head against a plank, and receiving fatal injury. It is quite clear the President says, that his death was not the result of military service. If he had refrained from interference he would have saved himself, and would have performed to the utmost his military duty.

Edmunds-"I think that the statement of the President shows that this woman is entitled to a pension. If it is not a post of a soldier's duty, without waiting for the order of his Captain, to try to stop an affray between his fellow soldiers I don't know what the duty of a soldier is. I should like the Senate to vote on that question.
