THE PLATFORM. Aconted by the Democratic State

Convention.

"We again congratulate the people of North Carolina on the continued enjoyment of peace, good government and general prosperity under Democratic administration of the affairs of the State which has now been unbroken for so many years; upon the just and impartial enforcement of the law; upon the increasing efficiency of our common school system, and the progress made in popular education; upon the improvement and enterprise manifested in all parts of the State. We again challenge a comparison between this state of things and the outrages, crimes and scandals which attended Republican ascendancy in our borders. We pledge ourselves to exert in the future as in the past our best efforts to promote the best interests of the people of all sections of the State. Affirming our adherence to Democratic principles as heretofore enunciated in the platforms of the party, it is hereby.

RESOLVED, That no government has the right to burden its people with taxes beyond the amount required to pay its necessary expenses and gradually extinguish its public debt; and that whenever the revenues, however derived, exceed this amount, they should be reduced, so as to avoid a surplus in the treasury. That any system of taxation which necessitates the payment of a premium of \$270 by the government on each \$1,000 of its bonds, taken up with the millions that would otherwise lie idle in its vaults, and paid to bondholders who purchased, in many instances, at less than 'par, is undemocratic, oppressive and iniquitous and should be reformed. The course of our Democratic Representativee in Congress, in their efforts to give relief to the people from burdensome internal revenue and tariff taxation, meets with the approval of the Demo eratic praty of this State and we respectfully recommend that if they find it impossible to give to our people all the relief demanded, they support any just and practical measure presented in Congress that will afford a partial relief from such existing

RESOLVED, That while the details of the methods by which the constitutional revenue tariff shall be gradually reached are subjects which the representatives of our people at the national capital must be trusted to adjust, we think the customs duties should be levied for the production of public revenue, and the discriminations in their adjustment should be such as will place the highest rates on luxuries and the lowest on the necessaries of life, distribute as equally as possible the unavoidable burdens of taxation, and confer the greatest good on the greatest number.

RESOLVED, That we, as heretofore, favor and will never cease to demand, the unconditional abolition of the whole internal revenne system, as a war tax, not to be justified in times of peace; as a grievous burden to our people and a source of annoyance in its practical operations. We call the attention of the people of the \$tate to the hypocritical pretensions of the Republican party in their platforms, that they are in favor of the repeal of this onerous system of taxation, enacted by their party, while the Republicans in Congress are taxing their energies to obstruct all legislation inaugurated by the representatives of the Democratic party to relieve the peopl of all or a part of this odi-

RESOLVED, That the course of the Demo cratic party, in furtherance of popular education, is a sufficient guaranty that we favor the education of the people, and we will promote and improve the present educational advantages so far as it can be done without burdening the people by excessive taxation.

RESOLVED. That, to meet an existing evil we will accept, for educational purposes, from the Federal government, our pro rata share of the surplus in its treasury: Provided that it be disbursed trough State agents and the bill for the distribution be free from ob-

RESOLVED, That the United States being one government and ours a national party, we denounce the efforts of the Republicans to orce sectional issues in Congress and else-where, and to promote dissension and ill-will between the people of the different sections of our common country,

RESOLVED, That it is due to the people of our eastern counties, who have so cheerfully borne their share of our common burdens, that the present or some equally effective system of county government shall be main

RESOLVED, That the Democratic party is opposed to any further extension of the "No fence law, unless such extension shall have first been authorized by a majority of the qualified voters within the territory to be affected thereby.

RESOLVED, That the Democratic party has ever been the party of the workingman, and has never fostered monopolies, nor have "trusts" or "combinations" or "pools" ever grown up under laws enacted by it. The pated capital, seeking to crush out all com-petition, and the individul laborer, the Democratic party is, as it has ever been, against the monopolist and in favor of a just distri bution of capital, and demands the enact ment of laws that will bear equally upon all RESOLVED, That as all taxation bears most heavily upon the laborer, it is the duty of journed on Saturday sine die. Graded School, will have charge of the Primary Department. MRS. HANNAH M. DAVIDSON, of Asheville, will be Teacher of Music

The session will be held in the Graded School Building on Academy street, in the western part of the city, about five minutes walk from the court house. All the rooms of this building have been fitted up and are in good condition. A splendid view is to be had of Pisgah and numerous other mountains and the country round about. The grounds are large and shaded, elevated and easy of access. A pleasant home for the Normal. It is desired and truly hoped by the manag-

ers that the school shall this summer surpass in excelence any previous term. It has gradually increased in proficiency and genuine value to the teaching profession of this section since its establishment in 1885. The managers have been vigilant of its interests and have selected for the faculty the best and most experienced talent within their reach; and they trust that they have engaged for this term the services of a corps of teachers unexcelled in the State. So a good attendance of appreciative students will make the institution a complete success. Every teacher, and all who desire to teach, should make ready for the time and be present every day. Let every one consider well the oppor tunity and make the most of it.

Public lectures are expected from time to time which will be of considerable interest and profit to all.

BOARD can be had in the city for from \$12.00 to \$20.00 per month. Arrangements can be made, we think, for a less amount with families near the city. Any parties wishing such accommodations are requested to inform the Secretary at once. We suggest to the teachers to begin now making prepara
