CONGRESSIONAL.

TARIFF BILL.

the Numerous Appropriation Bills.

> By Telegraph to the Sun. HOUSE.

WASHINGTON, D. C., June 28.-On motion of Mills, of Texas, Mr. Blount, of Georgia, was elected speaker pro tem, during the temporary absence of Speaker Carlisle, and the clerk was directed to inform the Senate of this action. The House then went into committee of

the whole, Springer, of Ills., in the chair, on the tariff bill.

Baker, of New York, moved to strike from the feee list vegetables in their natural state or in salt, specially provided for. This proposed amendment was the text for another general political debate, participated in by Mills, Reed, Kelly, Taylor, of Ohio, Weaver and others, which consumed a couple of hours. At its conclusion Baker's motion was de-

feated and the committee rose. On motion of Randalla joint resolution was passed, extending for 30 days from June 30, the provisions of the existing appropriation laws, in case the pending appropriation bills are not passed before the end of the fiscal year.

The committee having resumed consideration of the tariff bill, the political debate was also resumed, the subject being the interpretation of the tariff utterances of the Chicago convention. Recurring again, finally, to that of the bill, Mills presented committee amendments, placing on the free list German looking glass plate, striking out plums and prunes, which were adopted.

Bynum, from the committee on ways and means, moved to strike out pulp for paper makers, which was agreed

Committee amendments were agreed to, striking from 'the free list hatters' furs, not on the skin, and lime or flax seed, marble of all kinds and plaster of Paris, when ground or calcined. The committee

Belmont called up the conference report on the consular and diplomatic bill and it was agreed to. It reports concurrence on an amendments except the appropriation of \$25,000 for a commission to explore the Congo basin. The House then, at 5 o'clock, adjourned.

SENATE.

Mr. Davis, from the pension committee, reported back eight vetoed pension bills with the recommendation that they be passed, notwithstanding the President's objections, and they were placed on the calendar. A motion to have the reports printed in the Record was agreed to, and a motion to print 5,000 copies of the report was referred to the committee on printing, Mr. Faulkner stating that the democratic members of the committee on pensions had not yet seen them. Allison reported the army appropria-

tion bill. Further consideration of the fishery treaty and Morgan's resolution thereup-

on, was postponed until Monday next. The Senate then at 12:30, resumed consideration of the river and harbor appropriation bill, the question being on an amendment appropriating \$10,000 for Yadkin river, N. C. The amendment was agreed to; yeas 37, nays 8,

At this point a statement was made by Allison, chairman of the appropriation committee, as to the present condition of general appropriation bills. He said the West Point, Indian and pension bills had passed both houses and had, he believed, been signed by the President. The agricultural appropriation bill had passed the Senate on the 4th of June and since that time had not been heard of. He thought it was in the hands of the House committee on agriculture. The diplomatic and consulor bill was in conference, and so was the District of Columbia appropriation bill. The legislative bill had passed the Senate on Tuesday and would be reported back to the House to-day. He presumed that it could be sent to the President within the next two or three days. The post office appropriation bill had passed the Senate on the 14th day of June and had not since been heard of. The army appropriation bill had been reported to the Senate this morning. The sundry civil bill had been sent to the Senate last Tuesday and it would not be possible to consider it before the 30th of June. As to the naval appropriation bill, it had come to the Senate last Monday and it would be impossible to consider it before the 30th of June. The fortification bill had not the charcoal to completely deoder- yet been reported to the House, nor had the general deficiency bill. It would therefore be necessary to pass a joint resolution, either Friday or Saturday to ex-

tend for a certain number of days, appropriations for the current report. Consideration of the river and harbor bill was proceeded with. Among the

amendments reported and agreed to By Telegraph to the SUN. were the following: Decreasing the ap-

propriation for Salkehatchee river, S. C., from \$30,000 to \$8,000; reducing the appropriation for Waccamaw river, North | 000; accepted, \$24,250 four per cents, at and South Carolina, from \$15,000 to \$128. \$10,000; increasing the appropriation for Wappoo Cut, S. C., from \$13,000 to \$5,000; reducing the appropriation for Ocmulgee river, Ga., from \$15,000 to \$7,-5000, and for the Oconee river, Ga., from \$12,000 to \$10,000; inserting an item of \$4,600 for completing work at Rowerly Marsh, Ga; increasing the appropriation for Caloosahatchee river, Fla., from \$4,-000 to \$10,000, and for Tombigbee river, Ala., (from Fulton to Vienna) from \$6,500 to \$12,500; reducing the appropriation for Black Warrior river, Ala. from \$100,000 to \$50,000; striking out

Walker's bridge to Fulton. The river and harbor appropriation bill was then laid aside, after 57 of its 94 pages had been disposed of. Sherman, Allison, Manderson, Colquitt and Berry were designated as a committee on part of the Senate to attend the Centenial Exposition at Cincinnati.

the items for Tombigbee river, Ala., from

The conference report on the diplomatic and consulor bill, was presented by Hale and agreed to. Hale said that the only point on which there was any failure to agree was the amendment reported from the committee on foreign relations and adopted by the Senate, for a scientific committee to explore the Congo basin. To that the House conference

were very strongly opposed. propriation bill. One important amendment reported by the committee was the inserting of an item appropriating \$600,-000 for cannon and carriages, projectiles, etc., for experiments in the means of projecting torpedo lines, etc., all materials to be of American manufacture. The amendment was agreed to with an amendment (offered by Hawley) adding after "projectiles" the words "and increased facitities for their manufacture.' Hawley offered an amendment to insert an additional section, proposing \$750,-000 for an army gun factory at West Croliet arsenal, West Troy, N. Y.; five million dollars for the purchase of steel for high power coast defense guns of 8 10 and 12 inch calibre; \$500,000 for the purchase of submarine mine cable, galleries and appliances to operate submarine submarine controlable torpedos and tor-

Without acting on the bill or on Hawley's amendment the Senate, at 5:15, adjourned till to-morrow.

New York Cotton Market. By Telegraph to the Sun.

NEW YORK, N. Y., June 28.-Hubbard Price & Co's. circular to-day says: The course of our to-day's market has confirmed the opinion suggested yesterday that there was still considerable long interest in summer months to liquidate, and a continuance of selling August cotton to-day, with same freedom, has again reduced the cost of values rapidly, reaching ten to twelve points loss; finally closing a trifle steadier at 7 to 8 points decline on near months. The near crop held up pretty well, showing only a loss of one to four points since last night. Telegraphic interruption with the South, owing to stormy weather, has to some extent restricted trading in fall and winter months.

The Official Vote. By Telegraph to the SUN.

PORTLAND, OREGON, June 28.-An offi cial canvass of the vote of the State or the congressional election, resulted as follows: Harrison, republican, 32,826; John M. Gearing, democrat, 25,412 George M. Miller, prohibitionist, 1.974 Harrison's plurality, 7,470.

Order of Business Caucus." By Telegraph to the SUN.

WASHINGTON, D. C., June 28 .- The democrats of a Senate held an order of business caucus this morning and formally The Senate then took 1 the army ap- decided by vote, to insist on the postponement of all matters before the Senate except regular appropriation bills, and to oppose the usual adjournment from Thursday until Monday; the purpose being to secure the passage of the more important appropriation bills before the end of the fiscal year, and thus avoid the necessity of passing make-shift resolu tions to keep the departments running.

New York Stock Market.

By Telegraph to the SUN. NEW YORK, June 28 .- The tone of dealings in the stock market to-day was firm throughout, but except in St. Paul, Reading and Missouri Pacific, there was no animation whatever. Missouri Pacific advanced early 1/8, but lost most of it before noon. Outside of this the principle item of news was the advance in mines, and \$130,000 for the purchase of coal rates, and even rumors were less prevalent than usual. The indisposition of trade, even among room traders, at present, is something remarkable, and to-day's market reached the acme of dullness-sales were but 86,000 shares. The close leaves almost the entire active list fractional amounts higher than last previous sales, the largest gain being only % per cent.

MOONSHINERS

Attack a Posse of Revenue Officers.-One man Killed.

By Telegraph to the SUN.

St. Leuis, Mo., June 28 .- A specia from Little Rock, Ark., to the Post Dis patch, says: A desperate battle occurred between revenue officers and moonshiners near Black's Springs, Montgomery county, yesterday. Internal revenue collector Frye and posse, raideded a moonshiner's camp in the vicinity, destroying three distilleries. Shortly afterwards the posse was attacked from ambush by ar armed band of moonshiners, and a regu lar battle ensued, in which deputy U. S Marshal Trammel was killed. Collector Frye has telegraphed to Ft. Smith for reinforcements.

manofthe county executive committee and the officers of the club were added to the executive committee.

The committee on uniforms recommended the adoption of the uniform prescribed by the chairman of the State executive committee of the democratic party-a white high hat, known as the Cleveland hat, a hickory stick and a red bandana handkerchief, and that all members be earnestly requested to wear the uniform, but the wearing of the same shall not be a prerequisite to members in

Major Westall said that he did not like the white hat, because he was dark completed, the white hat would only make him look darker and might suggest to some that he was in the wrong

Mr. Sawyer thought the club should be uniformed, and favored that recommendation.

Major Westall withdrew his objection. Frank Loughran suggested that the uniform, a white hat, a hickory stick and a red bandana handkerchief would be rather cool by the time the election

The report was unanimously adopted and a committee appointed to solicit money for the purpose of buying the

J. G. Aston said that there were several members of the club who were not able to purchase the hats, and he urged the appointment of a committee at once, that the work of soliciting might commence right away.

Dr. T. J. Hargan took the same posi-

J. M. Campbell said he would be one of five to give ten dollars towards the purchase of hats for the club. J. G. Aston was the second to respond, then G. A. Shuford gave ten for Hon. Thos. D. Johnston. Several other gentlemen contributed liberally. On motion, the club then authorized the treasurer, J. P. Sawyer, to order three hundred and fifty hats, and the committee was instructed to turn over the money as soon as a sufficient amount had been obtained to buy the hats.

Thos. A. Jones read the platform of the National Democratic League, and said that this body would meet in Baltimore on July 4th. He moved that our club become a member of the League and that delegates be appointed to attend the meeting. Carried. The following delegates were appointed by acclama-I. M. Campbell, H. A. Gudger, Hon. Thos. D. Johnston and Capt. C. M.

On motion of J. S. Adams, the executive committee was instructed to appoint nine alternates, who should attend in case the delegates could not go.

On motion, a committee of three was appointed to draft rules and order of business. Dr. H. B. Weaver, G. A. Shuford and Dr. T. J. Hargan compose the committee.

The meeting then adjourned until next Thursday night.
