CONGRESSIONAL.

RIVER AND HARBOR BILL IN THE SENATE.

Filibustering in the House.

By Telegraph to the SUN.

WASHINGTON, D. C., July 2.—The committee on the judiciary has decided to report back the nomination of Melville W. Fuller to be Chief Justice without any recommendation.

There were exactly eight Senators present this morning when the session opened at 11 a. m. The conference report on the legislative appropriation bill was presented and concurred in.

Senate bill explanatory of the act to settle certain accounts between the United States and Mississippi and other states was reported from the committee on public lands and placed on calendar.

House joint resolution extending to states of Florida and Louisiana the joint resolution of 14th of May, 1888, relating to the disposal of public lands in certain states, was reported from the same committee and passed with amendment continuing it in force till the adjournment of the present Congress instead of till adjournment of present session, Plumb, who had charge of it, stating that Congress would undoubtedly adjourn within a few weeks.

After sometime had been devoted to District of Columbia business, the Senate took up the river and harbor bill, some amendments to which had been reserved on Saturday for separate vote.

Demand for a separate vote on the Hennipin canal amendment was withdrawn by Vest on the suggestion that the question might be left to the conference committee, but subsequently a motion to reconsider was made by Sherman. In the course of discussion Hoar vehemently denounced the criticism and abuse so generally indulged in by some Senators and others in relation to the river and harbor bills.

Palmer offered an amendment appropriating \$350,000 for the purchase of portage and take Lake Superior canals. Agreed to.

Call moved to increase appropriation for St. John river, Florida, from \$150,000 to \$250,000. After an argument in favor of the amendment by Call and Pasco, it was agreed to. Yeas 23, nays 20. Call also moved to insert an item of \$10,000 for Indian River, Fla. Disagreed to.

Sherman said he would insist on his motion to reconsider the vote agreeing to Hennipin canal amendment, although he was opposed to it.

Daniel called for a separate vote on the amendment reducing the appropriation for James River, Va., below Richmond, from \$225,000 to \$200,000, and argued against the amendment. It was disagreed to. The bill was then passed.

The bill as originally reported from the Senate committee on commerce appropriated \$21,562,783.77. As it finally passed the Senate to-day it appropriates \$22,474,783.77, having been increased by the Senate \$912,000.

On motion of Hoar the fishery treaty and Morgan's resolution thereupon were postponed till Tuesday of next week.

Turpie then proceeded to address the Senate on the President's tariff message. At the close of Turpie's speech, the Senate went into executive session, and at 4:35 adjourned till Thursday.

HOUSE.

WASHINGTON, D. C., July 2.—The following bills were introduced and referred: By Mr. Herbert, of Alabama, granting right of way through Fort Morgan military reservation to Birmingham and Navy Cove Harbor R. R. Co. By Mr. Anderson, of Iowa, providing for control and regulation of railroads acquired by the United States under judicial foreclosure or forfeiture. (This is the bill introduced by Mr. Anderson in April last. It is a very long measure and Mr. Anderson demanded its reading in full in order to consume time and prevent, as long as possible, the offering of a motion for the passage of the Union Pacific funding bill under suspension of rules.) For four hours and a half the reading clerk was uninterrupted in his monotonous reading of the bill, but at 12:30 the proceedings were diversified by Mr. Bland, of Missouri, with a motion to adjourn, which was, however, declared to be out of order pending the reading, and again the weary clerk resumed his task.

Divisions were also created by presentation of conference reports on diplomatic and consular appropriation bill, Natchez railroad bridge bill, and legislative appropriation bill, all of which were agreed to.

The clerk was about to resume reading of Anderson's bill when Bland, of Missouri, asked unanimous consent that the call of states should be completed, with the understanding that no motions to suspend rules should be made. To this Hopkins, of N. Y., objected, and Burrows, of Michigan, also conditionally objected, stating his desire to pass

CONGRESSIONAL.

RIVER AND HARBOR BILL IN THE SENATE.

Filibustering in the House.

By Telegraph to the SUN.

WASHINGTON, D. C., July 2.—The committee on the judiciary has decided to report back the nomination of Melville W. Fuller to be Chief Justice without any recommendation.

There were exactly eight Senators present this morning when the session opened at 11 a. m. The conference report on the legislative appropriation bill was presented and concurred in.

Senate bill explanatory of the act to settle certain accounts between the United States and Mississippi and other states was reported from the committee on public lands and placed on calendar.

House joint resolution extending to states of Florida and Louisiana the joint resolution of 14th of May, 1888, relating to the disposal of public lands in certain states, was reported from the same committee and passed with amendment continuing it in force till the adjournment of the present Congress instead of till adjournment of present session, Plumb, who had charge of it, stating that Congress would undoubtedly adjourn within a few weeks.

After sometime had been devoted to District of Columbia business, the Senate took up the river and harbor bill, some amendments to which had been reserved on Saturday for separate vote.

Demand for a separate vote on the Hennipin canal amendment was withdrawn by Vest on the suggestion that the question might be left to the conference committee, but subsequently a motion to reconsider was made by Sherman. In the course of discussion Hoar vehemently denounced the criticism and abuse so generally indulged in by some Senators and others in relation to the river and harbor bills.

Palmer offered an amendment appropriating \$350,000 for the purchase of portage and take Lake Superior canals. Agreed to.

Call moved to increase appropriation for St. John river, Florida, from \$150,000 to \$250,000. After an argument in favor of the amendment by Call and Pasco, it was agreed to. Yeas 23, nays 20. Call also moved to insert an item of \$10,000 for Indian River, Fla. Disagreed to.

Sherman said he would insist on his motion to reconsider the vote agreeing to Hennipin canal amendment, although he was opposed to it.

Daniel called for a separate vote on the amendment reducing the appropriation for James River, Va., below Richmond, from \$225,000 to \$200,000, and argued against the amendment. It was disagreed to. The bill was then passed.

The bill as originally reported from the Senate committee on commerce appropriated \$21,562,783.77. As it finally passed the Senate to-day it appropriates \$22,474,783.77, having been increased by the Senate \$912,000.

On motion of Hoar the fishery treaty and Morgan's resolution thereupon were postponed till Tuesday of next week.

Turpie then proceeded to address the Senate on the President's tariff message. At the close of Turpie's speech, the Senate went into executive session, and at 4:35 adjourned till Thursday.

HOUSE.

WASHINGTON, D. C., July 2.—The following bills were introduced and referred: By Mr. Herbert, of Alabama, granting right of way through Fort Morgan military reservation to Birmingham and Navy Cove Harbor R. R. Co. By Mr. Anderson, of Iowa, providing for control and regulation of railroads acquired by the United States under judicial foreclosure or forfeiture. (This is the bill introduced by Mr. Anderson in April last. It is a very long measure and Mr. Anderson demanded its reading in full in order to consume time and prevent, as long as possible, the offering of a motion for the passage of the Union Pacific funding bill under suspension of rules.) For four hours and a half the reading clerk was uninterrupted in his monotonous reading of the bill, but at 12:30 the proceedings were diversified by Mr. Bland, of Missouri, with a motion to adjourn, which was, however, declared to be out of order pending the reading, and again the weary clerk resumed his task.

Divisions were also created by presentation of conference reports on diplomatic and consular appropriation bill, Natchez railroad bridge bill, and legislative appropriation bill, all of which were agreed to.

The clerk was about to resume reading of Anderson's bill when Bland, of Missouri, asked unanimous consent that the call of states should be completed, with the understanding that no motions to suspend rules should be made. To this Hopkins, of N. Y., objected, and Burrows, of Michigan, also conditionally objected, stating his desire to pass

the dependent pension bill under suspension of rules.

Then Clardy, of Missouri, came forward with a proposition that unanimous consent be given for the present consideration of the Nicaraguan canal bill, situation otherwise to remain unchanged. In this case Hayden, of Massachusetts, was objector, and regular order having been demanded the clerk once more resumed the reading of Anderson's bill. Finally the reading was concluded, but Anderson, of Iowa, was on his feet and he immediately introduced a bill to establish a municipal code for the District of Columbia, a volume of 321 pages, and called for its reading.

A quarter of an hour was then consumed in an effectual effort to break dead lock, Holman, of Indiana, endeavoring to secure unanimous consent for the consideration of the land forfeit bill, while Cannon, of Illinois, and Bayne, of Pennsylvania, raised the desire of republicans to proceed to the consideration of the dependent pension bill.

Then, with a view of securing time to effect a compromise, Bland, of Mo., moved to recess for 30 minutes. On this motion no quorum voted, and a call of the House was ordered. Two hundred and eighteen members responded to their names and Mills, of Texas, moved an adjournment. Lost, yeas 87 nays 104.

Mills then demanded regular order, and the clerk proceeded to read the municipal code bill, introduced by Anderson. Hatch, of Mo., said that it was perfectly evident that the reading of that bill would consume all of the time up to 5 o'clock, when the House would have to adjourn under previous order.

In interest of convenience of members and clerks he moved an adjournment, and at 3:30 the motion prevailed.

The Pittsburg Lockouts.

By Telegraph to the SUN.

PITTSBURG, Pa., July 2.—Two more signatures to the amalgamated Steel Association were reported this morning. They were Laughlin Iron Co., of Leechburg, Pa., and Findlay Iron Co., of Findlay, Ohio. This news was the occasion of considerable rejoicing about workmen's headquarters, but according to manufacturers the action of these firms was discounted before the lockout began. The shut down does not effect every workman in and around the mills as has been reported. Many of those departments are still in operation by the amalgamated association scale will continue in operation. Jones and Laughlin employ four thousand men at the American Iron works, but only two thousand of them are affected. Others are employed in the machine shop and other departments of the mill. They will continue work as long as they have iron and if trade will warrant an effort will be made to purchase material in the east. The pipe mill of A. M. Byers & Co. will also continue in operation, although their rolling mill is closed. About five hundred men are employed here, or about two thirds of the entire number.

In an interview to-day, B. F. Jones, of Jones & Laughlin, reiterated his statement that the manufacturers would not start their works at any other terms than have been submitted to men. Said he, at our mills we will continue to operate machine shops until stock of iron is exhausted, when, if trade will warrant, we will purchase iron abroad. All eastern mills are in operation and price for Berling is \$1.50 per cent less than is demanded by amalgamated association. We merely offered them same wages as were paid in 1886, '87 when price of bar iron was higher than it is at present. Some of the men seem to believe that two months shut down will not effect them as they will make in ten months what would be made in twelve. This is not the case, as eastern firms will supply the trade in the west that could be supplied by western mills if men accept manufacturer's scale.

I do not care to make an estimate, but I think fully \$20,000 in wages alone will be lost in Pittsburg every day during the strike. A great deal of money that might be earned here in Pittsburg will go east.

A telegram from Youngstown says: There is no change in the situation at the mills here, all being idle and many employees having to enjoy vacation elsewhere. At the sheet mills of Summers & Co., one of the firm said this morning that they would pay scale prices, and employees were willing to resume work on Thursday morning if there was no interference from officers of amalgamated association. Company has never signed wages.

A tour of the mills to-day shows lockout here to be more complete than was expected. All mills but a few non-union concerns, and machine shops of Jones & Laughlin are shut down. Works of Oliver Brothers & Phillips who signed scale and also shut down, but operations will be resumed in a few days. Iron workers explain general suspension to suspend rules should be made. To this Hopkins, of N. Y., objected, and Burrows, of Michigan, also conditionally objected, stating his desire to pass

question of comparatively short time until others follow their example.

There is intense interest as to what Carnegie and Phillips will do. All of their workers are put down to-day and no scale has been signed by the firm. It is probable that representatives of the firm will hold a conference with Amalgamated officials and reduction, especially at Homestead Steel works, will be insisted on. This afternoon neither side showed any signs of weakness.

Bloody Affair in Indian Territory.

By Telegraph to the SUN.

MUSKOGEE, I. T., July 2.—A desperate fight between United States officers and two notorious desperadoes took place at Green Corn Dance, near Eufaula late Saturday night. United States Marshals, Phillips and McGlaughlin attended the dance with expectations of arresting some escaped outlaws. They found two whom they wanted, brothers, named Barrett. Barretts refused to surrender and in the fight which followed, Phillips was instantly killed. McGlaughlin and one of the Barrett Brothers, were riddled with bullets so that both died shortly after. An outsider named McIntosh was shot by surviving Barrett who terrorized the gathering for some time.

Canadian Independence.

By Telegraph to the SUN.

CHICAGO, ILL., July 2.—A dispatch from Winnipeg says: The Free Press in its article on the twenty-first anniversary of Confederation comes out strongly for Canadian independence. It says: "The real destiny of Canada and the only good which her people are bent upon attaining, is the fullest National development which can fall to the lot of any country. Thoroughly independent politically, no country on earth is more fitted to become a nation than Canada."

Cost of National Republican Convention.

By Telegraph to the SUN.

CHICAGO, July 2.—The total cost of the Republican National Convention, it was ascertained to-day, was \$30,600. A deficit of \$700 exists but will be readily subscribed. The three largest items of expense were \$7,000 to Auditorium Association for hall rent; \$2,700 for electric lighting; \$5,000 for entertaining National Committee.

Another Man Gone West.

By Telegraph to the SUN.

Atlanta, Ga., July 2.—C. Nelson, a banker who has been running the North side savings bank has disappeared. It is thought that Atlanta banks and others will lose, but it is not known as yet how heavily.

Marshal Appointed.

By Telegraph to the SUN.

WASHINGTON, D. C., July 2.—The President to-day nominated Peter F. Knight, of Florida, to be United States Marshal for Southern district of Florida, vice Fernando J. Moreno, resigned.

Bond Offerings.

By Telegraph to the SUN.

WASHINGTON, D. C., July 2.—The bond offerings to-day aggregated \$17,100, accepted \$7,600 at 127 for four per cent, and 107 3/4 for four and a-halves.

New York Stock Market.

By Telegraph to the SUN.

NEW YORK, July 2.—Stock market opened weak without change in its character, being still intensely dull, with fluctuations confined to narrowest limits and of little or no consequence. Dealings were almost entirely professional, and outside of those in Union Pacific developed no features worthy of mention. There was a hopeful feeling in Union Pacific upon the announcement that Speaker Carlisle would not oppose calling up of refunding bill, some improvement was made in price of stocks, but filibustering operations of opponents of the bill disheartened holders of stock and natural decline followed. Northern Pacific and Oregon stock were strong on very limited business. On recent good showing of earnings sales aggregate 71,000 shares.

New York Cotton Market.

By Telegraph to the SUN.

NEW YORK, July 2nd, 1888.—Hubbard, Price & Co's circular to-day says: Market opened a little slack, but upon development of the demand to cover sales of winter months on part of local operators, strengthened up, and finally closed 4 to 5 points above Saturday noon. Large percentage of trading has been of local character, unimportant in its effect, but served to indicate the under current of confidence with tendency to quickly respond to strengthening future. Approach of holidays has undoubtedly had some influence in causing covering demand, and as fear of an August squeeze continued, small buying of that portion is sufficient to cause improvement along entire line.

FOR RENT, several nice furnished rooms at G. L. McDonald's, No. 50 Bailey St.

Fever at Plant City, Florida.

By Telegraph to the SUN.

WASHINGTON, D. C., July 2.—The Postmaster-General has telegraphed instructions to the postmaster at Plant City to fumigate all outgoing mails on account of reported infectious fever.

Weather Indications.

By Telegraph to the SUN.

WASHINGTON, D. C., July 2.—For Virginia and North Carolina warmer fair weather variable winds, South Carolina, Georgia, Eastern Florida, Western Florida and Alabama slight changes in temperature; fair weather, winds becoming southerly.

Democracy is All in All With Him.

[For the DAILY SUN.]

Messrs. Randolph & Kerr:—I see by the Sun in Sunday morning's issue that you have become the owners and proprietors of the paper formerly owned by Messrs. Hobgood & Fitzgerald. It is not necessary for the public to know anything much about you, except that you are in full fellowship with the Democratic party, that knows no North, no South, no East or West. I hope you will accept my best wishes for your future success. I sincerely trust our people that are in business will give you aid in sustaining you in every good work that will promote the best interests of our entire people.

Produce Markets.
