MANUFACTURED ICE.

Information of the public and to
erroneous ideas on the subject of arti-
we give the following facts in regard
manufacture of ice: Our manner of man-
is to distill the water by condensing
thus making it absolutely pure. Then
over charcoal to completely deodor-
arrest any remaining traces of im-
arrest, after which cans filled with it are
in brine chilled below its freezing point,
here it remains until it is frozen as clear
and almost as solid as glass. This
one fit for human use. It lasts one
longer than natural ice and has all the
and all the virtues of the high priced table
of commerce

CONGRESSIONAL.

THE FISHERY TREATY IN THE SENATE.

Tariff on Eggs, Peanuts in the House.

By Telegraph to the Sun.

WASHINGTON, D. C., July 10.—The Senate proceeded to the consideration in open session, of the fishery treaty, and was addressed by Mr. Hoar in opposition to it.

Messrs. Hoar, of Massachusetts, and Gray, of Delaware, had a pretty lively discussion as to the merits and abilities of the Americans who have in charge the fishery question with Great Britain. Mr. Hoar thought the American diplomats ought to take suggestions from the Senators and Representatives from the fishing States, when they had such astute diplomats as those of Great Britain to contend with. Mr. Gray thought Secretary Bayard and his associates will be equal to any of the English with Lord Chamberlain at the head.

WASHINGTON, D. C., July 10.—The House went immediately into the consideration of the tariff bill on assembling.

Mr. Hopkins, of Ill., moved to strike from the definition of uncleaned rice the words "rice free of outer hull." In discussing the amendment, Year, of Iowa, and Bayne, of Pennsylvania, criticised Mr. Cannon on the ways and means for placing the farm products of the East and West on the free list and imposing a duty of 100 per cent. upon the rice product of the South, which criticism called forth the remark from Mr. Elliott, of S. C., that the Republicans having nominated a Chinese President were ready to sacrifice the colored labor of the South by allowing the free importation of rice from China. In reply to questions categorically propounded by Mr. Hopkins, Townshend, of Ill., stated that he had yesterday voted against the Dingley amendment reducing the sugar tariff, because it was intended to confuse the action of those who desired to reduce war taxes. He predicted that when the Mill's bill came to a final vote every Republican in the House would be found recorded against its passage, and he also predicted that in the Western States the people would in November next rebuke those members who voted against the reduction of taxation.

One of the leaders of the Republican party in Ill., L. D. Whiting, who for eighteen years had served in the Illinois Senate, had recently repudiated the Chicago platform and party.

"Did not the party repudiate him first," asked Mr. Mason, of Ill. "No, sir," replied Mr. Townshend. "I know better," exclaimed Mr. Mason. "I know that he was a candidate for Senator and was defeated in a Republican convention. He was not true to the soldiers."

Mr. Townshend: "I knew I had touched my colleague on a raw place when I called attention to the fact that Illinois Republicans are forsaking their party."

Hopkin's amendment was rejected.

Mr. Warner, of Mo., offered an amendment fixing the duty on cleaned rice at 1/2 cent per pound. He said rice should be upon the free list. The rice planter made thirty-three dollars per acre on his crop while the wheat grower made \$12 and the corn raiser \$10.

Why this protection of over 100 per cent. on rice? The bill had been constructed to secure the support of the rice growers and sugar raisers. All industries should be treated alike and in the interest of the laboring men. In performance of the pledge to make a free breakfast table the Democrats should reduce the duty on this food product.

Mr. Warner's amendment was lost by a vote of 47 to 70.

On motion of Mr. McMillan, of Tennessee, the duty on rice flour and rice meal was fixed at 15 per cent. ad valorem.

Mr. Vandever, of Cal., moved to increase the duty on raisins from 1 1/2 to 2 cents per pound. (Present duty.) Vandever, McKenna, Morrow, Biggs, and Felton, of Col. all fought stoutly for this amendment but it was rejected by a vote of 67 to 77.

Guenther, of Wis., endeavored to secure a duty of five cents a dozen on eggs, but his effort proved unsuccessful.

Yost, of Va., moved to restore existing rate of duty on peanuts. Lost.

Allen, of Mass., offered an amendment restoring the existing rates of duty on cotton thread, yarns, and warps, except in case of higher grades, where a slight increase of duty is made. It was advocated by Allen, Lehlbach, of N. J., and Spooner, of R. I., but was rejected 50 to 72.

Dingley, of Maine, offered an amendment striking out the clause fixing the rate of duty on all cotton cloth at 40

per cent. ad valorem and restricting the present classes with specific duties. Amendment rejected.

On motion of Mr. McMillan, an amendment was adopted fixing the rate of duty on flax hatched, known as dressed line, at \$10 per ton.

Mr. Lehlbach, of New Jersey, moved to restore existing rates of duty on flax, hemp and jute yarns, and fix the rate at 25 per cent. ad valorem in the interest of those persons who had made large investments in the rope industry. Lost.

Mr. Phelps, of New Jersey, moved to increase from 25 to 40 per cent. ad valorem duty on flax and linen thread, twine and pack thread, and manufacturers of flax.

Pending the vote the committee arose and the House at 5 took a recess until 8 o'clock, the evening session to be for the consideration of the bill granting right of way to railway companies through Indian reservation.

The Floods in West Virginia.

By Telegraph to the Sun.

PARKERSBURG, W. VA., July 10.—The floods continue and the destruction to property all along the Little Kanawha and Ohio rivers is greater than in 1884 when the great flood came. Farms are flooded and hundreds of acres of growing crops and harvested grain are deluged. Millions of feet of timber are afloat in the swift current going to destruction. The loss in this vicinity will be \$15,000, and in this and adjoining counties will be more than \$100,000. Every stream is out of its banks, and numbers of families have had to move to higher ground. A family named White had retired last night when the flood entered their house reaching nearly to the top of the bed covering before they got out. Nearly all telegraphic communication is cut off, and big washouts are reported on the railroads. Two more fatalities are reported. A Mrs. Tracewell was killed by lightning and a boy named Sanderson was drowned while escaping from the flood. Rain is still falling.

Crop Conditions.

By Telegraph to the Sun.

WASHINGTON, D. C., July 10.—The Department of Agriculture makes July general averages of condition as follows: Cotton 86.7 winter wheat 75.6 spring wheat 95.9 corn 93, oats 95.2 barley 91, winter rye 95.1 spring rye 96.8 tobacco manufacturing leaf 89. Cotton is later than usual in every State, and there is generally a medium stand. Cultivation has been somewhat retarded by local rains and a part of the area is in grass, notably in districts west of the Mississippi. The plant is generally in a vigorous condition and growing rapidly. The State averages are, Virginia 81, North Carolina 85, South Carolina 86, Georgia 90, Florida 90, Alabama 92, Mississippi 92, Louisiana 91, Texas 76, Arkansas 90, Tennessee 90.

Winter wheat has been harvested in the South and yielded below expectation in the Carolinas, Georgia, and Alabama. It has improved slightly in Pennsylvania, Ohio, Indiana, and Illinois. Marked improvement is noted in Michigan. Reports from the Pacific Coast are also more favorable. The general condition has advanced from 73 to 75. The averages of the principal States are New York 80, Pennsylvania 93, Ohio 60, Michigan 75, Indiana 62, Illinois 68, Missouri 72, Kansas 93, California 83.

Spring wheat has improved in a large portion of the breadth seeded and promises a large yield. Minus the possible future drawbacks the general average has advanced from 62.8 to 95.9. The State averages are: Wisconsin 91, Minnesota 94, Iowa 97, Nebraska 95, Dakota 98.

Mexican Election.

By Telegraph to the Sun.

ST. LOUIS, Mo., July 10.—A special from the city of Mexico says: Yesterday the electoral colleges met throughout the country and voted for a President, three members of the Supreme Court, members of Congress and one Senator in each State. So far no opposition has been made to the re-election of President Diaz. Many new members have been elected. So far as their politics is known they belong to the Administration party. To-day hundreds of people called on President Diaz to offer their congratulations. As the re-election of President Diaz was a foregone conclusion public interest centered in the Congressional election.

New York Republicans.

By Telegraph to the Sun.

NEW YORK, July 10.—The meeting of the Republican State Committee, which was held with closed doors at Fifth Avenue Hotel to-day, was called to order shortly after 11 o'clock. Everything is working harmoniously. It was decided to hold the State convention at Saratoga, August 28th. Cornelius N. Bliss was elected chairman, and Frank S. Bliss and John W. Vrooman, secretaries.

Brotherhood Officers Arrested.

By Telegraph to the Sun.

CHICAGO, ILL., July 10.—Chairman Hoge of the Grievance Committee of Brotherhood of Engineers, and Chairman Murphy, occupying the same position in the Fireman's Brotherhood, were arrested at their rooms in the National Hotel this a. m. The prisoners were taken completely by surprise. Both men were taken to police headquarters and locked up. The two chiefs were charged with conspiracy. The much talked of circular in which Hoge is alleged to have requested brotherhood men to hire themselves secretly to the "Q" road and disable engines is said to be the basis of the charge against Hoge. Chairman Murphy is charged with being an accomplice. General Manager Stone swore out the warrants last night and they were given to the officers to be served early this morning so that the prisoners would be arraigned before a justice and a continuance taken as the company was not yet ready to push its case. He asserted, however, that the evidence in the possession of the company was conclusive.

Hoge had nothing to say regarding the arrest of Engineer Gedding last evening, except to reiterate his former statement that the Brotherhood would protect no guilty man. "What is there to your alleged statement that there may be a general strike all over the country?" asked the reporter.

"I mean nothing further than that if the road should arrest some of the Brotherhood leaders, there would be a complete cessation of work. If Arthur had been arrested when that subject was agitated it would have stopped every wheel in the country. I think it would be the same if I should be arrested. They have gone no further among our officers than Bouereisen and that's far enough."

New York Cotton Market.

By Telegraph to the Sun.

NEW YORK, July 10.—Hubbard, Price & Co's circular to-day says: The cotton market has been generally stronger. There is an advance shown for both old and new crop. August went up because there was very little offering and very quiet. The principal portion of the demand seemed to be on orders to cover shorts. On later months the strength was mainly induced by the publication of the Bureau report which alarmed the shorts. Spots remain in fair demand and quotations have again been advanced 1-16¢ as against last night. August has advanced 10 points and other months 6 to 7 points, closing firm with shorts evidently timid. Sales to-day 95,400 bales.

Bloody Affray in Kentucky.

By Telegraph to the Sun.

CHICAGO, ILL., July 10.—A dispatch from Knoxville, Tennessee, says: Laurel Fork meeting house in Whiteley county, Kentucky, was the scene on Sunday of a terrible tragedy. It was a collision between Rose and Fuston clans, while the services were in progress. A feud had been in existence between M. Rose and one of the Fuston boys for some time over five dollars, in which the former accused the latter of stealing from him. A few weeks after Fuston waylaid Rose and seriously wounded him with a Winchester rifle. Some time after that Rose shot at Fuston from ambush and clipped off one ear. From that time on the feud grew stronger, and last week both parties, backed by a large number of friends on either side, laid in a liberal supply of shot guns and Winchester rifles and a collision became only a matter of time. It came Sunday, and just as the minister of the little church was announcing his text a volley of fire arms was fired just outside. A battle raged fiercely between the two factions, and when the smoke cleared away it was found that Ewell Lawson and his son John, aged 13, belonging to the Rose faction were dead; having been fairly riddled with buckshot, and that three Fuston boys, Tom, John, Enos, and John Porter, belonging to the other side, were seriously and perhaps fatally wounded. A dozen others whose names could not be ascertained were seriously wounded. Great excitement prevails in the county, and the end is not yet. Trouble is daily expected.

Hanged.

By Telegraph to the Sun.

ROCHESTER, N. Y., July 10.—Edward A. Deacons was hanged for murder at 20 minutes before 11 o'clock this morning. His neck was broken by the fall. Deacons was a tramp and his victim, Mrs. Ada Stone, had refused to feed him. He was perfectly careless about his fate and abused any newspaper men who approached.

Bond Offerings.

By Telegraph to the Sun.

WASHINGTON, July 10.—Bonds offered to the Treasury to-day aggregated \$583,000. Accepted \$1,000 registered fours at 127 and \$20,000 registered coupons at 107.

AN ORDINANCE.

To provide that the Aldermen of the City of Asheville may negotiate a loan of One Hundred Thousand Dollars, for the use and benefit of said city, as set forth in said ordinance. Be it ordained by the Board of Aldermen of the City of Asheville, that for the purpose of obtaining the consent of a majority of the qualified and registered voters of the city that the Board of Aldermen of the said city may borrow the sum of One Hundred Thousand Dollars, to be applied to the construction of a system of Sewerage, and other necessary and permanent improvements, an election shall be held on Tuesday, July the 10th A. D. 1888 at the usual voting place, and under the rules and regulations governing such elections in said city; and if the consent of the required majority shall be obtained at such election, then the Board of Aldermen may borrow said sum of money upon the bonds of the said city to be made and issued, in their discretion, in the denomination of Fifty, One Hundred and Five Hundred Dollars, with interest coupons attached. The said bonds shall become due and payable thirty years from their date and for interest at the rate of six per centum per annum, payable semi-annually, according to the coupons attached, on the first days of January and July in each anniversary year. And they shall be signed by the Mayor and countersigned by the Treasurer, and be under the seal of said city. The said bonds shall in no case be disposed of, sold, assigned, or transferred, for a less price than par. The coupons of said bonds shall be at all times when due, receivable in payment of taxes due said city. H. S. HARKINS, Mayor. May 26, 1888.

Any person who is not already registered on the registration books of the city will call on Col. S. Bulow Erwin at the office of the County Treasurer in the court house. By order of the Board of Aldermen, J. M. MILLER, City Clerk. ms-1w
