[For the Sun.]

Messrs. Editors.—

Inasmuch as it has been reported that I would not be a candidate for the office of Register of Deeds, I take this method of saying to my friends in my native county of Buncombe, that I am a candidate for said office, subject entirely to the action of the Democratic nominating convention, as I have always stood upon that, so I will stand as firm as a rock, sink or swim. J. R. PATTERSON.

Parties wishing good table board will be accommodated at No. 28 South Main street, for \$12.50 per month; board and lodging \$20. July 28th

We have no criticism to make on Mr. Walker the Prohibition candidate for Governor in this State. He is a reputable gentleman and a good speaker; but Prohibitionists can not afford to vote for him for two reasons: First, the Democratic party of North Carolina has thus far given all of the legislation that the temperance people have asked for touching the questions of Prohibition; Second, to vote for Mr. Walker is simply to throw a vote away. There is no hope of electing him, and every temperance Democrat who votes for him is helping the Republican candidate just that much. Suppose enough temperance Democrats should vote for Walker to defeat Fowle, then what would be the result? Why, the negro element in North Carolina would then be in power. Could Prohibitionists in that event expect any thing from the negroes? Are not nine-tenths of them anties? Do the Prohibitionists want to aid in putting the liquor voting negroes on top in the Old North State? We

The New York "Tribune," the official organ of the Radical party in the Nation, a few days ago gave its readers the following in his editorial columns:

"[The Democratic] is a party which honors and prefers, disloyalty; which cherishes a fierce and fanatical affection for traitors and those who sympathize with treason. The fondest mouthed and the vilest acting traitors, the men whose deeds and words revolt even the more cultivated ex-Confederate who broadened his mind by brave conduct in war—these are creatures who come to the front as representatives of the innermost spirit of a party. The Copperhead whose words were so vile that they cannot now be printed; the men who have been engaged in forgery, ballot-box stuffing, bulldozing, whipping and systematic assassination as means of restoring rebel supremacy against the law;—these are the men who take of trust and honor in spite of the protests of loyal and decent citizens."

Of course a baser, bolder, or more grovelling lie was never forged by a Radical brain, but still there are people amongst us—men who were born in the glorious mountains of our Sunny South, who will affiliate with a party whose principal organ thus grossly slanders his section in such a wholesale and indiscriminate manner. This article should cause every man who has a drop of Southern blood in his veins, or a spark of patriotism in his breast, to blush at the mention of this party which thus maligns his section and its people.

## MEXICAN COFFEE.

I now have in store for sale a small lot of very fine "CORDOVA" coffee, at 25c per pound.

When prime Rio coffee is selling at 16 1/2 cts per pound the price of "Cordova" is 25 cts. per pound. No prime Rio is 25 cts. per pound and you can get "Cordova" at the same price. Try for a change.

This coffee is no better cheaper than can be gotten in New York; but what difference does this make to the people of Asheville; let's give New York a chance any day.
