NOTICE!
The name of Charleston N. C. was changed by act of Legislature in January 1889 to Bryson City. The name of the postoffice and railroad station have been changed to correspond.

Such delightful August weather we never saw before. Laying water pipes on the north is progressing at last.

G. W. McCracken has our thanks for some beautiful tomatoes. The Geo-Trotter sawmill on Alarka creek is doing some good work.

The Bell ringers gave quite pleasing entertainments, Friday and Saturday nights.

The editor is in great hope that his own house will soon charm the eyes of passing travellers.

Mr. Arthur, accompanied by several men, went to Briartown Monday to set the new sawmill in motion.

W. J. McElion, of Macon county, has been appointed Gauger of Distillers for the 5th Internal Revenue District of the state.

A two week's meeting under the auspices of the Presbyterian Church is in progress, and is well attended. It is held in the Methodist church building.

F. M. McDonald has started for Bryson City by way of New York. Fensom and his family and Moon's family will start as soon as cars for transporting their goods can be secured.

Miss A. M. Bennett has our thanks for a fine plate of music. She has also sent us a fine office a single tomato, weighing two pounds and five ounces. It was taken from a cluster of three.

From T. W. Miller, we learn that the new brick Academy and Masonic Hall known as the Bethel Academy, in Haywood county, was burned, Sunday night. Some think it the work of an incendiary.

J. R. Edwards brought in a lot of corundum from his Bear Pen Mountain tract, Monday. There is no longer any doubt that this is a valuable mineral, and we hope to see it in the market in large quantities.

A LUCKY HIT for counterfeit silver dollars of the coinage of 1888. Detective Deaver of Asheville has discovered some dangerous ones in circulation. One of the shavers of the queer, has been captured by the Asheville police.

The game law, at least so far as its provisions affect the killing of deer, is suspended. We did not need to consult the statutes of the state to find this out, it was enough for us to see that old veteran "Doc" Jenkins making a sneak for the big mountains, with his trusty rifle on his shoulder. We wish him good luck.

Now that summer is upon us it is well for everyone to be prepared for the inevitable. Children will eat green fruit and must take the consequences. Their elders sometimes find themselves suffering from summer complaints. Have a bottle of Fosgate's Anodyne Cordial in the house and you will never be without a sure remedy. It is good for all ages. Bryson City N. C. **Merit Wins.**

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. R. L. DAVIS Druggist.

Trial bottle free at R. L. Davis' Drugstore.
One of the boilers for the kaolin factory arrived here yesterday and attracted much attention, we suppose on account of its diminutive size. It measured only 19 feet 3 inches in circumference, and only weighs about 28,000 pounds. Its mate is daily expected and the pair will be placed side by side in the brick house now being built for them.

At the mines shutes are being constructed to convey the kaolin to a convenient point for loading on wagons, which will be used for hauling to the factory until the tramway is built.—Tuckasee Democrat.

A large crowd of very thirsty looking men was gathered in front of Conley and Crisp's office Thursday last. The reason was that these enterprising real estate men had brought a promising piece of gold bearing rock from Briartown and were preparing to test it. Mr. Young ground the rock in a big mortar long after it had been reduced to an impalpable powder, just for the sake of seeming to be busy. Tatham of Robbinsville helped run the fire, under the able direction of Representative Franks. W. K. McLean wore an expectant smile. Mr. Clark sat in the office door and seemed an embodiment of all the prohibitory knowledge of the Pine Tree state. Several others were also there and we tried to learn for sure if the washing would go for treats or not. Nobody seemed inclined to enlighten us and we asked to be shown a sample of the rock, thinking we might form some idea of the chances of our securing a little of that invigorator that comes from Waynesville every day or two. A piece of rock was shown us that contained sure enough gold, and in quantity far exceeding anything we have ever before seen in this state. But the chances of realizing "invigoration" were reduced to a low ebb. It was the poorest piece of ore in that lot that they had pounded up in the process of burning the grease from an old fryingpan in which to wash the precious powder was a slow one, we were not in a very feeble condition anyhow and when Budd, Thompson offered us a last year's county order for our chance we took him up so quick he forgot what week it was and murmured feebly, "It's a boy." They said afterwards that they got a fine showing of gold but none of them were unduly elated, joking aside, the find is a valuable one.

Birdtown Bubbles.
We were pleased to hear that the Sawmill Boys are yet alive and enjoying health and plenty.

Efingman Bryson made us a call the other evening.

J. R. and W. T. Kinsey and W. L. Childers attended the association at Shoal creek.

I sympathize with Bill Hamilton in his recent loss of the two chickens and probable loss of the old hen. Guess he will quit the chicken business and join the farmers alliance.

DIED.
At his home on Indian creek, from heart disease and dropsy, W. H. Cathey. The deceased had been sick for several months and for the last three weeks had been obliged to sit propped up in his chair all the time. Thus sitting in his chair the reaper found him, and cut the frail bonds that held him in the earthly tenement. Had he lived till next October, the deceased would have been 55 years old. He leaves a wife and a large family of children. He was buried at the Shoal creek camp ground, on Sunday.

He said that the Sunday School picnic near Robbinsville, of which one of our correspondents wrote us would come off the last of September, and he promised to see that we are fully informed in relation to it.

Two New York ladies did the mountains alone last week. Their names are Bromley and Schenek. They went to Jarretts Thursday returning the next morning. They said that Asheville people tried to dissuade them from the trip but they were very glad they had come. The scenery they thought was grand, the accommodations afforded them at Jarretts were better than they had expected and the only objection they had to the trip, was the poor accommodations given by the railroad company in cars and running time. We hope others will be as venturesome as they.
