### Butler Pays His Debt.

From the Southport Leader. Senator Butler spoke here in the opera house last Friday night to about 250 people, most of whom were Democrats. To give a little pungency to the affair, a dash of claret, as it were, to the Populistic lemonade, the Hon. Mary Ann was arrested in the street at the instance of Mr. W. E. Worth, for an old debt, due for ice two years ago. He had been repeatedly dunned for the money, but paid no attention to such vulgar things, and, as a consequence, was warranted here for the debt.—Exchange.

W. H. Nelson in the drug business at Kingsville, Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied using it. Cooper, Whittier

### SWAIN COUNTY.

THESE ARE HER JEWELS.

For wealth and variety of resources there is no section in all the country, from the pine-clad hills of Maine to the citron groves and orange bowers of Florida that can excel this, the beautiful, God-favored "Land of the Skr."

In the midst of her silent winds as she loiter about the summit of her majestic hills or nestle low within her dimpling valleys is borne the greatest boon yet known to mortals; health in all its grace and loveliness. This section is becoming better known each day to the outside world. It is fast becoming a glad retreat alike for the invalid of many years and the man who is in search of temporary relief from the care and worry of business or the enervating effects of over-work.

From the borders of the rich valleys to the uttermost parts of the great mountains the beauty and luxuriance of the Flora are bewildering as the "sound of many waters." The Fauna is only excelled by those countries that are equally blessed and fresh as on the morn of creation. Here is beginning to form the center of attraction for the tourist and sportsman, the naturalist, ornithologist, botanist and photographer.

Within the geographical compass above described are to be seen a wealth of merchantable timbers, minerals and water-power to be found in no other section of the Western Hemisphere.

Walnut, cherry, locust, poplar, spruce, ash, lynn, buckeye, hickory, chestnut, syc more, beech, balsam, birch, cedar, maple, mulb rry, dogwood, ironwood, sourwood, with every variety of willow, oak and pine, flour h to perfection. Beside the merchantable timbers there is an ever varying supply less valuable and artistic in character such as the holly, ivy, rhododendron with ferns and evr-greens of every description and herbs of every medicinal virtue.

This section bids fair to rival New Hampshire in its production of granite for building purposes. It has already relieved her of the pleasant burden of bearing the significant title of "Switzerland of America."

Quarries of stone of a quality and texture sufficient to justify the most exacting demands of profitable occupation have been discovered and worked. Mines of marble of the highest textile value and of inexhaustible supply have been found and are being extensively operated. Minerals, oars, and clays of every variety have been discovered; gold and koolin particularly, and in paying quality and quantity. The prospector, geologist and practical mineralogist already recognize this section as the mecca of their professional pilgrimage.

No country on the globe can claim a more healthful and abundant water supply

Streams pure as the driven snow that wells their airy sources thread their way in pearl and silver through coves that literally howl in aesthetic grandeur, leaping in mist and foam from cascade to cascade and whipping the thirsty earth in dazzling whirlpool.

For picturesque beauty and sublimity the scenic phase of our streams are alone excelled by the immaculate bow and georgous sunset. These same Waters team with that most delicious and beautiful of the finny tribe; the far-famed speckled-trout.

After so much natural use and ornament when these waters have reached the haunts of man they can afford power sufficient to run all the machinery of New England and have a large surplus to drop from the whirling wheels and ripple away to moisten the hotthroats of men.

Jas. H. Cathey.

### That Headache!

You have sick headache occasionally, with sour stomach and biliousness. This all comes from a sluggish action of the liver.

There are three things you can do. You can take liver pills which cleanse the whole system out but leave you weakened and exhausted. Or you can consult a physician, which is a good but expensive plan. Now there is a third and better course. You can have the physician's advice and his remedies both for 25c.

Ask your druggist for **Ramon's Tonic Liver Pills**. He will give you two boxes of medicine. These boxes contain exactly what every leading doctor prescribes. You first take a **Ramon's Pill** which opens the bowels easily and naturally, without violence. You then take the **Ramon's Tonic Pellets** daily for a fortnight.

They contain a powerful Tonic and Blood Purifier, which makes a new creature of you. At the same time they keep the bowels mildly active. Try it once.

All dealers, or mail, for 25c. 5 boxes \$1.00. BROWN MFG. CO., New York.

When Baby was sick, we gave her Castoria.

When she had Children, she gave them Castoria.

The editor of the progressive Farmer, of Raleigh, is a honey. He comes right out and says without reservation, that he would not support Teller, Allen, or anybody else, Democrat, R-publican or Populist, if nominated at Chicago and endorsed at St. Louis, and that he won't have free silver at all if he has to get it through the Democratic party. He will have nothing to do with anything or anybody that bears the slightest taint of Democracy. All of which goes to show that it is not free silver he is after, but something else. We do him the justice to say that he has practically admitted this in his paper a number of times.—Charlotte Oeserver.

The difference between this editor and the Democratic party is that one promises to pay in free silver twenty years after date, while the Democratic party proposes to give relief now. The people prefer "spots" to "futures" in this matter.—News and Observer.

A Chance to Make Money.  
I read how one of your subscribers made money selling Dishwashers. I ordered one, and my lady friends were charmed, as they hate dish washing. My brother and I commenced selling them, and have made \$1,700 after paying all expenses. We don't canvass any. Our sales are all made at home. People come or send for them. The Mound City Dish Washer is the best Dishwasher on the market. Our business is increasing, and we are going to keep right on, until we make ten thousand dollars. We sell from five to fifteen machines every day, and some days more. The Dishwasher is lovely, every housekeeper wants one. There is no excuse to be poor when so much money can be made selling Dish Washers. For full particulars, address The Mound City Dish Washer Co., St. Louis, Mo. ### The Fruit Season.

The season for Watermelons, Peaches, Grapes, Stale Vegetables, Cramp Colic, Stomachache, Dysentery, Diarrhoea, Flux, Cholera Morbus, etc., is now on a boom. Reports say that the yield of the last named was never better and that the demand for Dr. HARTER'S GREAT RELIEF AND LITTLE'S ELIXIR was never greater. The instantaneous relief afforded by these old reliable family medicines makes them so justly popular. Our advice is to get a bottle of each at once.

Spoons Free to All.  
I read in the Christian Standard that Miss A. M. Fritz, station A, St. Louis, Mo., would give a clean plated look spoon to any one sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made \$18 in two hours, taking orders for the spoon. The look spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something housekeepers have needed ever since spoons were first invented. Any one can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home. m29 131 Very truly, JEANNETTE S.
