Canst thou minister to a mind diseased? asks Macbeth. Certainly not; the condition of the mind depends largely, if not solely, on the condition of the stomach, liver, and bowels, for all of which complaints Ayer's Pills are the sovereignest thing on earth.

During an electric storm Monday, lightning struck near a small yeamore and tore up the earth and some of the sidewalk between the Entella Hotel and The Times office, a few minutes later it struck again immediately in front of this office.

Nervous debility is a common complaint, especially among women. The best medical treatment for this disorder is a persistent course of Ayer's Sarsaparilla to cleanse and invigorate the blood, his being accomplished, nature will do the rest.

An unknown party threw a dynamite bomb at the house of J. Robert Jenkins last Saturday night, but the bomb burst in air before it reached the house and did no damage, other than frightening inmates and arousing the neighbors. The explosive was distinctly heard more than one mile around and caused many to awaken from peaceful sleep. It was plainly heard here in town more than a mile away.

We have instruments for determining the weather, temperature, etc., and our attention was recently called to a method for ascertaining the condition of the health of the community. To do this it is only necessary to sit for a short time in any of our stores where drugs are kept, and pay strict attention to the calls for medicine by the customers coming in. We notice that just now Bowel Troubles, such as Flux, Diarrhoea, etc. are prevalent from the number of calls there are for Dr. Lytl's Elixir. One would be astonished to see how this celebrated remedy is selling now.

Easy to Take Easy to Operate. You will find a true friend in Hood's Pills. When you take them you will not be disagreeably reminded of the fact by griping and agonizing pains. They contain none of the drastic drugs formerly so extensively employed. Every ingredient used in Hood's Pills is selected with care. They will break up a cold, prevent the grip, and are especially valuable to regulate the liver. They cure sick headache and indigestion.

A Letter From Almond N. C.

Almond, N. C.—Dear Editor: Please find space in your columns for a few dots this week.

We had quite a business day Saturday, all our Township Magistrates met here for the purpose of attending to the public road business. We all believe in good roads and more of them. We don't see much prospect at the present for much improvement, but any way this is a very good time of the year for road meetings. As it gives all our candidates a chance to shake hands with a number of our citizens.

We are having some very warm weather now, most all our old citizens claim this to be the warmest Summer that has been for several years.

We now have the foundation dug out and framing out for our new church and school house, but it looks at present that we will have no school as the horse will not be completed in time for school before cold weather sets in.

D. A. C. Ward Railroad agent of this place left Monday on a business trip to Asheville N. C.

Politics are still unforten, getting hotter every day. Free Silver is the question, and the argument who will be the man that will work for us and try to give what the people want, the free silver man is the man we want and the man we must have.

We have a party of fishermen with us this week from Asheville who have caught some fine bass it seems that our section of country is up if not ahead of any other, we wish them more good luck.

We noticed Capt. M. A. Gee in town yesterday as jovial as ever don't know what his eye was on. Lumber is coming in very rapid now from Gaddis mill.

Respectfully, A Good Democrat.

A Chance to Make Money.

In the past three months I have cleared \$600.75 selling Dish Washers. I did most of the work, my brother helped some. I expect to do better next month, as every Dish Washer sold advertise itself, and sells several more; I don't have to leave the house. People hear about the Dish Washers and send for them, they are so cheap. Any lady or gentleman can make money in this business, as every family wants a Dish Washer. Any of our readers who have energy enough to apply for an agency can easily make from \$8 to \$10 per day. You can get full particulars by addressing the Mound City Dish Washer Co., St. Louis, Mo. Try it and publish your success for the benefit of others.
