

LOCAL PARAGRAPHS.

Mr. Snow is fast recovering from his accident.

John Nelson of Asheville was in town on Tuesday night.

T. L. Snelson is again able to be out and attend to business.

We were glad to see J. C. Loftis again on the streets after his severe sickness.

The residence of W. W. Zachary on Caldwell street is fast nearing completion.

It is better for a man to have the control of some of his fellow men than for him to have money alone.

Mrs. C. B. Deaver has quite recovered from the effects of the severe shock she received from lightning.

We will need the streets sprinkled in a few days if this beautiful weather continues. And the flies have also made their appearance.

The number of visitors in town is most encouraging. We could have the town full all winter if we only had good streets and sidewalks.

We suggest to our friends that they consult the thermometer instead of the calendar when they are choosing what apparel they shall use for the day.

Mrs. J. A. Forsythe left Thursday for Winston-Salem, to attend Conference of Women's Home Missions of the M. E. Church South. She goes in interest of the Brevard Industrial school.

D. S. Hawkins wife and children are spending an outing at her old home in Greenville county, S. C. while David is meandering about town grubbling at having to cook his own rations.

J. L. Bell was summoned by telegram from his brother to the bed side of his aged mother who is critically ill. We hope that she may recover but owing to her extreme age the case is very serious.

There is some complaint about the mail for Grange being carried on to Hendersonville from Brevard. We have enquired about it and find that the railway postoffices have a rule that prevents their putting it off.

T. W. Whitmire has discontinued his business connection with the Rockbrook Store. Mr. Wm. Hewitt will take full charge of the store, with a complete stock of new goods, next Monday. Read his announcement in another column.

We wish to remind the overseers of some of the roads that court meets here in a few months. Judges are getting severe on officials who fail to perform their duty. Some person may make a presentment about the present condition and then there would be trouble.

We notice some very large steel freight cars coming over the Transylvania railway now, 80,000 pounds capacity, and as they are loaded with steel rails they have the maximum load. Our road stands the travel of these heavy cars perfectly owing to its fine condition. In fact the roadbed is better than that of the Southern on the A. & S. division.

We overheard some proud parents talking the other day and from what we could gather from their conversation we think that Brevard and its suburbs should have a Baby show. We ought to take in a radius of four and a half miles from the court house. We can say with Zeb Vance that there are a great many handsome babies in this cold mountain section.

Our farmers should certainly give some attention to the raising of such staples as Irish and sweet potatoes, cabbages, turnips and parsnips. There is a good market here for them and we ought not to send away from home for these things. We also need some more vegetables raised around Brevard. There are more people here than used to be, and they all need vegetables in the summer.

Prompt Payment.

The Continental Insurance Co., through their agent, W. B. Duckworth, Esq., has settled the loss on C. B. Deaver's residence. Such prompt settlement as this is deserving of commendation, and we take pleasure in noting it. It is not right for insurance companies to demand immediate payment of premiums and then in case of loss to take its own sweet time to make payment of the loss. Mr. Duckworth has a good company and deserves his share of the patronage of our insurers.

In almost every neighborhood someone has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by Z. W. Nichols, Brevard, and O. L. Erwin, Cherryfield.
