

## GEORGIA SOLVES IN SUMMER SESSION

Busy Term Is Anticipated by Members

### GOVERNOR'S MESSAGE RECEIVED.

For the First Time in Fifteen Years the Lawmakers of Georgia Gather for a Summer Session of the State Legislature.

Atlanta, June 24.—The legislature of Georgia met in regular session this morning at 10 o'clock. For the first time in nearly 15 years the Georgia lawmakers gathered for a summer session.

Members of both houses expect a busy session. While nothing of a sensational order is now anticipated, the impression is strong that there will be more than enough necessary work to keep the body here during the full 50 days.

When the two bodies were called to order the galleries of both the house and senate were filled with a large crowd of spectators and nearly every member was present at his desk.

The governor's message was received just before noon, and was immediately read to both the house and the senate.

In his message to the general assembly Governor Terrell urged favorable consideration of the question of limiting the tax rate, of amending the common school system and of exempting college endowments.

He also urged that steps looking toward an equalization of tax values be adopted—suggesting, in that connection, the establishment of a state board which shall regulate the matter.

He recommended that suits to recover certain school lands that have never been devoted to their intended purpose be instituted.

He urged the passage of a measure which shall provide for the care of confederate graves by the state.

He urged the segregation of the criminal insane from the innocent in sane and suitable provision be made for the care of the former.

He urged that the paving of Mitchell street be changed—the present paving being a sort that traffic thereon makes a noise that seriously interferes with work in the capitol.

He felicitated Georgia upon the condition of the militia and upon the condition of the various state institutions, and suggested a few improvements in connection with some of the latter.

He called attention to and indorsed the suggestions of the various state house officials in their reports, and concluded with a gratifying summary of the state's financial status.

### MINERS DECLINE PROPOSITION.

#### Joint Convention of Alabama Miners and Mine Operators.

Birmingham, June 27.—At today's joint convention of the Alabama miners and mine operators the miners declined the proposition of the operators for an advance of 2 1/2 cents per ton in the wages of miners with iron at \$12 per ton as a minimum instead of \$11, the scale to be a sliding one based on iron prices.

The miners then asked for 5 cents advance, semi-monthly pay days and an 8-hour day.

Their original demand was for 7 1/2 cents advance. The last proposition was referred back to the joint scale committee, who in turn referred it to the joint sub-committee on scale. The present contract expired July 1. It is thought by many that a compromise agreement will be reached since both sides have already conceded some from their first propositions.

### Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me."
