Sylvan Valley News

MINER & BREESE, Editors and Proprietors.
Friday Morning, Nov. 6, 1903.

Town and County Items.

The family of H. P. Clarke went to Greenville to see the great Barnum & Bailey show.

Mrs. R. A. Jacobs and family have come to town for the winter and will occupy Miss Huger's cottage.

Mrs. A. J. McDevitt, of Walnut, N. C., is visiting relatives and friends in Brevard this week.

I. H. Aiken went to Charlotte on Tuesday on business and incidental to see Barnum and Bailey's show.

Last week the new depot at Pisgah Forest was completed and the railroad company is now ready for business at that point.

Mrs. Homier and Miss McCargue who have been spending several months at T. W. Whitmire's left on Monday for their home in Richmond Va.

L. R. Duvall of the Asheville Citizen made us a pleasant visit on Tuesday afternoon. We are always glad to see any representative of Western North Carolina's best daily paper.

R. Lee Whitner and wife, of Maiden, North Carolina, are visiting T. D. England. Mrs. Whitner is the aunt of Bertha and Ethel England and came up to attend their wedding.

The attention of the Board of Aldermen is called to the mud hole in the sidewalk just in front of John Allison's residence. This should be fixed as it can be easily done with a load of gravel.

W. H. Faulkner's new pebbledash residence just east of the corporate limits is finished and he has moved in with his family. He will now discover how it seems to live in a house of his own.

Why is it that no one has started up a coal and wood yard here? Several loads of coal have been ordered by citizens as well as a great amount of wood. This is a good opening for some investor.

Brevard has reason to be proud of Aiken and Poole who are comedians of a high order and whose work is always appreciated by the people here. Their work on Monday night in connection with Prof. Ruff was fine, in fact it was the event of the entertainment.

Several of our young ladies and matrons went "possum" hunting on last Monday night and had a splendid time. They had a most exciting time for although no possum was caught they did manage to tree and capture a large "Vulture" the generic name of which is Buzzard.

Capt. Billy Wilson has added quite extensively to his residence near town. He has built a kitchen with rooms underneath, a piazza the whole length of both old and new portions, has put a new roof on the old house and is now ready to entertain his friends in better shape than ever before. "Bully for Captain Billy," say we.

W. E. Aiken returned on Sunday night from a pleasure trip to Columbia, S. C., and while there he saw two games of football in which two of our Brevard boys participated, one being Jim Forsythe of the Clemson team, and Fred Miller of the A. & M. team. As is always the case the Brevardites were at the head, these two men being the best players on their teams.

Several of our citizens in Brevard and on Little River made application some time ago for fish to restock the mountain streams and ponds from the U. S. Fish Commission. On Tuesday afternoon they received telegrams stating that the fish car would be here on Wednesday morning and to be ready to receive the fish and every one was getting busy along that line when another message was received stating that the fish car would not come.

Capt. T. S. Boswell was in town on Monday from Lake Toxaway.

Ernest Ewbanks, of Hendersonville, was a visitor in Brevard on Monday.

It will pay all those who can go to Hendersonville and see the Street Carnival there.

T. w. whitmire and wife went to Asheville on Thursday to be gone until Saturday.

Claude R. Allison, of Marshall, was a welcome visitor to Brevard and the News office last Wednesday.

H. C. Fenwicke, Station agent at Selma, was in town yesterday shaking hands with his many friends.

D. L. English Esq. went to Asheville on Monday to attend the United States Court which is in session there.

Mrs. Farraday Reeves who has been visiting Mrs. Claude Kinsland, left on Thursday for her home in Asheville.

The many friends of Mrs. Claude Cauble will be glad to learn that she is in Brevard. She is staying at the Ethelwold.

The boys are catching several coons while out 'possum hunting. In fact there is a great amount of game this year.

It is reported that Whit Whitmire contracted scaritis from T. Sluder Woods and suffered from it considerably last Tuesday night.

We see in the Asheville Citizen that Chas. A. Nichols, brother of Zeno Nichols, was married Wednesday to Miss Nelia Miller of Mill's River.

Plato Heffner and wife left Monday for Glen Springs, S. C., where Mrs. Heffner will remain until she entirely recovers from her severe illness.

Our Aldermen should notice the good condition of the crossings made by John Moxim at his own expense and try to give the citizens something as good at the expense of the town.

How many shots at close range will it take to make a man run if he fails to move after six shots being fired into him? For the answer ask Whit, also what kind of language is best to use when one is scared.

Jim Loftis went to Greenville last week to stand an examination for a position on the Southern Railway, and we have heard that he passed the examination and now has a good position on the road between Greenville and Atlanta.

The ladies of the Home Mission Society of the Central M. E. church of Asheville, have a card in the Citizen asking for donations for the Brevard Industrial School. From the great amount of interest shown by the women of all denominations the success of this most worthy and greatly needed institution is assured.

Did you all notice that our President, Theodore Roosevelt, had again insulted the people of a large portion of the United States by having negro sailors to eat in the White House. A man that will stoop as low as that to try and catch the negro vote does not deserve the votes of respectable white men either north, south, east or west.

The following postal card was received here Tuesday night from Asheville: "Please change my paper from Tip Top to Hendersonville." Such orders ought to have a name signed to them, but this one was lacking in this particular. Evidently the writer will find fault with us for not obeying instructions. Such is the fate of newspaper managers.

The Board of County Commissioners decided to build the bridge across French Broad near the Brevard Tannin Company's large plant. This is a good idea and will give an outlet to many of our citizens living on Williamson's creek and in Little River township, so they can haul their bark and wood to the acid plant. At present we have a progressive and business like set of Commissioners.
