

LOCAL PARAGRAPHS.

W. E. Breese Jr. Esq., went to Asheville on Monday to attend Federal court.

A. H. King has moved into his very pretty cottage on the corner of depot and Caldwell streets.

The Board of Aldermen were in session Monday and Tuesday nights with the question of a bond issue before them.

Mary Ann, wife of J. B. Galloway of Quebec, died Monday night and was buried at Oak Grove cemetery Wednesday at eleven o'clock. She was up in 70 years of age and was highly respected by all who knew her.

No one who receives this paper need refuse to take it from the office—it is paid for. There will be no bills for subscriptions sent out until the time paid for has expired, and the time to which you are paid is marked on the label—or will be after this week.

There will be an old time singing at Gladly Branch church on the 4th Sunday in May, beginning at 10 o'clock a. m. H. C. Gillespie of Brevard and Joseph Orr of Clotho, will conduct the singing in old time style. Bring your baskets and have a day full of enjoyment.

A number of new features characterize the June issue of the New Idea Woman's Magazine. In fiction, fashions, theatrical news, domestic science and interior decoration, the number fairly teems with good things, and the illustrations fitly supplement the text.

We often receive requests to advertise that some one has a cow or other stock for sale as a matter of news. Our ad columns are the only source of revenue a newspaper has, and when we open them for free use we might as well shut up shop. If you have anything for sale we will tell about it in the business column for 5 cents a line.

And this is May! A fire in the office every morning; cold north winds chilling the very marrow of your bones; heaters still in position in every room; 14 frosty mornings in April and fleece-lined underwear still in fashion. Why will our northern visitors persist in bringing their horrible climate with them when they visit the "Sunny South?"

This week our paper is short of local news and there are several reasons for it. Our county correspondents are planting corn and are too busy to write; W. E. Breese Jr. is attending Federal court in Asheville and is not here to catch the local items, and the senior and Uncle Zeke are "knocked out" by the strenuous requirements of the contest. We hope to be in working order by next week.

The Toxaway Company and the Southern Bell Telephone and Telegraph Co. have made an arrangement whereby our people can have the benefit of long distance phones when necessary. The agreement went into effect May 1. The Bell people have bought the Spartanburg and Asheville line and without some specific understanding this section would have been without long distance connections. Patrons of the Toxaway summer hotels will find this a great convenience.

Miss Olivia Glazener and Leo Hogsd were married on Sunday last at the home of the bride's parents, Mr. and Mrs. Ed. C. Glazener, of the Calvert section, Rev. I. T. Newton officiating. Mr. Hogsd is a young man who is rapidly forging to the front as a young business man of Toxaway. He has been with O. L. Erwin several years and is now in charge of his branch store at Toxaway. The bride is the charming and accomplished daughter of Ed Glazener, an enterprising and prosperous farmer of the French Broad valley. The newly married couple start in wedded life under very favorable auspices and the News wishes them nothing but happiness in life's journey.

A curious railway accident occurred in India lately. While a train was in Ruxaul station a terrific storm commenced, and, although the brake was applied in the van and the engine, the force of the wind was such that the train was driven along the line. The engine dashed through the buffer stop at the end of the line, and traveled along about six lengths of rail laid end to end without fishplate fastenings. After leaving these rails the engine plowed along the embankment, and then came fortunately to a standstill, no great damage having been done.

Marlin 16-Gauge Shotgun

This is the smallest and lightest weight (about 6 1-2 pounds) repeating gun ever manufactured, and opens up many new possibilities to the up-to-date sportsman. It is not a 16 barrel on a 12 action, but a new, well-balanced, properly-proportioned gun that, with modern smokeless powders, enables a shooter to use a powerful load in a small shell and reduce, materially, the weight of shells and gun to be carried. The small, light gun handles fast, results in close holding and increased accuracy. Full description in new Marlin Catalog No. A542, send three stamps for postage to THE MARLIN FIREARMS CO., NEW HAVEN, CONN.
