## Asheville Letter

### NEWS NOTES FROM THE MOUNTAIN METROPOLIS OF INTEREST TO NEWS READERS.

From Our Regular Correspondent.

Avery Alexander, a 15 year-old youth of this city has disappeared from his home in West Asheville and his parents are worrying about the missing boy. Avery is the son of J. H. Alexander, a carpenter of this city and a brother of Sam Alexander, who came into prominence about six years ago when he so gallantly defended the Emma postoffice which was broken into by robbers. Mr. Alexander describes his missing son as being large for his age (15 years), light hair, fair skin and blue eyes. He says that the boy can be identified by a large scar on his right side which was caused through an operation for appendicitis.

Information was received in this city last week to the effect that Claude Ball, a young white man, was shot and killed at a box supper near Laurel church, Madison county, by Deputy Sheriff Charles Ramsey of that county. It is said that the deputy sheriff was called in to quiet a disturbance among some of the men who were under the influence of liquor, and that after leaving the church he was attacked by the deceased, his brother and two others, and that he opened fire on the attacking parties in self defence, killing Ball.

John W. McMinn, a resident of Brevard and a prominent citizen of Transylvania county, was in this city all of last week so as to be with his wife, who has been critically ill at the Mission Hospital, this city. Mr. McMinn informed your correspondent that Mrs. McMinn's condition was greatly improved and that she was doing fine.

This city has been visited by numerous small fires within the past couple of weeks, but the efficiency of the Asheville fire department prevented any one of them being very destructive. The equipment of the Asheville fire companies is now up to the highest standard, and the men are a well drilled, capable body of fire fighters, as proven on a number of occasions, when they were compelled to grapple with fires that if not gotten under control in short order would have resulted in a heavy loss of property.

Francis Sumner who killed Charley Powers at Arden station, this county, about five months ago, was found guilty of manslaughter at his second trial held last week and sentenced to three years on the county roads by Judge Cooke.

Information was received here last week that two prominent young Asheville people had been married in New York City. The ceremony was a very quiet one, only a few friends being present as witnesses. The contracting parties are Miss Leila Maie Johnston and D. C. Waddell, jr.

Asheville has been the scene of a number of fights. They have happened in all kinds of ways and in all kinds of places, but the latest in the way of a fight to be pulled off in this city occurred in the police station one day last week. It was a handicap, four-to-one shot, if you win you lose, fought under the old rules—lick your man fair, but if you can't, lick him any way. The contestants did not use regula-

tion gloves, nor was there a time-keeper or referee to see that each man got a clean break, for there was only one round, and that was 'round the city lockup, with no two-minute rests. During the last part of the fight an outsider took a hand in the battle and gave his strength and skill to the party in the minority, who happened to be Police Officer Rogers. Officer Rogers had arrested a white man by the name of Stewart and was in the act of placing him in a cell when three of his friends attacked the officer, attempting to free the prisoner. One of the men got the officer's club, and it is said that one of them tried to use a knife during the mix up, but the timely arrival of Plumbing Inspector Israel changed the aspect of affairs and three of them took French leave, hitting only the high places as they made their retreat. The officer, although having four men on him, managed to retain his grasp on the prisoner and landed his man behind the bars.

Work of the Rapid Transit Company, who are building a new street railroad from Overlook Park to the Square is said to be progressing rapidly on Sunset mountain, which is a terminus of the line. The work within the city limits has not been started as yet, but material is expected to arrive shortly and the building of the road will be pushed to completion. The Rapid Transit Company will open Overlook Park to the public as soon as that end of the road running from the Golf Links to the park is finished. The rest of the road from the Golf Links to the Square will be built later and will open up a new part of the city and traverse a part of the residential section that is now inaccessible to the street car lines. The people of this city are looking forward with much pleasure to the completion of this new street railway as Overlook park was always a great place for picnic parties, dances and outings in general. The city lost one of its chief attractions when the old Howland road was put out of commission and the park closed to the public. L. R. D.

### My Best Friend.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equalled it. Fully guaranteed by T. B. Allison Druggist. 50c and \$1. Trial bottle free.

According to the Atlanta Journal Cissy Leftus is to daw 62,000 a week. Does it mean dollars, cents or breaths?

### Wanted—50 Men and Women.

The Brevard Drug Company, the enterprising druggists, are advertising today for fifty men and women to take advantage of the special half-price offer they are making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia, and get a fifty-cent package at half price, 25 cents.

So positive are they of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that they agree to refund the money to any customer whom this medicine does not quickly relieve and cure.

With Dr. Howard's specific at hand, you can eat what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite, and makes life worth the living.

This is an unusual opportunity to obtain 60 doses of the best medicine ever made for half its regular price, with the personal guarantee of a well known firm to refund the money if it does not give satisfaction.

The Brevard Drug Company has been able to secure only a limited supply of the specific, so great is the demand, and you should not delay taking advantage of the liberal offer they are making this week.

Ohio has no interval in politics. That State is all the time electing somebody or other President.

### A Narrow Escape.

G. W. Cloyd a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at T. B. Allison's Druggist.

The courts are going to have a hard time devising some way of punishing Standard Oil without making the consumer squeal the loudest.

### Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors, but no benefit resulted. By chance we read about Electric Bitters, bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at T. B. Allison's Drug store. 50c.
