EXPLANATORY.

Some pages of this issue are solidly advertising pages, and there is a reason for it. We have been expecting for two weeks a shipment of newspaper from Richmond, but it hasn't arrived yet. We went to Asheville; as we did last week, hoping to supply our wants temporarily, but could not find a ream of 5 col. paper there. We secured barely enough for our regular issue and had it cut down from 6-col. to 5-col. When we got back home there was an order on the hook for 35 extra copies. This made it necessary to print a self-sheet for our foreign subscribers, and in order to give them all the home news we were compelled to crowd it into 4 pages. Our paper will get here some day, and things will get right again, but until this happens we hope our readers will bear with us.

Railroad Election Order.

Office of the Board of County Commissioners of Transylvania County, North Carolina:

At a meeting duly, legally and regularly called and held by the Board of Commissioners of Transylvania county, in the court house in said county, on the 9th day of September, 1907, it being made to appear to said Board that a large number of the citizens of said county have subscribed to the capital stock of the South Atlantic Trans-Continental Railroad Company, and have been engaged in an effort to build a railroad through Transylvania county in a way by which said railroad will be independent in its operations, thereby securing the best rates that competition will make for our people.

And whereas a petition signed by fifty citizens of the county has been duly presented to this Board in accordance with the charter of said South Atlantic Trans-Continental Railroad Company.

And whereas the best interest and prosperity of Transylvania county depends greatly upon the construction of said railroad.

And whereas, the construction of said railroad will bring directly into the county taxable property of several million dollars, to say nothing of taxable property that will flow into said county by reason of said railroad.

And whereas, the wisest financial policy for the county will be subserved by extending to the construction of said railroad material aid by said county.

And whereas, the subscription hereinbelow mentioned is necessary to aid in the construction of said railroad, in which the citizens of the county have an interest.

Therefore it is ordered by the Board that the question of subscription to the capital stock of said company in the sum of THREE THOUSAND DOLLARS per mile of railroad for each mile constructed within the county, which amount this board proposes to subscribe to be paid in county bonds to mature in not less than thirty years with 4 per cent. interest coupons attached, payable semi-annually at the place provided for in said bonds, the interest on said bonds and the bonds themselves at maturity to be paid by taxation as provided by law, shall be submitted to the qualified voters of said county, as provided by charter of said company and Chapter 61, Vol. 1, of the Revisal of 1905 of North Carolina, on the 17th day of October, 1907, which election is hereby ordered for the purpose of voting for or against the proposition to subscribe the said amount of stock agreed on by the Board of County Commissioners, at which election the said voters shall vote a ticket as follows: Those favoring the subscription shall vote a ticket upon which shall be written or printed "For Subscription," and those opposed shall vote a ticket upon which shall be written or printed "Against Subscription," and if the majority of the voters of said county shall vote for subscription, then the Board of County Commissioners, through their chairman, shall subscribe to the capital stock of said company the sum of THREE THOUSAND DOLLARS per mile of railroad to be constructed within the county, to be paid in bonds as specified above, which said bonds shall only be issued upon the conditions following, viz: The said bonds shall not be issued and delivered to the said company or any one else until after said company

or its assigns shall have completed and equipped for operation a standard gauge railroad, in compliance with construction contract submitted for inspection of the board at this date, from the northerly or easterly boundary of the county, the southerly boundary of the county, or from a point at or near Brevard, following the routes provided by the charter, in sections of ten miles each, until the entire railroad shall have been completed, it being understood that ten miles of railroad shall be completed in accordance with the construction contract and certificate of the chief engineer as to such completion filed in the office of the Board of County Commissioners before any payment shall be made upon this subscription, and thereafter in the same manner for each succeeding ten miles; and provided further, that when said conditions have been complied with, then the said Board of Commissioners shall issue and pay to said railroad company the said county bonds in exchange for the same amount of the capital stock of said South Atlantic Trans-Continental Railroad Company, at par.

Provided further, that under no circumstances shall the bonds be issued except upon the conditions set forth above.

It is further ordered that the hereinafter named persons are appointed judges to hold said election at the voting precincts indicated, to-wit:
