T. B. ALLISON.

## LOCAL PARAGRAPHS.

C. M. Cooke Jr. made a trip to Richmond last week.

R. H. Seadin of Sapphire was in Brevard last Saturday.

Born to Mr. and Mrs. Davis Glazener on Monday May 25th, a son.

Miss Eulah McLain is slowly recovering from a spell of the measles.

Miss Margaret Bailey was on a visit to Miss Martha Boswell last week.

Miss Martha Boswell has gone on a visit to her father, T. S. Boswell, at Bryson City.

J. E. Gilbert of Flat Rock was on a visit to his aunt, Mrs. J. J. Miner a few days last week.

Mrs. Mary McCoy of Mills River has been visiting friends at Brevard and on Davidson river.

E. Pink Galloway of the Hilow section is to be congratulated on an addition to his family—two boys of the same age.

George Maxwell of Pisgah Forest was in Brevard Saturday, having lately returned home from business in the cotton belt.

Prof. C. H. Trowbridge went to Atlanta last week to attend the educational conference of the Southern Methodist church.

The summer rains seem to have set in again from present indications. That old friend, the umbrella, will have to be taken from its corner and carried about, even when the skies are clear.

Last Sunday morning and night there was preaching at the Baptist church by Rev. J. K. Henderson of Quebec. Mr. and Mrs. Henderson are spending the week in Brevard visiting among their friends.

Miss Daisy Orr was quite sick all last week, and unable to be at the phone office, but this week is again at the switch-board. During her absence Miss Dora Nicholson attended to the duties of both day and night central.

Mr. and Mrs. J. W. Smith, who were living till recently in Canton, are at present in Brevard, where they will remain a short time before moving to Virginia. The residence in Canton was not favorable to Mrs. Smith's health.

M. D. Hardin, a teacher of Jackson county, has been visiting at Quebec with the view of securing the principalship of the school at that place. Mr. Hardin is an experienced teacher and the people of Quebec will do well to engage his services.

We learn from an East Fork visitor that Will Gravely of that section, the young man who was mysteriously wounded on the head about two weeks ago, is still in a condition of mental unsoundness. He has never been able to tell what caused the accident.

The work on the Brevard Graded School is now about finished, with the exception of the plumbing, which is soon to be done, and the heating apparatus, which will probably not be installed before the school term opens. The rooms are now ready to be furnished with seats, blackboards and other necessities. The building is composed of six large rooms and a few smaller ones. A large hall runs through the centre of the house, connecting above and below with the class rooms. Upstairs, on the east side, is the auditorium, which occupies the length of the building from front to back. The class rooms are sufficiently large to accommodate all the pupils of the grades assigned to them. All the lumber and scantlings have been removed from the roof, and the outside of the school house now presents a very agreeable appearance.

Wet or dry? Dry she lies.

Asa England and W. W. Waters, who have been doing business in Georgia, returned recently to Brevard.

J. W. Smith, accompanied by his wife, went down to Davidson River Tuesday to visit his father, J. E. Smith, who is seriously ill.

There will be an old time singing at Gladly Branch church next Sunday, the fifth Sunday in May, at 2 o'clock p. m. All are welcome.

B. F. Davis, a young man from Florida, has come to Brevard to get the benefit of our mountain climate, and is stopping at the McMinn House.

J. W. Hayes has sold out his drayage business and outfit to the Eronfield Fuel Company, and has been employed by the company to do its general hauling.

K. J. Shufe, of Pennsylvania, stopped a day this week in Brevard on his way to Cashiers Valley, where he will look after the property of his son who recently died there.

The Christian Endeavor, Epworth League and Baptist Young Peoples' Union will unite in giving the Prohibition Banner offered in these columns last week as coming from the ladies of Brevard.

E. T. Bringier, of Lake Toxaway, was in Brevard Monday. He is a civil engineer connected with the projected plan of furnishing electrical power from the Towaway region to the mill towns of South Carolina.

We learn that Perry Fisher of Quebec died last week. Mr. Fisher was an old man, and was found in a dying condition by some members of his family. He had gone out to look after the stock, and when found was lying helpless. Paralysis was supposed to be the cause of his death.

A few mornings ago, Gus Gillespie found on high, dry land near the road between his house and town a turtle nest in which was the prospective mother and four round eggs. This piece of news contains a bit of natural history information to those who have believed that turtles spend their lives in and near the water.

The plan of united church worship has been adopted by the pastors of the Methodist and Presbyterian churches for Sunday evenings during the summer season. The congregations are asked to unite alternately at the two churches, each pastor preaching from his own pulpit. Last Sunday night the first of these services was held at the Presbyterian church, and the congregation was fairly representative of both denominations. Rev. W. P. Chedester preached a thoughtful and forcible sermon on the subject of "True Greatness." The plan of union is, we believe, a good one, and we hope that it will meet with the success it deserves.

An accident befell passenger train No. 7 last Saturday morning as it was coming down from Lake Toxaway. After running about a mile from the lake, the pony trucks of the engine jumped from the track in consequence of a broken flange on a wheel. The passengers and mail were transferred to a freight cab and box car, which were hauled down to Brevard by the freight engine. There the coach in the yard was hitched on and the mixed train went on to Asheville. A regular passenger train came back in place of No. 8. In the meantime the derrick with wrecking crew came up from Asheville, the disabled engine was put back on the rails, and the train taken back to the lake. This trip was made with much difficulty, the broken wheel jumping off the track twelve times in the short run of a mile.

H. C. Fenwicke, of Selica, was in Brevard Wednesday.

Beverly Trantham has returned from Fairfield Inn where he has been helping in improvement work.

Prof. W. A. Withers, of the A. & M. College, was in town this week attending the Bell-Withers wedding.

Mrs. T. M. Mitchell and children left Brevard last Sunday for a visit of several days to her mother in Asheville.

Misses Rutherford, Bridge and Ingalls of the Brevard Institute left Wednesday morning for their several homes.

Word has been received at this office that Rev. J. R. Owen is leaving Louisville, Ky., and expects to be in Brevard soon.

C. C. Case, who keeps boarding house for the forestry students at the Pink Beds, paid a visit to the News office last Wednesday.

At the Methodist church on Sunday morning the pastor will preach the fourth of a series of sermons on "The Kingdom of God." Subject for Sunday, "The Kingdom and the Individual."

There was no division of policy in the News force when it came to the prohibition election. Our representative of the softer sex stood where good women always stand. Prohibition got three votes from the office, and paradoxical though it may sound, it received the moral support of the Devil.

A man was on the streets the day of the election with a vote which, it was hinted, was for sale. "If it were so it was a grievous fault," and a most piteous spectacle. Shame on the man who sells his vote, equal shame on the man who buys it, still greater shame on the kind of politics which makes such a transaction possible.

Miss Ada Cooper gave a social reception to some of her friends last Friday night. The evening was spent most pleasantly in social conversation, playing games, listening to sweet music, and partaking of delicious refreshments. Those present were Miss Bridge, Misses Mary Kirkendall, Mary and Bessie Rice, Emma Brannock and Laura Smith from the Institute, and Oliver Orr, Will Grogan, Richard Huskin and Smith Deal.

The new soda fountain in Picklesimer's drug store appeals to the aesthetic taste while it promises to please the palate. A handsome marble counter stands between the customer and the vendor of delicacies. Under the counter are the vessels for drawing off the syrups, and the ice box surrounding the draught tubes. The draught head, from which the carbonated water is drawn, is on the marble counter instead of being against the wall behind, and is a beautiful piece of onyx surmounted by a large colored glass tulip. A fine large mirror behind reflects fountain and surroundings, and is equipped with incandescent chandeliers.

Five hundred photographs of President Roosevelt, all assembled in one big double-page picture, 13 by 19 1/2 inches in size, is an extraordinary feature of the June Woman's Home Companion. The five hundred photographs were taken in almost every state in the union, at all periods of Roosevelt's public career, and shows his wonderful versatility and energy.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by O. L. Erwin, Rosman, N. C.

Considering how dry it is in Georgia, there is no wonder they have a little blowout now and then.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

# COFFEE

St. Charles Coffee is made from STRICTLY HIGH GRADE and well-seasoned Coffee, blended by experts, milled by the most modern machinery, and when properly made will produce a most delicious and refreshing cup of Coffee.
