### BOX SUPPER AT SCHOOL HOUSE.

There will be a box supper and cake and candy sale at Brevard High School auditorium, Monday night, October 26, at 8 o'clock. Are you coming? Of course you are.

You know what a box supper is, so bring your boxes—enough supper for two—with your name in the box. Gentlemen, bring your pocket-books and bid high for these boxes. The money will help equip our school.

Two cakes will be sold by vote; one for the most popular lady and one for the homeliest man—five cents per vote. So get the honor for your favorite lady and let's see who is the homeliest man. No limit to the number of votes cast as long as the nickels come. The money will help equip our school.

For those who do not care to buy boxes there will be candy to buy, sold at the candy booths. Save your change for the candy. The money will help equip our school.

For those who do not vote or buy candy or boxes there will be something to drink at the tea and cocoa booths. Put aside a few nickels for this. The money will help equip our school.

This is the first event of the school year. We want every patron in the school district present at the High School building next Monday night, the 26th. Bring your friends in town and out of town.

### THE "DEAD" HAVE NEVER DIED.

Science Has Demonstrated the Fact of a Future Existence.

The only satisfactory answer to the momentous question, "Are the dead alive?" must be founded upon facts, says Alfred Russell Wallace, in the November Delineator. During the last six years evidence has been accumulating in every part of the world which affords demonstration that the so-called dead have never really died at all, but have passed into a new and higher stage of existence. Many of these are able to communicate with us, and most of them assure us that when they wake from the sleep we call "death" they find themselves much more alive than ever they were before. And this is only what we might expect, for we all feel that our mental faculties are to some extent clogged and stifled by the garment of flesh, and that only when in the most perfect health do our higher faculties attain their fullest expression.

This rapid entrance on a state of spiritual well-being and happiness seems to be very general among those who have led ordinarily good and natural lives, but is by no means universal. Those who have led selfish or sensual lives, or have given way to evil passions of any kind, have a different awakening, into a world of darkness or gloom, often of solitude for a longer or shorter period and infinitely varied in the surroundings, according to their previous lives. But whatever germs of good are in them are ultimately developed through the kind ministrations of spirit helpers, and thenceforth progress toward a higher and happier state, depending mainly on themselves.

### HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR

She is Now Independent and Cares Not How Bad Times Are—Can be Done by Others.

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver and Stomach Troubles, and while she had been troubled with all these complaints for more than 7 years, she wrote to the manufacturer for a 25-cent package, which she used careful according to directions. After one week's use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the Tea and asked him to send her as many packages as she could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a week's time, then she sent for 500 packages, and now she has 50 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a doctor is only in rare cases or accident. A druggist offered her the other day \$10,000 for her agency, but she declined his offer.

Anyone who has a little push and energy can do as well as she, and while there are a few agencies still open, we advise all who want to build up an independent business to write to H. FELDSTEIN, 1375 Myrtle ave., Brooklyn, N. Y., and send him a money order for one or more dollars to secure the agency of their town. Write today if you want to build up your own business and be independent.

### A Healthy Family.

"Our whole family has enjoyed good health since we began using Dr. King's New Life Pills, three years ago," says L. A. Bartlet of Rural Route 1, Guilford, Maine. They cleanse and tone the system in a gentle way that does you good. 25c. at T. B. Allison's drug store.

King Edward is said to be a connoisseur of walking sticks, but our own ruler knows something about owning the big stick.

Andrew Carnegie and Mrs. Russell Sage have contributed to the campaign, but no one seems to have seen a check from Hetty Green yet.

The election itself cannot draw out any larger crowds to the bulletin boards than the baseball battle between the "Cubs" and the "Tigers."

The tuberculosis congress seriously condemned kissing and declared that disease is often conveyed by that means. Married people will doubtless listen and take heed but young lovers can still be depended upon to defy the deadly germ and preserve the poetry of literature and of life.

### More than Enough Is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control, and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again.
