SEEDS.

We have the sole agency for

"Burpee's Seeds"

"SEEDS THAT GROW."

We have a large assortment, but
they will not last long. Do not wait
till they have been picked over and
the ones you wanted are gone.

We will again carry

**Wood's
Grass Seeds.**

Wood has orders to ship us north-
ing but the best, or his "Trade-Mark
Brand." We cannot afford to sell a
cheap seed.

Northern and Home Grown

Seed Potatoes
VERY SOON.

We are adding new things to our
stock all the time. When in town
call and look around. NO ONE
WILL ASK YOU TO BUY. WE
WILL BE GLAD TO SEE YOU.

We have many booklets,
circulars, etc., to give away
and will be glad to give you
some of them.

Use the Sheds in rear of
store. They were put there
for your benefit. All we ask
is: if we have it at the same
price as the other fellow, buy
from us; if you can buy cheaper
from him we will not object.
But give us a chance to supply
your wants.

DISTRIBUTING DEPOT FOR

"Pittsburgh Perfect" Fences

For some time we have been investigating a New Idea in Wire
Fencing. After a most careful examination we have been convinced
that we have found the best field fence manufactured. "Pittsburgh
Perfect" is made of all galvanized steel wires. It is the only fence
welded by electricity. Every rod is guaranteed perfect. All large
wires, the stays being the same size as line wires. It has no wraps to
hold moisture and cause rust.

If You Are Looking for a Fence

That will stand **HARD USAGE**;
That will not **SAG DOWN** or **CURL OVER** on the top;
That has stays that **WILL NOT SLIP**;
That will **CONFORM TO UNEVEN GROUND**;
That has no **SLACK WIRES**;
That does not require an **EXPERT TO ERECT**;
That is **LOW IN PRICE**—

Then Read What We Guarantee

1. The stays are **ELECTRICALLY WELDED** to strands, forming a perfect union and
an amalgamation with the strands not found in any other fence.
2. No wraps to get loose, or hold moisture and cause rust.
3. No projections to injure stock or tear wool from sheep.
4. Stronger at the joints than any other fence; welded together by electricity.
5. Guaranteed that the wire is not injured at the joints.
6. Guaranteed adjustable to uneven ground.
7. Guaranteed that stays will not separate from strands.
8. Guaranteed all right in every particular.
9. Made by the most modern process and on the latest improved machinery.
10. Most of the weak points in other fences are on account of the way the stays are fast-
ened. Our stays are amalgamated with the strands by means of electricity and the strength
of the fence increased a hundred fold over the strength of a fence where the stays are
wrapped or clamped on the strands.

If by this time you are interested, come and see this fence and get in your order.
If you are skeptical come and be convinced.

We all our personal guarantee to everything claimed for it and would be pleased
to submit prices.

Don't fail to see us before buying your fencing. Don't put it off until you are
ready to use it, but place your order in advance, as we cannot carry all sizes in stock.

We have five miles of the above FENCE.

There are twenty different kinds on the platform. In price it runs
from 28 cents a rod to \$1.15 for the best.

Buy a good 48-inch fence for 40c per rod. Use a 24-inch fence with
barbs on top, that will only cost 28 cents a rod.

All kinds of chicken netting—3 ft. \$2.50, 4 ft. \$3.00, 5 ft. \$3.50, 6 ft.
\$4.00—a roll of 150 ft.

DON'T WAIT till some one else has bought the fence you wanted.
Come now. If you do not have the money we can fix it so you can have
the fence.

John Deere invented the Steel Plow

By steel we do not mean alone the beam, but do mean **ALL OF
IT**—beam, moldboard, land-side and points. They are not the
cheapest in first cost, but will last longer and do better work and
are more satisfactory, will pull
easier. You will say that it is the
BEST plow I have ever followed.

**The Only Plow Used
on Biltmore Estate**

We claim that they will do all
the work that any other plow will
do, and do it more to your satisfac-
tion. **TRY ONE.**

We have Harrows, Cultivators,
Single-foot, Double-foot, Globe,
Five-footers, Weeders, Spike-tooth
Harrows, Riding Cultivators.

The largest assortment of Farm
Tools in town. Because you look
you do not have to buy. We are
always glad to show our tools and
tell what they will do for you.

**Do not leave town without
seeing Doyle.**

Don't order.
