

THE SIDE-LOCK OF

CORTRIGHT METAL SHINGLES

Is another feature that makes them so popular with property owners.

This and the overlap makes them absolutely proof against rain, snow, and in fact all climatic conditions.

They're fireproof too, and their appearance makes even a cheap building look handsome.

They're not expensive and when you consider that they last as long as the building and never need repairs, you'll see what a handsome investment they make.

SHOT SPOUSE IN CELL.

Through Prison Bars Woman Fired Pistol at Her Husband.

Chicago.—Through the bars of the cell where he had been placed only two hours earlier on a warrant sworn out by her, charging abandonment, Mrs. Esther Levy fatally shot her husband, Abraham Levy, a tailor.

Mrs. Levy visited the cell room of the police station where her husband was confined, and before the startled lock-up keeper had a chance to interfere, shot through the bars at Levy, inflicting a fatal wound.

In the building at the time were a score or more of policemen. Mrs. Levy had no difficulty in obtaining permission to visit her husband. She stood in the corridor of the cage talking in a low voice to the prisoner, who remained locked in his cell. Suddenly she drew the revolver, which had been concealed beneath her jacket, and fired.

She was taken to the women's annex of the station, where she became hysterical.

When Mrs. Levy secured the warrant for her husband's arrest she told the magistrate Levy had neglected his home for other women, and that she had to work as a saleswoman to support their four children.

Big Sum For Taxes.

New York.—New York city's tentative budget has been announced at city hall, and amounts to \$163,049,000, which, with the appropriation to the dock department of \$2,821,932, and mandatory increases deducted, shows a net increase in the budget over last year of less than \$1,000,000, the smallest increase, it is said, in many years.

\$25,000,000 Spent on Road.

New York.—The sum of \$25,000,000 will be spent by the New York Central lines in 1910 for new equipment. The contracts include 325 locomotives, 197 passenger cars, 17,850 freight cars, and 105,000 tons of steel rails. The American Locomotive Company secured the locomotive building contract.

The Bed-Rock of Success

lies in a keen, clear brain, backed by indomitable will and resistless energy. Such power comes from the splendid health that Dr. King's New Life Pills impart. They vitalize every organ and build up brain and body. J. A. Harmon, Elizemore, W. Va., writes: "They are the best pills I ever used." 25c. at Allison & Macfie's.
