## ALLISON & MACFIE

### LOCAL PARAGRAPHS.

Are you ready to join the anti-meat-eating crusade?

Judge Shuford from Asheville was in town last week.

There seems to be an epidemic of colds and gripe among us just now.

The Presbyterians gave their pastor a liberal pounding last Tuesday.

Mrs. T. S. Wood is visiting her daughter, Mrs. James Case in Asheville.

T. W. Whitmire, our ex-mayor, is wearing a broad smile this week. It is a boy.

Miss Nannie Roberts from Biltmore, is visiting Mrs. M. P. Hawkins this week.

O. L. Erwin made a business trip to Rosman this week to look after his business there.

Our barber John Smith has been confined to his room some days with an attack of gripe.

Don't forget the meeting of The Woman's Betterment Association next Thursday at 3:30 p. m.

Miss Beatrice McCall, of Hendersonville, was visiting friends in Brevard Saturday and Sunday.

Our new band here is making fine progress and we hope will soon be able to furnish music for all public occasions.

The painters are at work on the interior of the new store room in the King building to be occupied by C. C. Yongue.

Jule McCall sold to John Hunter, of Simpsonville, S. C., 11 head of beef cattle this week that weighed 11,000 pounds.

We learn that C. A. Shuford is quite ill at this time but we hope that his recovery will be rapid and that we will soon see him on the streets again.

We think Asheville will be the next southern town to join the anti-meat eating crusade, as good beef cattle sold for 6 cts. gross there last week, which was the highest price ever paid on that market.

It is time to begin plans for advertising our town this summer. Sixteen-cent cotton and national prosperity ought to fill our hotels and boarding houses with summer tourists if their attention is only called to the advantages of our climate.

Dr. English, the attending physician of Miss Marie Stradley who suffered a severe attack of appendicitis last week while attending school at the Brevard Institute, says that she was removed to Dr. Meriwether's private hospital in Asheville and an operation was successfully performed last Sunday at 2 p. m. At last reports she was doing well.

A. K. Orr, formerly of our town and now division freight agent of the Southern railway, with headquarters at Asheville, says that about 11,400 head of cattle were shipped over one division of the Southern railroad in Western North Carolina last year, most of them consigned to Virginia dealers. This does not include those driven to the local markets. It seems that Western North Carolina is fast forging to the front as a cattle raising section.

Box supper at Rosman Saturday. E. E. Lewis is on the sick list this week.

John Duckworth returned from a business trip to Georgia this week.

Sidney Landon, the next number in our Lyceum course, Saturday evening, Feb. 12.

Preaching at the Presbyterian church next Sunday morning at 11 o'clock and at 7:30 in the evening.

We learn that three saw mills are to be running soon near Rosman, to cut a boundary of timber recently acquired by some northern capitalists.

Wiley & Verdery, the real estate agents, have on hand a supply of large and small blotters for free distribution to their friends and customers.

Harry Mattsman has moved his pressing club from the rear of Smith's Barber Shop to the Clayton building first door west of the Clayton Hotel entrance.

We hear it rumored that the Southern Power Company, in which the Dukes of the American Tobacco Company are said to be interested, are contemplating the development of the vast water power near Lake Toxaway for the purpose of furnishing power to run the mills and light the towns of upper South Carolina and other points. It is said it will require about a million and a half dollars to carry out the plans they have under consideration.

### THE MASS MEETING.

Wednesday night our people gathered at the court house to learn the pro and con of the proposed bond issues which have been called by the Board of Aldermen. While there were not as many voters present as there should have been, there were enough to demonstrate that our people are interested and are willing to learn.

An idea suggested by J. L. Bell deserves more than passing notice. It is that our people should have more mass meetings, and literally, as well as theoretically, "get together." If the town hopes to develop into a town progressive we must front face, touch elbows and fight to win.

There is very little if any opposition to the issue of bonds for the improvement of our water supply, but as to the electric light proposition there is some difference of opinion. The News has always been in favor of municipal ownership of all public utilities, and as the bonds could not be sold or used for any other purpose it would cost our taxpayers nothing unless they were used. In case they were sold and applied to the construction or purchase of a lighting system, the rent of lights would pay interest on the bonds, so it would cost the voters nothing in either case, besides giving the town an all night service.

The News will work and vote "For Bonds" on both propositions.

### OUR PUBLIC SCHOOL.

#### As a Matter of Economy Should the School Be Maintained?

Let us submit a few figures. A nine months school would cost, at the present rate of salaries, \$2,340; coal, janitor and incidentals, \$260; total, \$2,600. The average rate of tuition is \$2 per month. The average attendance for five months just ended is more than 200. The tuition for 9 months would be \$3,600. This would leave a balance of \$1,000, which would pay the interest on the building, costing \$10,000, and leave a balance of \$400 as a sinking fund, which would pay off all indebtedness in a few years. Do these figures mean anything? Let the reader ponder well.

In addition to the above we have a modern school building with the best equipments and classes all graded much better than could be found in ungraded schools.

Then what is our duty? Should we not rally to the support of the committee and do what we can to make our schools the best possible?

### THE WHITMIRE IN TEXAS.

A recent copy of the Midland, Texas, Examiner contains two items which may interest some of our readers:

Last Monday evening the wife of M. W. Whitmire presented him with two bouncing boys, one weighing seven pounds and the other one ten. The mother and the little babes are doing well and Whitmire is behaving himself nicely under the circumstances.

Last week Frank A. Smith and Miss Alice Whitmire joined their hearts and fortunes and will tread the pathway of life together. May they ever be happy in each others companionship and may life's joys and sorrows be mutually shared.

The parties mentioned above are children of Mr. and Mrs. R. T. Whitmire, formerly of this county, and their many friends here will be glad to hear from them through the columns of the News.

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irritations of the throat and lungs. It stands unrivalled as a remedy for all throat and lung diseases. Sold by all dealers.

### Business Locals.

See Harry Matsman's ad page 7.

Strayed—Small black Berkshire pig with white nose. Notify S. F. Allison, Brevard, N. C.

Wright, on the place, or D. L. English, Brevard, N. C. 17t2

See Harry Matsman's ad page 7.

### New Departure.

After two months of remarkable sales, Allison & Macfie, the enterprising druggist, says that the plan of selling at half price the regular 50 cent size of Dr. Howard's specific for the cure of constipation and dyspepsia, and guaranteeing to refund the money if it does not cure, has been the greatest success they have ever known.

They have sold hundreds of bottles of the specific; and as yet have not had one returned, although they stand ready at any time to refund the money should any customer be dissatisfied.

Anyone suffering with dyspepsia, constipation, liver troubles, headaches, dizziness, coated tongue, or the general tired feeling, caused by inactive liver and bowels or disordered digestion, should take advantage of Allison & Macfie's new departure and buy a bottle of Dr. Howard's specific at half price, with his personal guarantee to refund the money if it does not cure. jan 14-28

### NOTICE.

All the voters in the Town of Brevard are hereby notified that the Board of Aldermen of said Town have ordered a new registration of all voters for the election to be held on Feb. 8th, 1910.

The registration books will open Friday Jan. 21st, 1910. Mr. F. E. B. Jenkins has been appointed registrar. This Jan. 5th, 1910.

W. E. BREESE, Jr., Mayor.  
T. H. GALLOWAY, Clerk.

### "The Popular Price Store"

Miss Jessie M. Piper

Mrs. H. B. James

Our aim in business is to carry in stock at all seasons a moderately priced line of millinery. But we do not sacrifice quality of material, style or workmanship in accomplishing our purpose. An investigation will prove that you can buy from us Trimmed Hats of correct style at a great saving in price and we cordially invite you to visit our parlors when in Asheville. Inspect our offering, make a comparison of our values with those of other establishments.

All Winter Millinery can be had here at special price reduction.

## An Extraordinary January Clearance Sale

of Tailor-Made Suits, Coats, Dresses for Women and Children

A most successful suit season brings in its wake the entirely natural results that the best selling lines, as they become depleted, leave a great many incomplete assortments. By grouping these, all sizes are found, of course not all sizes in every model. As the season is too far advanced to fill in the vacancies, we have chosen the only course left to us and have made most radical reductions to effect a prompt clearance.

Our entire fine line of High-Grade Tailored Suits is gathered in 3 distinct groups, and offered at sacrifice prices. Be sure and visit our store when in Asheville and see these bargains.
