A nice line of country-raised meat—hams, shoulders and mid-dlings—were sold in town yesterday by Mrs. Ashworth, mother of W. S. Ashworth of Brevard. When a widow, on a back-woods, mountain farm, can make hundreds of pounds of meat for sale, our river farmers should "sit up" and take notice.

### WILEY BRYSON DEAD.

As we go to press news comes that Wiley Bryson, an old and highly respected citizen, died suddenly at the home of his son Charles, Wednesday night about eleven o'clock. He had been more than usually active during the day, but took a smothering spell towards night from which he could get no relief until death came. He was 84 years old.

Mr. Bryson had been a resident of the Buck Forest section for many years and had a large circle of friends and relatives in the county who will be shocked to learn of his sudden death. Recently he has made his home with his son Charles on the Siniard farm below Wilson's bridge. The funeral services will be conducted by Rev. J. R. Owen and interment at Davidson River at 12 o'clock to-day.

### SHALL WE ORGANIZE.

To the Sons of Confederate Veterans:

Transylvania Camp of Confederate Veterans honored me by asking me to be one of a committee to organize the Sons of this county under the rules and regulations of the National organization. No higher honor could have been conferred on me and no duty which will receive my more eager and active support.

I am, therefore, going to ask the Sons of Confederate Veterans, and the grandsons of Veterans, to write me and advise me when in their opinion is the best time to have a meeting and organize. My own idea is that we meet as soon as possible.

There is one reason why we should organize quickly and that is so that we can begin to secure a fund to erect a monument to the Confederate soldiers who enlisted from Transylvania county.

Time is making ravages in the ranks of the Veterans and before long we will have but few of them left in our midst. It is our duty and our pleasure to brighten their departing days. Nothing can cheer them more than to know that their names and memories will be ever kept before us and our children, not in history and tradition alone, but also in imperishable marble.

Let us build a monument high and beautiful, with the full name of every Confederate soldier from Transylvania on it so that his children, grandchildren, and descend-

ants for all time to come may point with pride to their ancestor's name on the marble shaft in Brevard.

While the fame of the Confederate Soldier is writ high and large on the tablets of history, whilst they erected monuments imperishable on their bloody battlefields, while their bravery and fortitude will be remembered as long as the memory of man lasts, still we owe it to them to show our respect in some material manner.

Many a head now bending low, many an eye now growing dim would raise and glisten once more in that martial manner of the long ago if they could see a monument erected at home to their memory.

Let us build the Veterans a monument, not a mere pile of stone and bronze, but let it be more than that; let it be an offering of our hearts; let it represent our love; build it so that it will ever reflect the love and pride of a proud posterity; make our monument a beacon light to cast the light of love over their dark and dismal trip through the "Valley of the Shadow of Death;" let it not be the means of flaunting the accursed "bloody shirt" but let it rather be a pedestal, high and strong, to hold the laurel wreath, from whose highest pinnacle shall float the flag of a proud and unsullied people, overpowered but unconquered.
