

## Hair Health

If You Have Scalp or Hair Trouble, Take Advantage of this Offer

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of one hundred test cases Rexall "93" Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads, when, of course, the baldness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall "93" Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at—The Rexall Store.

## TRACK ROOSEVELT

Is Feared European Reds Have Marked Him For Victim.

IS BEING CLOSELY GUARDED

Ex-President Giving European Secret Service Police Concern on Account of Rumors That Anarchists Are Dogging Him With Sinister Intent.

Rome.—"What is known as the Paterson group of anarchists by the European secret police has agents following Theodore Roosevelt for the purpose of assassinating him."

This statement was made to correspondent Clement Archon by a man high in the Italian secret police, who had much to do in protecting the famous American while he was in Italy. The statement was made as the result of the reported arrest of an anarchist at Chiasso, Switzerland, under suspicious circumstances.

About the time of Mr. Roosevelt's arrival at Khartoum, word was received that anarchists had left that country presumably for the purpose of doing harm to the noted traveler and the secret police were requested to take every possible precaution.

Roosevelt Well Guarded.

No more elaborate preparations for protection against assassination have ever been taken in Italy, even for the czar of Russia, than have been taken in the case of Mr. Roosevelt, and the same will be the case in all the countries he travels in in Europe.

It will be next to impossible for an assassin to get close enough to the president to harm him.

It is being said that Mr. Roosevelt is an extremely difficult person to guard. He seems to be perfectly fearless, and when in Italy took chances which gave those to whom was intrusted the task of looking out for his safety many an unhappy half hour. It is understood, however, that both he and his son have been induced to arm themselves with automatic revolvers, and in case of trouble they would be very likely to give a good account of themselves.

To Strike Terror to Rulers.

The Italian police declare the idea of assassination of Mr. Roosevelt is solely to strike terror to the hearts of the European rulers, and if the assassins are not able to accomplish their purpose before he embarks for America, he will not be molested.

WORK OF STRANGLER.

Little Girl is Cruelly Done to Death in City of Chicago.

Chicago.—Six-year-old Alfreda Doverska, daughter of a baker, was found dead in a shed two doors from her home, the finger prints of a stranger on the child's throat. At her side the police found a little bag of candy.

Penny in hand, Alfreda went to a neighboring store. She purchased the cent's worth of sweets, and that was the last seen of her alive. The police conducted a search, but without result.

Paul Sellendinger, 10 years old, playing hide-and-seek with companions, hid in the vacant shed. He lay down merrily in the darkness, but touched the corpse and ran shrieking from the place.

The police were notified. Detectives are working to capture the strangler.

BANK DYNAMITED.

Yeggmen Get \$10,000 From National Bank at Spring City, Tenn.  
Chattanooga, Tenn.—The safe of the First National Bank at Spring City, 57 miles north of this city on the Cincinnati Southern railroad, has been blown open with dynamite and \$10,000 stolen.

There were at least four of the fobbers. Nitroglycerin was used, several flasks of which were found.

It is believed the men were inexperienced. The operator at the Cincinnati Southern depot was held up to prevent him from giving information. The safe was blown to pieces and the building greatly damaged.

Rome's Aqueeducts.

The eight aqueeducts of ancient Rome brought 40,000,000 gallons of water a day into the city. Had the Romans been aware that water always rises to its own level these huge erections on arches seventy feet high need never have been built.

A Youthful Inventor.

Samuel Colt was only fifteen years of age when he invented his famous revolver.

It Died.

Barber (after shave)—Hair dyed, sir? Customer (baldheaded)—Yes; it died about ten years ago.

CURED OF BROKEN NECK.

Man Passed Safely Through Remarkable Experience.

St. Louis.—Ralph Owens, 27 years old, of Memphis, Tenn., who was taken to a hospital four months ago with a broken neck, of which he was unaware, has been discharged as cured.

When taken to the hospital little hope was entertained for his recovery. His head was placed in a brace and his refusal to die attracted much attention to his case.

Physicians now declare his neck is as sound as ever.

He suffered a fall four months ago, and attributed the stiffness in his neck to rheumatism.

SUIT FOR \$93,000.

Mrs. Thaw Wins in Action Brought By Former Savannah Lawyer.

New York.—Mrs. Mary Copley Thaw has been awarded the verdict in the suit of Attorney Clifford W. Hartridge against her for \$93,000. He claimed that this money was due for services in the trials of Harry H. Thaw for the murder of Stanford White.

The verdict, which was reported only after the jury had deliberated six hours, was returned sealed and was read by Judge Holt. Hartridge was not awarded a cent. Mr. Hartridge, it is said, formerly practiced law at Savannah, Ga.

Victim of Moonshiners.

Almond, Ala.—Bud Orr, a well-to-do farmer near this place, had his cotton warehouse burned, together with its contents, consisting of three bales of cotton, one wagon, a barrel of syrup, various farm implements and 1,600 pounds of guano. The fire is supposed to be the work of moonshiners, of whom Mr. Orr was an avowed enemy.

Fires Jail and Is Cremated.

Charlotte, N. C.—Charles Barnhart, the negro who at night set fire to the Mooresville, N. C., jail, was burned to death in the fire.

Linney Stricken By Death.

Charlotte, N. C.—Former Congressman Romulus Z. Linney, famous as politician and orator, and the most picturesque statesman North Carolina ever produced, dropped dead as he was entering his law office at Taylorsville, N. C. Apoplexy was the cause of his death.

Victims of Oil Explosion.

Snyder, Texas.—Three are dead and four other persons were badly burned here as the result of an explosion of a gallon of coal oil. The explosion took place when an attempt was made to light a fire in the home of John Phillips. The flames quickly enveloped the house.

Won't Quit Under Fire.

Jackson, Miss.—State Senator Bilbo, whose resignation was demanded after the senate refused to expel him, declared that he would not quit under fire, but would compel the senate to oust him.

Anti-Betting Bill Passed.

Albany, N. Y.—The Perkins anti-betting bill has passed the assembly.

Your tongue is coated.

Your breath is foul.

Headaches come and go.

These symptoms show that your stomach is in trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective. Sold by all dealers.

Undaunted.

Nervous Employer—Thomas, I wish you wouldn't whistle at your work. Office Boy—I ain't working, sir; I'm only just whistling.

Habit tends to make us permanently what we are for the moment.

Saved From the Grave.

"I had about given up hope after nearly four years of suffering from a severe lung trouble," writes Mrs. M. L. Dix, of Clarksville, Tenn. "Often the pain in my chest would be almost unbearable and I could not do any work, but Dr. King's New Discovery has made me feel like a new person. Its best medicine made for the throat and lungs." Obsolete coughs, stubborn colds, hay fever, la grippe, asthma, croup, bronchitis and hemorrhages, hoarseness and whooping cough, yield quickly to this wonderful medicine. Try it. 50c and \$1.00. Trial bottles free. Guaranteed by Allison & Macfie.

WITH the coming of 1910, the Hartford Fire Insurance Company has rounded out a century of business history. That means something in the hazardous business of fire insurance, for four out of every five companies organized in this country have either failed or retired. It means unshaken stability. The smoke of every great American conflagration has darkened the sky over the "Hartford's" head. In San Francisco alone it paid ten millions. But emerging triumphant from the ordeals of 100 years, it enters its second century stronger than ever.

Unshaken stability for a century is no mean heritage, but age is venerable only when adorned with honor. Honor implies more than honesty. It is the quality which impels an institution to meet every obligation, not only with promptness and exactness, but with fairness and a spirit of equity. That is the "Hartford's" record in the past, its aim to-day, and its ideal for the future. Its policies afford unsurpassed indemnity, and by co-operating with its patrons to lessen fire dangers, it offers continuous service. Its business, scattered among more than 15,000 communities throughout this great land, is the largest of any fire insurance company in America.
