IMPOSING FUNERAL

King Edward to Be Buried With Elaborate Ceremonies.

30,000 SOLDIERS TAKE PART

It is estimated that seven hundred people will pass through Westminster Hall to look on the coffin of the dead ruler.

The whole court and all of London are absorbed in the preparations for the funeral of King Edward, which will be the most imposing ceremonial Great Britain's capital has ever witnessed.

Thirty thousand soldiers will be brought from Aldershot and other military camps to line the streets on Friday, when the procession passes. As there is no room to barrack them over night, the soldiers will bivouac in the parks and the streets. The city will have the appearance of an infested town for two days. Some of the soldiers will sleep in tents in the parks, while the remainder will lie down beside their guns in the streets.

700,000 People to See Body.

It is expected that 700,000 people will pass through Westminster hall to look upon the coffin. Barriers are being built, by means of which the people will be ushered through in four lines at the rate of 18,000 an hour. The body of the late king will not be exposed to view. The mourners will see only the coffin, with the official regalia and heaps of flowers.

The flowers alone contributed by organizations and individuals will represent many thousands of dollars in value. The most elaborate wreath has been sent from Windsor, consisting of costly white flowers, interwoven with purple, which is the royal mourning color.

Fabulous prices are being asked for seats in the stands along the line, \$25 being the lowest sum at which it is possible to get a place.

United States Represented.

Henry White, former ambassador of the United States to France, who is now in Europe, has been designated by the president as diplomatic delegate from this country to the funeral of King Edward VII. The American delegation, of which Colonel Roosevelt will be the head, will consist of Mr. White, Commander Andrew T. Long, naval attaché of the American embassy at Vienna, and T. Bentley Mott, military attaché at Paris, the two latter to act in the capacity of aides to Mr. Roosevelt.

KAISER MEETS TEDDY.

Roosevelt Meets Cordial Welcome From German Emperor.

Theodore Roosevelt, advocate of international peace with the big stick, and Kaiser Wilhelm II, Europe's strenuous war lord, met Tuesday for the first time.

Though the death of Edward VII altered the official plans for the reception of the ex-president of the United States, the kaiser gave him a brotherly welcome. Shortly after his arrival here from Stockholm, Mr. Roosevelt, accompanied by his family, was whisked out to the royal estate at Potsdam. There the party were received with open arms and little show of formality.

CHANGE OF FRONT.

Tennessee Republicans Join Anti-Patterson Democrats.

Leaders of the republican party in Tennessee held a conference at the White house at Washington and practically decided not to put a judicial ticket in the field in the coming elections, but to join with anti-Patterson democrats in the support of an independent ticket.

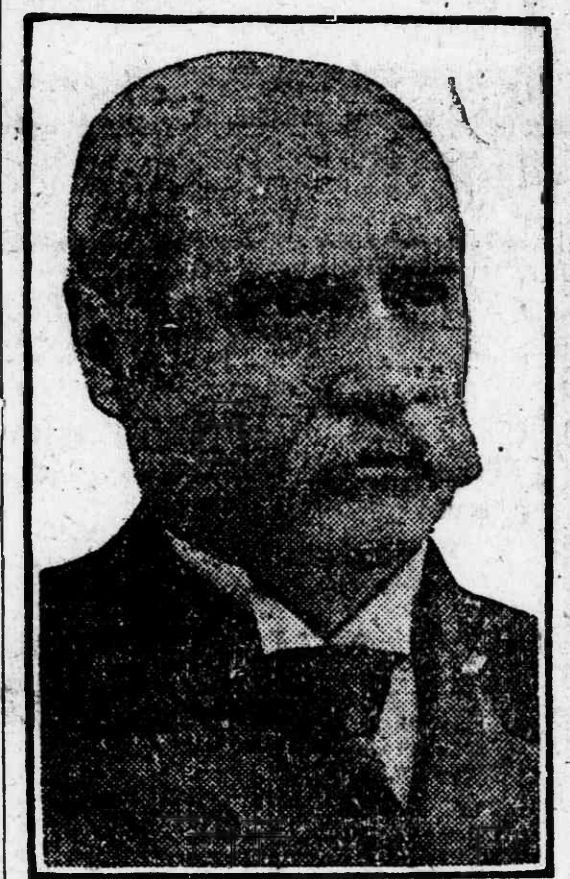

Since the pardon of Colonel Duncan Cooper, who was convicted of the murder of former Senator Carmack, there has been much dissatisfaction in the democratic ranks and the attitude of the republicans, therefore, was a matter of great moment.

Great improvements in terminal facilities at Jacksonville, Fla., are to be made by the Southern railway and the Georgia Southern and Florida railway through the St. John River Terminal Company.

ALDRICH CROWD BEATEN.

New Combination of Democrats and Republicans.

A new combination of democrats and progressive republicans have taken control of the senate and adopted the long and short-haul amendment to the railroad bill. It is predicted they will continue to dominate the senate while the railroad bill is under consideration.

SENATOR ALDRICH.

The Aldrich crowd saw themselves beaten, and to avoid the humiliation of a public defeat, abandoned their former position and supported the substitute amendment offered by Senator Dixon, of Montana. This substitute was agreed upon at an open conference held on the floor of the senate during a recess of one hour. It was practically the amendment offered by Governor Payne, of Kentucky, democrat.

RISKED LIVES, LOST THEM.

Three Daring Men Are Drowned Off the Alabama Coast.

The daring of William Olson, son of the lighthouse keeper at Fort Morgan, Ala.; William Peterson, ex-sailor, and Albert Thomas, three men employed as laborers at Fort Morgan, Ala., has doubtless cost their lives. After finishing their labors Thursday afternoon the missing men, accompanied by a painter named Zyboski, crossed the channel to Fort Gaines, about three miles from Fort Morgan.

All with the exception of Zyboski resolved to return to Fort Morgan in spite of a gale blowing 40 miles an hour, also of a strong outgoing channel current. Efforts to find the party have been fruitless, and the only hope, a meager one, is some vessel has picked up the frail craft. A tug boat searched surrounding islands without result.

SERVANTS MURDERED.

Think They Were Victims of Burglars Who Entered Residence.

Evidently the victims of burglars, Charles W. Beman, a hindoo butler, and Margaret Meshan, an aged housekeeper, were found murdered in the residence of Dr. Mott D. Cannon, in West 122nd street, New York City.

The two had been killed some time during the physician's absence. Returning, Dr. Cannon discovered the bodies.

The butler, who was 25 years of age, and the old housekeeper had both been shot.

Examination of the physician's study showed that the top drawer of a bureau had been "jimmied" open and \$100 in bills, \$100 in silver, and several valuable gold stickpins taken. Nothing else in the house was touched.

FOUR HUNDRED EARTHQUAKES.

San Jose Has Been Shaking Steadily For a Month.

The earth tremors continue at San Jose. In the month since April 13, 400 distinct shocks have been recorded. The volcanoes of the vicinity exhibit no special activities.

It is estimated that a force of 2,000 men would be required for six months to clear the ruins of Cartago. Half that number of men is engaged under good organization. Samuel T. Lee, the American consul at San Jose, is active in the work of rescue.

FREE FROM BLAME

Committee's Finding In Bishop Morrison's Case.

CHARGES WERE THROWN OUT

After investigating, Committee Decided Unanimously That No Trial on Any of the Charges Lodged Was Necessary.

Bishop H. C. Morrison will not be tried by the general conference of the Southern Methodists in session at Asheville, N. C.

The committee on investigation in the case of Bishop Morrison decided unanimously that no trial on any of the charges lodged was necessary, and all were thrown out.

The matter of the bishop's character now goes back to the committee on episcopacy and it is generally believed that it will report against superannuation. In case of a negative report, however, the question will be fought out on the floor of the conference.

WESLEYAN IS CLOSED.

Macon Institution May Suspend for Term on Account of Typhoid.

Wesleyan Female College, at Macon, Ga., has been ordered closed probably for the term, by President Ainsworth. Several days ago a number of the students became sick and physicians stated that two of the girls had typhoid and three more showed symptoms of having contracted the disease.

It is expected that most of the students, the majority of them being non-residents, will leave for their homes at once. There are approximately 300 young people at the institution, and they come from nearly every state in the union.

CORPORATION TAX.

Total Number of Returns to the Government 231,243.

Figures showing the number of returns, assessments and penalties on account of the tax of one per cent on the net income of corporations under the new tariff act have been made public by R. E. Cabell, commissioner of internal revenue at Washington, D. C. They show the total number of returns as 231,243, total assessments \$25,709,045, and penalties for failure to furnish returns by March 1, \$101,570.

Among the districts and their showings are: Alabama, 3,185 returns; assessments, \$144,666. Arkansas, 1,814 returns; assessments, \$58,020. Florida, 585 returns; assessments, \$61,332. Georgia, 2,376 returns; assessments, \$154,276. Louisiana, 2,199 returns; assessments, \$162,921. Fourth North Carolina, 1,289 returns; assessments, \$36,506. Fifth North Carolina, 1,653 returns; assessments, \$30,625. South Carolina, 2,366 returns; assessments, \$82,334. Tennessee, 2,843 returns; assessments, \$154,034. Third Texas, 2,734 returns; assessments, \$214,786. Fourth Texas, 2,673 returns; assessments, \$179,015.

The figures given are approximate and subject to slight revision.

WANTS VANDERBILT.

Dallas, Texas, Would Like to Have University Located There.

Dallas, Texas, wants Vanderbilt university brought to that city from its present location at Nashville, Tenn., and so anxious is the Texas city to have this famous institution established there that offers of fabulous sums and many acres of ground will be made to the board of trust, as an inducement when the affairs of the university come up for discussion before the conference.

The board of trade of Dallas is interesting itself in the movement of the school and has offered \$400,000 cash and as much as will be necessary, together with a choice site for the school's location.

French Idea of Heaven.

"As the Dutch make cleanliness a religion," said the globe trotter, "so the French make a religion of cooking. I once met a Frenchman who said, 'My idea of heaven is eating pate de foie gras to the sound of trumpets.'"—Philadelphia Ledger.

HEINZE ACQUITTED.

After Long Legal Battle Financier Is Cleared of Charges.

Augustus Heinze has been acquitted in New York of misapplying the funds of the Mercantile National bank while he was president of the institution in 1907, and he was cleared of the charge of overcertifying the checks.

F. AUGUSTUS HEINZE.

of his brother's firm, Otto Heinze & Co. A jury in the criminal branch of the United States circuit court, after a trial lasting nearly three weeks, found him not guilty, and he was discharged.

Thus failed ingloriously the federal government's attempt to hold Heinze responsible for financing during the panic of three years ago alleged to be in violation of the national banking laws. Charles W. Morse got fifteen years for "bank wrecking," but Heinze's transactions were held legal, notwithstanding the prosecution's vigorous attempt to prove him a gambler with millions not his own.

BAPTISTS AT BALTIMORE.

Over Two Thousand Delegates Attend Big Convention.

More than 2,500 delegates are at Baltimore to attend the Southern Baptist Convention. Joshua Levering, of Baltimore, is president of the convention, and it was authoritatively stated that he will be re-elected to that office.

Having no legislative authority, the convention will simply approve or disapprove questions, but it probably will take a stand on the liquor and other important issues.

It will be asked to approve requests for about \$1,350,000 for various works of the denomination. St. Joseph, Mo., Fort Worth and other Texas cities and Jacksonville, Fla., are in the contest for securing the next convention.

SPORTING AFFAIRS

Because he talked "too much baseball" Arthur Laycayette, a wealthy Cuban, who resided in this city, has been committed to Bellevue hospital for examination as to his sanity, says an exchange. The committal was made at the request of his daughter, who became alarmed over her father's condition after he remarked in the lobby of an up-town hotel that he was confident he could "beat any ball player in the National league."

Racing will not be reestablished in Louisiana at this session of the legislature. Governor Sanders announced that he would veto any measure repealing the Locke law. This makes the case of the race promoters practically hopeless.

Pat Moran, the veteran catcher of the Chicago Nationals, who did most of the work for the locals behind the bat, has been sold to the Philadelphia Nationals. The price was not made public.

Paul Dietz, former Tri-state League player, who played two years ago with Macon, in the South Atlantic League, has been signed to play third base for Montgomery.

The Mobile baseball club has released Third Baseman Howard Darringer, formerly of the Dubuque, Iowa, club, and he has left for his former home.
