W. M. ROGERS,  
R. T. TEAGUE,  
C. H. TROWBRIDGE } Com.  
J. R. OWEN,  
M. W. GALLOWAY,

### Saved from Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C., R. F. D. No. 8. "My sister had consumption," he writes. "She was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage, all bronchial troubles, it has no equal. 50c, \$1.00. Trial bottle free. Guaranteed by Allison & Macfie. \*

### BEST FOR CONSTIPATION.

We want you to try Rexall Orderlies at our risk. We know there is nothing that will do you so much good. We will refund your money without argument if they fail to satisfactorily relieve constipation. They are eaten like candy. They do not gripe or purge. Ideal for children. Two sizes, 10c. and 25c.

## SUPERINTENDENT'S MEETING.

The Western Division of the Association of County Superintendents has a joint session with the High School Principals at Asheville today (Friday) and tomorrow.

A Conference on Supervision will be conducted by Prof. L. C. Brogden. During this conference will be discussed the questions of how to eliminate tardies, plans for increasing the school attendance, the proper graduation and classification of the children in the schools, the graduation of the pupils from the Elementary Schools, etc.

A conference on teacher-training will be conducted on Saturday by Prof. J. A. Bivins. Important questions relative to the county superintendents and their work in the county associations will be discussed.

Dr. J. Y. Joyner will be present on both days, and on Saturday morning will deliver an educational address.

## WESTERN N. C. DEVELOPMENT.

The Southern Railway Company, through its Land and Industrial Department, is taking steps to inaugurate a line of work recently outlined by President Finley in which Western North Carolina is especially interested.

Mr. M. A. Hays, who has had long experience in development work of all kinds as a representative of the Southern Railway Land and Industrial Department in the New England, Eastern, Central, Western and Northwestern States, is to give special attention for the present to Western North Carolina. He is well equipped for this work by knowledge of the resources and opportunities of that region. He is making a special study of those resources and opportunities and is to concentrate his work on a campaign for more people and more industries for Western North Carolina.

Mr. Hays has opened an office of the Land and Industrial Department in Harrisburg, Pennsylvania, a convenient location for reaching a large extent of territory in which there are many people likely to become interested in the mountain and piedmont sections of the South.

In addition to the work which Mr. Hays will give his special attention to, a trained horticultural agent will be placed in Western North Carolina, with headquarters at Asheville, for educational and intensive demonstration work among the farmers and fruit growers already there and those who may settle in the region. This agent will co-operate with the state Agricultural Department, the United States Department of Agriculture, and all other agencies engaged in advancing the farming interests of the section.

## DEATH OF AUNT JENNIE SHARP.

On Tuesday, Dec. 27th, another one of the old time colored women passed away. Jennie Sharp, familiarly known among the white people as "Aunt Jennie," died at her home on the mountain ridge north of town, where she had lived for several years.

Aunt Jennie belonged to the best type of the old time darkey, the type which is having, unfortunately, as the years go by, fewer and fewer representatives. She was a favorite among the whites because of her faithfulness and kindness and good sense. She came to this country after the war from Laurens county, S. C., and here raised a family of children, in her latter years living on the mountain with two of her unmarried sons.

### Ends Winter's Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of burns, boils, piles, cuts, sores, eczema and sprains. Only 25c at Allison & Macfies.

The Presbyterian Sunday school had its usual celebration of Christmas Tuesday afternoon. A beautiful holly Christmas tree stood on the platform, decorated with silvery tinsel and stars, on which were shed the light of many little candles. After a few songs and recitations by the school children Santa Claus distributed the presents, which made many a little heart happy.

## DEATH OF MRS. BRACKEN

Mrs. James Bracken, of the Gladly Branch neighborhood, died early in the morning of Monday, Dec., 26th. She had been an invalid for many years. The interment took place at the old burying ground of Cathcays Creek Church on Tuesday.

Mrs. Bracken, whose maiden name was Clarence Jane Batson, was born Dec. 27 1843. Had she lived one more day she would have been exactly sixty-seven years old. She was the daughter of Asby Batson, and a sister of Barney Batson, a well known citizen of Cherryfield. She leaves of living children four sons and three daughters.

Like many women, who by reason of physical weakness are debarred from leading an active life, she was noted for her goodness and kindness of heart. The News extends its sympathy to the bereaved relatives.

## DEATH OF ROBERT MOORE.

On Friday, Dec. 23rd, Robert Moore, son of V. C. Moore, died after a few days illness from pneumonia. It was a sad Christmas day for Mr. Moore's family when this beloved son was laid to rest in the Glazener burying ground.

Rob was only fifteen years of age, a bright boy, full of life and energy and a good pupil at school. But the fatal disease which cut him down so early has no respect for youth and promise. He will be sorely missed by parents, brothers and sisters, and companions at the Round Top school.

## PROF. ROGERS RESIGNS.

The news records with regret, shared by a large number of people in this community, the decision of Prof. Rogers to discontinue his work here as principal of the public school. Prof. Rogers has done good work here, unquestionably, and work much needed to be done. He never relaxed in his purpose to train thoroughly in good habits and system. It is no small matter to supervise and control a large body of school children from six to twenty-one, and its successful accomplishment requires both executive and administrative talents.

Prof. Rogers left here on Wednesday for Quitman, Ga., where he will begin duty as superintendent of the public school.

## HEAVY VERDICT.

Pennsylvania Roads and Steel Co. Convicted on Rebating Charge.

The United States district court at Philadelphia has refused to grant a new trial to the Philadelphia and Reading railway, the Lehigh Valley railroad and the Bethlehem Steel Company, recently convicted on charges of rebating.

There are a large number of counts in the indictments against the three companies, and if the maximum penalty were imposed against each defendant, the Bethlehem Steel Company would have to pay a fine of \$3,200,000, the Lehigh Valley railroad \$2,500,000 and the Reading railway \$1,740,000.

The jury, in rendering its verdict of guilty, however, recommended the companies to the mercy of the court.

## CLIMAX TO DARING ROBBERY.

Lone Man Loots Bank, Then Takes His Life When Cornered.

Ira Ward, 30 years of age, who, it is said, this morning robbed the State Bank of Paradise, at Paradise, Kan., securing \$2,500, killed himself when surrounded by a posse of farmers 14 miles north of that place.

Ward's suicide came as a climax to a most sensational robbery. He had made a hard ride for liberty, but as the farmers over the entire section had been notified by telephone the posse easily picked up his trail.

For five hours he eluded the farmers, but about sundown he was surrounded.

# Annual Statement

## Paid County Commissioners

The following amounts have been paid to the members of the Board of County Commissioners during the official year of 1910, viz.:

W M Henry 23 days regular service at \$2.00	\$46.00
